

The Mightiest Little Peasant Chapter 1638

“Alchemist Tang, I’m really sorry!”

Great uncle Yuntian turned around and smiled apologetically. “I really didn’t know. Please forgive me if I’ve offended you!” Don’t worry, Alchemist Tang. I’ll make sure you’re satisfied. ”

“By the way, this must be your friend, Alchemist Tang!”

Then, he looked around and saw Yan Xian.

He was a little puzzled as he looked at this man. He was only an early immortal, not a powerful figure. How did he have a relationship with Alchemist Tang? and Alchemist Tang had even fought his way to the Tai-Shu family for him.

This friendship was definitely not shallow!

According to reason, this kind of situation shouldn’t happen because when they took in slave Immortals, they would only target those who came from remote and small places, the kind without any background.

However, how did the person in front of him have any relationship with such a distinguished figure like Alchemist Tang?

One was a mere Lord of heaven in the early stage of immortal transformation realm, while the other was a Saint with profound alchemy skills. One was heaven and the other was earth. They had no connection at all!

He wasn’t the only one who was puzzled. Everyone in the Tai-Shu family was even more confused. They racked their brains, but they still couldn’t figure out what the relationship between these two was!

“Alchemist Tang, this is your ...?”

Tai-Shu Yuntian said hesitantly.

“Fellow townsman, we’re from the same place!” Tang Hao said.

After hearing this, tai-Shu Yuntian was stunned and found it hard to believe.

This Alchemist Tang actually came from the same place as that guy? How was this possible?

That fellow should have come from a remote and small place, but this person was so powerful, how could he possibly come from that kind of place?

Even if it wasn’t the central sacred planet, it should at least be the other four sacred planets! How could it be such a small broken place?

The Tai-Shu clansmen below were in an uproar.

“From the same place? How could this be possible? Didn’t tai-Shu Li come from Qiyuan?! Then this person is also from Qiyuan?”

“A broken place like Qiyuan can actually produce such a world-shocking figure?”

They were all extremely shocked.

“Qiyuan?”

When tai-Shu Yuntian heard this, he was even more depressed.

He had more or less heard of the name Qiyuan. He was an old star, but according to what he knew, he had long been in ruins and was extremely backward. How could such a person have appeared?

“So, Alchemist Tang, you’re from Qiyuan!”

The Qin Emperor was also a bit surprised.

But very quickly, he felt relieved and said with a smile, “Although planet Qi Yuan has declined, it was once glorious, after all. Its Foundation is still there, and it’s no wonder that it produced such a peerless figure like Alchemist Tang. In the past, there were quite a few people who came out of Qiyuan and made a name for themselves here. A thousand years ago, there was a person called The Blood King, and he was especially powerful. ”

“Yuntian, this matter is your tai-Shu family’s fault. You should apologize properly and let this matter rest!” He then looked at tai-Shu Yuntian.

“Yes, Your Majesty!”

Tai-Shu Yuntian said respectfully.

He lowered his body and landed on the ground. At this time, the first elder had returned with a Pearl in his hand. A few other elders had also brought a few large boxes.

“Aiya! My tai-Shu family is in the wrong, so I apologize to you. Here, this is your soul. Take it. And these, take them all. Don’t be embarrassed. This is a little compensation from my tai-Shu family. ”

He took a step forward and grabbed the flame immortal’s hand. Then, he shoved the bead and all the treasures into the flame immortal’s hand. He was as enthusiastic as he could be.

The flame immortal was a little dumbfounded!

Looking at the person in front of him, he swallowed hard and was extremely nervous.

This was a Saint!

He was the divine Minister of great Qin, one of the few experts on the sacred planet!

There were also treasures that dazzled his eyes. There were so many medicinal pills and so many tribulation weapons. Every single one of them was a rare treasure in his eyes. However, they were now being stuffed into his arms in piles.

He felt like he was in a dream. It was so unreal.

“This tai-Shu Li is rich!”

Everyone in the Tai-Shu family looked on from the side, jealous and envious.

In the past, this guy was just a slave immortal, and they looked down on all of them. But now, he had found a Saint, and his status was rising rapidly. Even their family head had to be polite to him.

“Hey! Who told him to be so lucky to have such a powerful fellow townsman!”

“This is fate!”

They sighed and looked at the figure in the air.

Everything was because of this person!

“Is he the legendary Alchemist Tang? Number one in the starry sky!”

“It’s said that this person’s alchemy skills are extremely powerful. Even the elder of the alchemy Hall said that he has the strength to be called a Saint in the alchemy Dao!”

Everyone was discussing with a hint of respect in their eyes.

Tai-Shu Ji gritted his teeth. He was unwilling, but there was nothing he could do. Even the master of the family had yielded, so what could he do? such a peerless figure was not someone he could provoke.

“Alright! This matter ends here!”

Tang Hao heaved a sigh of relief when the flame immortal retrieved his soul.

“I’m sorry, Alchemist Tang!”

Tai-Shu Yuntian rushed over and cupped his fists repeatedly.

“Alchemist Tang, don’t be in such a hurry to leave. It’s rare for you to come to the great Qin Empire. Why don’t you come to my Palace and have a good chat?” The Qin Emperor said with a smile.

“Alright!” Tang Hao nodded.

He took the flame immortal and flew toward the Imperial Palace with the Qin Emperor.

“Al! We’re really unlucky!”

When they were far away, tai-Shu Yuntian looked at the mess below and couldn't help but sigh.

Then, he seemed to have thought of something and shouted, "You bunch of idiots, hurry up and go see if there are any slave Immortals from Qi Yuan. If there are, release them all and send them away."

"Also, all of you better remember this well. In the future, whoever sees Qiyuan, all of you better F*cking avoid him! Do you understand?"

"Yes! Master!"

The Tai-Shu clansmen responded.

Even if the family head did not say it, they also understood that from now on, they must not provoke Qiyuan's people. Once they were provoked, it would be a great disaster!

They quickly went to screen and informed everyone to remember this rule.

Meanwhile, Tang Hao arrived at the Imperial Palace and took a seat.

"Alchemist Tang, you're almost at perfection!" The Qin Emperor looked at Tang Hao and said with a smile.

"Soon!"

"The Qin Emperor is one step ahead of me!" Tang Hao said with a smile.

"Not much faster!" The Qin Emperor said. Then, he frowned and said, "even if it's perfect, so what? the next step is too difficult to take ..."

"There are nine levels of immortal tribulation, and each tribulation is extremely difficult and dangerous. The first tribulation is the easiest, but the next one involves the spirit. Once you make a mistake, you will be destroyed."

As he spoke, he laughed bitterly.

The immortal tribulation had nine levels, and each tribulation was different. The first tribulation was the most ordinary one, while the second tribulation was the divine soul tribulation, which targeted the divine soul.

Compared to the physical body, the spirit was too fragile. It was too difficult and dangerous to resist the trial lightning with the spirit. Thus, many saints were stuck at this step and didn't dare to take it.

However, once it collapsed, one's strength would increase by leaps and bounds, and one's divine soul would transform into a primordial spirit. It could fly in the sky and burrow underground, making it extremely powerful.

This tribulation was also known as the primordial soul transformation!
