

The Mightiest Little Peasant Chapter 1600

“What? The Dragon King Mountain is empty?”

“The treasure light was his doing?”

There was a commotion in the crowd.

Everyone was in disbelief.

“Hmph! This little thief is definitely lying and trying to disturb our minds!” An old man shouted.

“Yes, yes! That’s definitely the case, this little thief has always been cunning and full of tricks!”

Everyone came to a realization.

This little thief now had many treasures and tribulation weapons, many of which were at the 5th or 6th tribulation. He even had an 8th tribulation weapon.

It was because of these treasures that no one dared to act rashly. Once they started snatching, it would definitely be a chaotic battle, and many people would lose their lives.

On top of all these treasures, if the treasures from the Dragon King Mountain were added, it would be even more incredible. The entire planet South parting would go crazy over it.

“Is that so?”

Tang Hao smirked. He raised his hand, and a golden light flashed. A gun appeared in his palm.

“What do you think this is?”

As he spoke, the spear shook slightly, and a Dragon’s Roar was heard.

Everyone held their breath and widened their eyes.

Oh my God!

They were so excited that their bodies trembled, and their eyes were filled with madness.

“That ... That’s the treasure of a true dragon!”

“Heavens! It was really the treasure of the Dragon King Mountain! Can’t be wrong!”

Dragon King Mountain was called Dragon King Mountain because it had an ancient Almighty who called himself Dragon King. The reason why he gave himself such a name was because he had the treasure of the real Dragon, which must be this spear.

They didn’t know what the Dragon king’s treasure was, so they thought it was.

“F * ck! It can’t be!”

Liu heihu was also dumbfounded.

He couldn’t believe that this bastard also had a true dragon Treasure!

How was this possible?

The treasure of a true dragon was extremely rare. He had also worked hard and risked his life to dig out this Dragon King Mountain to get one. Where did this guy get it from?

All these years, what kind of fortuitous encounter did this bastard have?

Rapid breathing could be heard from all directions. Everyone was going crazy.

Some of the major forces who were originally hiding in the crowd could not hold it in any longer and rushed out one after another.

“Son of a B * tch, hand over the true dragon Treasure!”

“No one move. This gun and this man belong to my constellation mountain. Whoever dares to make a move will be the enemy of my constellation mountain!”

“Hmph! This clearly belongs to my Eastern Shi mountain!”

“Don’t quarrel, all of you. This belongs to my sky poison mountain.”

Among these forces, there were the three super forces of Nanli, also known as the three grotto-heavens.

This time, for the treasure of the true dragon, they had all sent their strongest men. Each force had nearly ten perfected heaven monarchs, and there were even more in the late-stage.

They didn’t want to stand out and wait until the day Tian ‘er died to take the treasure. But they never thought that the treasure of Dragon King Mountain was with this little thief. Now they couldn’t help it.

If he didn’t make a move now, he might not have the chance to get it later.

“You want me to hand over the treasure? Hmph! Don’t even think about it, come and get it yourself if you have the guts! You’re all useless!” Tang Hao was still as arrogant as ever.

“Hahaha! This guy is crazy!”

Liu heihu laughed in his heart.

Although he didn’t understand why this fellow would do this, it was no different from committing suicide, and he was happy to see it.

“Hmph! You little thief, you’re already at death’s door, yet you still dare to be so arrogant!”

“That little thief, I’ll exterminate you on behalf of the heavenly path today!”

The group of people shouted angrily and looked at each other. Then, they all attacked.

In an instant, countless beams of immortal light shot into the sky. Spiritual light and hand seals rose from all directions and surged toward the figure in the center.

Whoosh! Whoosh! Whoosh!

Countless figures leaped out and pounced toward the center, ready to snatch the treasure of the true dragon.

“Eh? Why didn’t he Dodge?”

Someone in the crowd shouted in confusion.

Facing the attacks coming from all directions, the figure didn’t Dodge at all and let the attacks hit him.

“He’s an idiot!” Liu heihu was also confused.

Those who were attacking now were all late-stage and perfected heaven monarchs. With so many of them attacking together, no matter how powerful this bastard was, he would definitely be blasted into pieces.

Boom! Boom! Boom!

Under everyone’s stunned and shocked gazes, all the attacks hit.

The bright light illuminated the entire world.

“I won just like that?”

Everyone was in a daze.

This was too F * cking simple! It was so simple that it was a little fake!

But then, they couldn’t care so much anymore. One by one, they rushed in madly, wanting to snatch the treasure.

However, when they rushed over to take a look, they were all dumbfounded. That guy was standing there, completely fine.

“This ... How is this possible?”

The heaven monarchs who were charging over were in disbelief.

When the light dissipated and everyone saw this scene, they all cried out in surprise, their faces filled with disbelief.

Liu heihu was also stunned. He couldn't believe his eyes.

Tang Hao stood there, flicked his sleeves, and smiled.

This smile was indescribably relaxed and at ease.

"You ... All saw it! They were the ones who made the first move, so you can't blame me!" Tang Hao shouted as he looked around.

Everyone was stunned again, thinking that this guy must be stupid. It didn't make a difference whether they made the first move or not.

"Hmph! Little thief, we made the first move, so what? A devil like you should be killed by everyone!"

"Don't talk nonsense. Kill him and take the treasure!"

The group of heaven monarchs shouted a few times and attacked again.

"It's good that you all admit it!"

Tang Hao grinned brightly. The next moment, he lifted his foot and took a step forward. When his foot landed, an extremely dazzling immortal radiance burst out of his body and turned into a pillar of light that shot up into the sky.

At the same time, a terrifying aura spread out madly with him as the center.

???

Screams rang out as the late-stage and perfected heaven monarchs were sent flying by this aura like straws.

At this moment, their minds were blank.

Their faces were all twisted.

This aura continued to spread out, and row after row of people fell down and were sent flying. The mountains in the surroundings exploded from this terrifying aura.

Puff! Puff! Puff! Puff!

The sound of blood spurting out was endless.

Almost everyone was sent flying, their faces blank.

When this aura dissipated, everyone crawled up from the ground, trembling. When they looked at the scene, their legs went soft and they knelt on the ground with a plop, their faces deathly pale.

Liu heihu was also sent flying, spitting out blood.

“This ... How is this possible?”

He lay on the ground, his face blank.

When he got up and looked around, he was even more shocked when he saw the ruins.

At the same time, a terrifying thought appeared in his mind.

“No... No way!”

He trembled, and even his voice was trembling.

This thought was too shocking. He did not dare to believe it at all.

He shivered and stiffly turned around to look in that direction.

After he saw it clearly, his body trembled as if he had been struck by lightning.

The next moment, with a plop, he fell limply to the ground. His lips trembled, and he cried out in a mournful tone, “Sainth...Saint realm!”
