

The Mightiest Little Peasant Chapter 1617

“Who ... Who are you?”

Marquis Wutian blurted.

He was a little stunned. He had never seen this guy before. He wasn't one of the nine Cauldrons, nor was he a young genius like him.

The other people in the square also looked at this person in a daze.

No one recognized this guy!

“Could it be that you're that Tang guy?”

Suddenly, Marquis Wutian's expression changed drastically as if he had thought of something.

“Surnamed Tang? No, no, no, my surname is Li, I'm Li Daniu!” Li Daniu quickly shook his head.

“Li Daniu?” Marquis Wutian was taken aback.

Everyone was also stunned. Who the hell was li Daniu?

Previously, there was a Tang Dali, and now there was a li Daniu. What was going on with this gathering?

The elixir Palace elder looked at li Daniu, then at Marquis Wutian, and frowned.

“That ... Li Daniu, right? You've collected all of them?”

He then looked at li Daniu with a suspicious look.

This stage was quite difficult. How could this unknown li Daniu be the first to collect all of them? he couldn't have just randomly picked some pills, right?

Everyone also thought of this possibility and heaved a sigh of relief.

“Everyone's here! It's really all here. If you don't believe me, you can take a look!”

Li Daniu said. As he spoke, he passed the bag over.

“Hmph! Just you?”

Marquis Wutian sneered. He didn't believe it either. This guy could really collect all the elixirs, and none of them were bad. This guy would definitely be eliminated, and the first place would still be his.

The elder naturally didn't believe it either, but he still took the bag. After all, according to the rules, he still had to check it.

“Take out your scroll!”

He asked for more scrolls and compared the two before counting them.

“One fire demon pill, Oh right!”

“A Jade blood pill, that’s right!”

“Blood fusion pill ...”

“Thunderclap pill ...”

He counted them one by one. At first, his expression was quite calm, but after he counted about a few hundred pills, he couldn’t stay calm anymore. Among these few hundred pills, there were many that were easy to mix up, but this guy chose the right ones.

After a thousand more, there was still no mistake. He was a little shocked.

Marquis Wutian and the rest of the people were in the same state.

“How is it not wrong?”

“It can’t be that he’s really right about everything!”

From time to time, there would be exclamations.

Everyone was in disbelief.

“Yes, all correct ...”

When he finished ordering the last pill, the elder stood there in a daze. Everyone else also felt as if they had been struck by lightning. They were all stunned.

This unknown li Daniu was actually the first to complete the task and surpassed master immortal Wu Tian!

The first round was an upset, and a Dark Horse had emerged. The second round was also the same!

“This ... This is impossible! That’s impossible!”

Marquis Wutian mumbled to himself in a daze. His face suddenly darkened and became twisted and ferocious.

The first place should have been his. How did it fall to this unknown person?

He rushed over and took the pills, trying to find the problem. However, he checked them one by one, and there was no mistake.

This li Daniu guy had really surpassed him!

“How could it be like this!”

He clenched his fists, his face ashen.

He didn't know what was going on. In the past, no matter what he did, he would always get first place. But now, he had suffered two setbacks in a row.

Moreover, he had previously announced in front of everyone that the first place would be his, but now it was gone. Where was he supposed to put his face?

His face turned green and white, changing constantly, becoming uglier and uglier.

“Congratulations! Congratulations!”

The elder came back to his senses and cupped his hands towards li Daniu. However, he was extremely depressed in his heart. He didn't know what was going on with this year's gathering of alchemy. It was a complete upset.

“Alchemist li, amazing! Amazing!”

When the crowd came back to their senses, many of them came over to congratulate him.

To be able to take first place in the second round, this Alchemist li must have something extraordinary about him.

After a while, people came out one after another. They were all old tycoons and young alchemy geniuses. After they heard who the first place was, they were all dumbfounded.

“Tang Dali, li Daniu, what's going on?”

They were even more depressed.

It was only the first day, so there were fewer people who came out. However, on the third day, the number of people suddenly increased, and they kept pouring out. However, not many of them could pass smoothly. Many of them were eliminated because they made one or two wrong pills.

Soon, the three-day time limit was up.

At this time, those who had some confidence had come out early. Those who stayed knew that they had no hope of passing the test. When the bell rang, everyone rushed out, all of them dejected.

“Any more? It's almost time. The exit will close if you don't come out in 15 minutes!”

The elder shouted towards the pill sea realm.

“Hey, hey! It’s here! They’re here!”

After shouting for a while, another person came out. It was a handsome young man in a white robe.

The elder glanced at him and reached out his hand.””Hurry up! Bring it over!”

“Oh!”

The young man smiled and handed over the bag of scrolls.

The elder glanced at them and was prepared to throw them away. For such people, he could basically find problems with them with a glance and eliminate them immediately.

No one looked in his direction. In the eyes of the crowd, this guy was definitely the same as the people before him, a group of people waiting for elimination.

But then, the elder was stunned. There was no problem.

“Strange!”

He glanced at Tang Hao, then continued to examine the pills. As he examined the pills one by one, he became more and more shocked. He was not wrong at all. He was still in a daze when he finished the last pill.

“You ... What’s your name?”

He asked.

“Oh! Tang Dali!”

Tang Hao said with a smile.

“Tang Dali, you pass!” The elder immediately shouted.

As soon as he finished speaking, the entire square fell silent.

The next moment, all eyes turned to Tang Hao.

Tang Dali!

It was this name that attracted all of them.

Could this be the person who had created a new record on the vegetation ranking?

They glared at Tang Hao.

The elder realized that something was amiss after he finished shouting. He was stunned for a moment, then turned around and stared at Tang Hao with bright eyes.

Marquis Wutian suddenly looked up and glared at Tang Hao. He looked as if he was going to swallow Tang Hao whole.

“You’re Tang Dali?”

Marquis Wutian let out a furious roar, and his body was filled with killing intent.

“Wait, that’s not right! He’s not that Tang Dali. I recognize him. He’s that prodigal! Haven’t you heard of it? The good-for-nothing who spent a lot of money to buy a spot!”

At this time, someone shouted.

“Prodigal? No way! It’s him?”

“So it’s him! Then, it can’t be that Tang Dali!”

Many people remembered it and heaved a sigh of relief, revealing a mocking expression.
