

The Mightiest Little Peasant Chapter 1642

"It is!" Tang Hao said.

"The Emperor must have heard of the news and sent his Messenger here!" Chief Steward Xu laughed.

"What news?" Tang Hao furrowed his eyebrows.

"Saint, you don't know?" Chief Steward Xu was taken aback. "I thought the Emperor already knew about this ..."

"Hurry up and tell me!" Tang Hao shouted.

"Yes, yes!" That Chief Steward Xu hurriedly replied: "some time ago, I only managed to find out that the woman surnamed mu had once appeared on the White maple star. However, these few days, I have carefully investigated and found an even more shocking piece of news."

"This news is related to a rare divine item ..."

As he said this, general manager Xu's tone unconsciously lowered.

Tang Hao's expression changed slightly. He had a bad feeling about this.

"Mystic fairy tear!"

Chief Steward Xu said word by word, "I believe that the Holy envoy must have heard of this divine item! It's a legendary divine item, the tears of the nine heavenly maidens. It's said that it's the crystallization of the tears of the nine heavenly maidens. It has incredible power and can steal the creation of the heavens and earth to transform into a Supreme divine body. "

"You're saying ..." Tang Hao's expression changed.

"That's right. That woman surnamed mu previously obtained a drop of the Emyrean goddess tear on the White maple star. It's said that she swallowed it and condensed it into the Emyrean goddess bead."

Chief Steward Xu said, "and this Mystic fairy Pearl is also a rare item. It's even more powerful than divine medicine and is enough to make anyone go crazy. Now, many forces have already heard about this news and have begun to take action."

"During this period of time, many powers have come to this star field to search for her. They all want to find this woman and take the mystic fairy Pearl."

Tang Hao's expression darkened.

He had naturally heard of this Mystic fairy tear. This item was quite mysterious. The mystic Fairy Flower that was comparable to the creation divine fruit was said to be a wondrous flower that was born from this tear.

It was a great opportunity for the star pupil to obtain such a divine item, but at the same time, it was also a great danger.

It would be fine if no one knew about it, but now that many forces knew about it, the news would probably spread further. At that time, no one knew how many experts would swarm over for this item.

Even Saints couldn't resist the temptation of this item!

"How many people know about this?"

He asked in a deep voice.

"Well ... Not many at the moment. I estimate that there are only a dozen or so forces. They don't dare to make a big deal out of fear that the news will leak out and lead to a frenzied fight for it. However, Holy envoy, you should know that there are no walls that can not be kept secret. Sooner or later, the news will spread. When that time comes, I don't know how many people will go crazy for this Mystic fairy Pearl."

"I've sent out all my men and informers to track down the whereabouts of this woman. However, there's still no news. I guess she's in hiding."

Chief Steward Xu replied.

Tang Hao stood there with a dark expression. After a while, he said, "Notify the starry sky and tell all of great Qin's spies to do their best to investigate. If they find any clues, inform me immediately."

"Yes! Saint!"

Chief Steward Xu respectfully replied and handed over a communication jade talisman.

After leaving Star City, Tang Hao flew high into the sky. His divine soul left his body and turned into a nine-eyed God. He opened all Nine Eyes and shot out nine beams of light, sweeping across the planet below. Nothing on the planet could escape his eyes.

At the same time, he released his soul consciousness to search the world. Even the depths of the earth couldn't escape his detection.

At this moment, on this white maple planet, countless xiuzhe were trembling as they looked up at the sky in shock.

There, a Supreme might pressed down, pressing down on their hearts and minds, almost making it hard for them to breathe.

"This is the might of a Saint!"

"A Saint is searching this planet!"

Many xiuzhe cried out in shock.

“No, I didn’t! Still nothing!” After searching carefully several times, he found nothing.”It seems that she’s no longer on this planet!” But, where did she go?”

Tang Hao looked at the starry sky and furrowed his brows.

It had been two to three months since the incident. During this time, she could fly far away, and it would be more difficult to find her.

Suddenly, a spiritual light flashed on his body, and rays of light rushed out and transformed into his appearance.

“Go! Find her!”

“Fellow Daoist! Don’t worry!”

“Fellow Daoist, leave it to us!”

The clones cupped their fists and rushed into the sky.

After summoning all his clones, Tang Hao leaped into the sky and went to a nearby star to search.

The search went on for more than half a month. Tang Hao and his many avatars spread out to various parts of the starry sky. They searched every star carefully and asked for information everywhere, but they still could not find the star pupil.

There were also no clues from great Qin.

However, according to the news they had sent, the news of the mystic fairy Pearl had begun to spread, and more and more forces had joined in. Many forces on the central sacred planet were involved.

Tang Hao was a little anxious. The news had already spread to such an extent that it was not far from being completely exposed. He did not have much time left.

He couldn’t help but increase his speed. However, he was powerless. The starry sky was too big. With so many stars, he and his clones wouldn’t make it in time.

A few days later, the thing he was most worried about happened. The news was completely leaked, and it immediately caused a sensation.

Countless cultivators in the starry sky were going crazy because of this. More forces and cultivators swarmed in from all directions. Wherever he went, people were excitedly discussing this news.

“That’s the Empyrean goddess tear! It’s a legendary divine item that can create a Supreme divine body. Unfortunately, it can only be used by women and can’t be used by us men!”

“Hey! We can forget about the Supreme divine body, but we can still use the mystic fairy Pearl. That’s a treasure that’s even more powerful than divine medicine. If we can get our hands on it, we’ll be rich! Let’s go and look for it!”

The starry sky became unusually lively. Starships and heavenly Lords who had become Immortals were shuttling back and forth everywhere. One could even see beams of magnificent immortal light flying across like meteors.

In the sky above every star, there were countless lights shuttling back and forth.

Just like that, seven or eight days passed. Tang Hao was searching on one of the stars when the Jade talisman on his body suddenly lit up.

He picked it up and his expression changed.

“Eagle planet!”

Great Qin’s spies had sent back news that the star pupil had appeared on the soaring Eagle planet a day ago.

Tang Hao took out the star map and confirmed the position of the Eagle planet. Then, he rushed there at his fastest speed.

At this moment, the news had already spread.

“What? That woman has appeared?”

“Eagle planet! Let’s hurry up and get this Mystic fairy Pearl!”

In the starry sky, after receiving the news, groups of people hurriedly set off and rushed to Soaring Eagle planet.
