

The Mightiest Little Peasant Chapter 1603

“Not good!”

In the crowd, Liu heihu was so scared that he jumped up and wanted to run.

Tang Hao’s figure flashed and appeared in front of him.””Brother Liu, why are you running? we haven’t seen each other for so many years. Why don’t we have a good chat?”

Liu heihu’s body froze. He laughed in a daze, but it was uglier than crying.

“Long time no see, brother Tang! It’s a misunderstanding, a misunderstanding!”

“Misunderstanding?”

“So, you’re saying that pretending to be me and using my name to do whatever you want is all a misunderstanding?” Tang Hao chuckled.

“That’s right! It’s a misunderstanding!”

Liu heihu chuckled.

“He’s the one who’s that brat?”

“So he was hiding here. This is too despicable.”

Everyone glared at him and gritted their teeth.

Liu heihu looked around and panicked.

“Um ... Brother Tang, we’re from the same place, so we’re from the same hometown! In this vast starry sky, to be able to meet a fellow Countryman, this is fate, aren’t you touched!”

Tang Hao did not say anything. He just smiled at him.

Liu heihu’s face fell. He knew that he was going to lose again.

He couldn’t even remember how many times he had fallen into this bastard’s hands.

“Brother ... Brother Tang, can you leave me some this time? just a little ...” Liu heihu begged with a sobbing tone.

Tang Hao shook his head, then reached out to rub his hands.

Liu heihu wanted to cry. All these years, he had been robbing and digging for treasures. He had risked his life to save up all these treasures, but now, all of them were going to leave him. This bastard was going to get all the treasures.

He unwillingly took off the ring and hesitated for a long time before throwing it over.

Tang Hao took it and quickly looked through it.

“You’re not bad! You’re quite rich. Oh right, where’s that true dragon Treasure?”

“Where did this true dragon Treasure come from? there’s no such thing!”

Liu heihu’s eyes flickered and he stammered.

“Hmph!”

Tang Hao snorted and opened the ancestor of technique’s divine eye between his brows. He glanced at him and smiled. “I saw it all. It’s in your body. Take it out!”

Liu heihu was shocked. “F * ck, how did he see through this?”

He struggled for a long time before finally taking out the true dragon Treasure. It was a seal with a Golden Dragon carved on it. It glowed with a dazzling golden light and exuded the Qi of a true dragon, just like the celestial Spear of heaven reverse.

“Good treasure!”

Tang Hao sighed. He reached out and took the seal.

Gulu!

Everyone swallowed their saliva as they looked at it. This was a true dragon Treasure, an eight tribulation weapon. It was practically the world’s most top-notch treasure.

The three old ancestors were also extremely envious, but they didn’t dare to make a move. This senior was too powerful, and he had a true dragon Spear in his hand. Even if the three of them attacked together, they might not be able to take him down.

Liu heihu’s heart was bleeding. All his treasures were gone.

“Brother Liu, you’re such a good person!”

Tang Hao kept the seal and smiled at Liu heihu.

Liu heihu was quite unlucky. He used to run into him a lot in Qiyuan, and now, in the starry sky, he ran into him again. To be honest, Tang Hao felt sorry for him.

Good, your sister!

At this moment, Liu heihu’s heart was filled with countless thoughts.

With a dark face, he turned around and left.

“Brother Liu, have a safe trip. See you next time!”

Liu heihu staggered and almost fell.

Goodbye? Bah! Who wants to see a pervert like you? it’s best to never see you again.

As he walked, he started to run.

“Liu, stop!”

“Little thief, hand over your life!”

People from all directions shouted and rushed towards him like a tide. Each and every one of them was full of killing intent.

“Mother of God!”

Liu heihu screamed and ran even faster.

A huge chase began again.

“Tang kid, you bastard! I’ll remember this!”

Liu heihu’s angry roar could be heard from afar.

Tang Hao smiled when he heard that.

“Senior, where are you from?”

“Senior, you came from the same place as that little thief?”

The three great ancestors did not chase after him. Instead, they moved closer to Tang Hao.

“Donglin!”

Tang Hao glanced at them and replied coldly.

“Donglin?”

The three of them were startled. When did Donglin have such a person? They had dealt with most of the Saints there, but they had never heard of this person!

Seeing that this senior didn’t seem to want to say more, they tactfully didn’t ask any further.

Not long after, the elders returned with a small box each. Tang Hao opened the box and nodded in satisfaction.

“Not bad! That’s all then, I’m leaving!”

Tang Hao flicked his sleeve and left.

He didn’t leave planet South parting immediately. Instead, he wandered around the planet for seven or eight days. Although he didn’t find the rest of the materials, he did find a lot of good stuff.

He had also heard about Liu heihu from time to time. He was being hunted down and was in a sorry state, but he had never been caught.

Tang Hao didn’t want Liu heihu to be caught. Liu heihu was a Lucky Star to him. He always brought him some gains. He had the star plucking painting before, and this time, he even gave him a true dragon Treasure.

After walking around, Tang Hao left and headed straight for the central great astral world.

A few days later, he entered the central astral world.

Among the five great astral realms, the central astral realm was the largest and most vast. This was the place where Tang Hao had transcended into a mortal. However, he had been in a hurry back then. After choosing planet Qing Ping, he was in a hurry to do so and did not know much about the situation here.

This time, he didn’t have any urgent matters to attend to, so he slowly turned around and looked for the remaining six materials.

The further he went, the more he experienced the vastness of this starry sky.

He was already in the Saint realm, so his speed was extremely fast. However, it would still take him many years to travel through all the stars in the starry sky.

“Where ... Is Xing Tong?”

Tang Hao thought of star pupil and became worried.

However, the starry sky was vast, and it was too difficult to find a person.

He streaked across the stars and headed straight for the central star region. There, he saw the largest star in the starry sky, the central sacred planet!

The size of this planet was almost two to three times that of the other four sacred planets. The cultivation world on it was more prosperous, and there were more Saints.

Most of the organizations in the starry sky had their headquarters on this central sacred planet. The star Hall, elixir Hall, weapon Hall, and various super Chambers of Commerce were all on this sacred planet.

If there was a place to find the good fortune fruit, it had to be the central sacred planet.

“The pill Palace ... Right, let’s go there first and ask around for information on the nature fruit.”

Tang Hao landed on the sacred Star City and inquired about the situation in the pill Palace.
