

## The Mightiest Little Peasant Chapter 1633

Bang!

The young master of the Tai-Shu family exploded into a cloud of blood mist.

The people of the Tai-Shu family were stunned at first, and then they started to shiver madly, more and more frightened.

“Just now, you were cursing very energetically!”

Tang Hao flicked his sleeve and blew away the blood mist. He strolled toward the next person and said coldly,”

“Wuwu ...”

The man trembled violently and shook his head frantically.

“Hmph!” Tang Hao grunted coldly. He slapped his palm on the man’s forehead.

The head exploded like a watermelon, and blood splattered everywhere.

The rest of the people were scared out of their wits when they saw this.

He was not only a Saint, but also a god of death!

“Oh my God!”

The flame immortal was completely dumbfounded. He couldn’t believe his eyes. Killing a heaven monarch realm expert with a raise of his hand? was this really the Qin Emperor?

He was a little dazed. Back then, their cultivation levels were about the same. When they were at the undying mountain, they were both half a step into Dao severance. But after a mere twenty years, how could there be such a huge difference?

A perfected heavenly Lord?

No! He would probably be even more powerful! Could he be the legendary Saint?

This thought flashed through his mind, causing him to be stunned for a long time. He was extremely shocked.

Subconsciously, he forced a smile and felt a little dejected.

He had only reached early-stage immortal realm after more than 20 years, but this person had already become a saint. This person was far younger than him.

But very quickly, he became excited. No matter what, this person was Qiyuan's and came from the same place as him. The more powerful this person was, the happier he should be and the prouder he should be.

"Hahaha! I, Qiyuan, actually had a Saint! That's great!"

He laughed in joy, feeling elated.

Tang Hao continued to pace back and forth, killing the Tai-Shu family members one by one. When there were only a few left, he turned around and looked at Yan Xian. "Brother tai-Shu, I'll leave these to you!"

The flame immortal was startled. He cupped his fists and said to Tang Hao, "Many thanks!"

He walked forward, his face revealing a deep hatred.

"In the past, you all insulted me in every way possible and looked down on my background. Did you ever think that today would come? I'll take revenge for all the hatred I've had in the past!"

He reached out and grabbed their necks, crushing them to death one by one and burning them to ashes with the Dao fire.

After killing the last man, he stood there for a long time.

When he came back to his senses, he turned to Tang Hao and thanked him.

"No need!" Tang Hao shook his head. "You and I are both from Qiyuan. This is what I should do."

"Tang ..." He said.

The flame immortal laughed bitterly. As soon as he opened his mouth, he was about to call out fellow Daoist Tang, but when the words reached his mouth, he felt that it was a little inappropriate. This person was different from before. In the past, the two of them were both half-step to Dao severance, so they were of the same generation.

But now, this person was already a Saint with a respected status. How could he casually call him fellow Daoist?

He bowed slightly, and his expression became more reserved.

"You don't have to be like this. We're old acquaintances, so it's fine to call you fellow Daoist. You can also call me King Qin like before!" Tang Hao waved his hand and smiled.

Flame immortal was startled, but he still said cautiously, "Then let's call him Qin Wang!"

Tang Hao nodded.

“Back then, you and I were about the same level of cultivation,” Yan Xian said bitterly. “Who would have thought that after twenty years, our levels would be as different as heaven and earth!” As expected of the King of Qin!”

As he said this, he sighed with emotion.

Back in Qiyuan, this person was already unparalleled in his monstrous talent. He did not expect that after coming to the starry sky, he was still the same, and he seemed to be even more monstrous.

“As for me, I’m not doing well. I’ve made a fool of myself in front of the King of Qin!” Yan Xian said bitterly.

“Why did you join the Tai-Shu family?” Tang Hao furrowed his brows. Why didn’t you leave when they treated you like this?”

“This ... It’s a long story!” Yan Xian said, “back then, when I came out of Qiyuan, I went to many places, but my life wasn’t very good either. There was one time when I happened to run into someone from the Tai-Shu family.”

“That person was very enthusiastic and deceived me. He brought me into the Tai-Shu family. I thought that since we were all tai-Shu and we were all from the same family, there would be no difference.”

“But by the time I realized it, it was already too late. They took away my soul and spirit, leaving me no choice but to sell my life for the Tai-Shu family. The reason I didn’t leave was because I had no choice!”

Tang Hao came to a sudden realization.

“No wonder!” He muttered.

“Having my soul and spirit taken away, my life is now in the hands of the Tai-Shu family! I was really stupid back then to believe them!” The flame immortal said in grief and indignation.

“If that’s the case,” Tang Hao said with a smile, “I’ll help you to the end. I’ll help you retrieve your soul and return your freedom!”

The flame immortal was stunned. “How ... How can I do that? I’ve already troubled you today. I don’t want this soul and soul!” Furthermore, the Tai-Shu family is very powerful and has a Saint. Furthermore, the Tai-Shu family has the great Qin divine dynasty behind them!”

“It’s fine!” Tang Hao smiled. A mere tai-Shu family is nothing in my eyes. ”

“This tai-Shu family has gone too far. They bullied my people. I have to settle this score with them no matter what. Also, they wanted to kill me just now. They offended a Saint. I have to settle this score with them.”

“Thank you, Qin Wang!”

The flame immortal trembled with excitement. He knelt down and kowtowed to Tang Hao.

“Al! There’s no need to do this!”

Tang Hao said.

“I can’t repay the Qin Emperor’s kindness, so I can only do this!” Yan Xian said, choking with sobs.

When he stood up, he was even more excited. “Qin Wang, you don’t know. People like us who came from remote places have been subjected to all kinds of supercilious looks and bullying after coming to the starry sky. Now, our Qiyuan finally has a Saint, haha! I can finally hold my head high. ”

Tang Hao felt emotional when he heard that.

“Qin Wang, now that those people are dead, the people of the Tai-Shu family must know. Why don’t we take a rest and prepare before going to the Tai-Shu family?” The flame immortal said.

“What’s there to prepare? we can just go directly to your door later! Oh! That’s right, I’ll take this Divine Tree!”

Tang Hao took out the seal of the Dragon Emperor and smashed it into the restriction. Then, he reached out his hand and used the moon scooping skill to collect the divine Tree and put it into his bag.

“What ... What kind of treasure is this?”

The flame celestial stood to the side and was dumbfounded.

The aura of that treasure seal was terrifyingly strong. He had never seen a treasure of this level.

“The treasure of a true dragon! The eighth tribulation!”

Tang Hao said indifferently.

“Hiss! Hiss! Hiss!” Flame immortal gasped in shock.

An 8th tribulation and a true dragon’s treasure, this was practically the world’s most top-notch treasure!

Tang Hao was very satisfied after receiving the divine wood. Once he got the divine wood of creation, he would have the elixir recipe. It would only be a matter of time before he could refine the divine elixir of creation.

“Let’s go!”

Tang Hao maneuvered the warship and sailed away.

“By the way, Qin Wang, when I met you just now, you seemed to be being hunted down. Was that a Saint?” On the way, Yan Xian couldn’t help asking.

“Oh! That one!” Tang Hao’s face darkened. He remembered the beast and felt a little scared. “That’s an ancient star Devourer. Let’s go!” It won’t be good if it catches up. ”

“Star Devourer?”

Flame immortal was stunned for a moment, then came to a realization.

No wonder! When he met this person before, he was in such a sorry state. It turned out that this person was a terrifying creature like the star Devourer beast. The funny thing was that he thought that this person was the same as him, not doing well. It was really ridiculous!

“Let’s go, let’s go!”

Tang Hao activated the warship and flew out of the starry ruins as if he was escaping.
