

The Mightiest Little Peasant Chapter 1646

Marquis Wutian stood on the dragon's back with a dark expression.

It's this bastard again!

Last time, she had snatched the elixir gathering's first place that should have belonged to him and taken away the divine medicine. Now, she was trying to snatch his Mystic fairy Pearl. How despicable!

However, he did not make a move immediately. This guy should be an old monster, and his cultivation was quite deep. Moreover, he had obtained a divine medicine not long ago, so he should be close to perfection.

Even if he was confident that he could defeat this person, there were still three saints from the other divine dynasties eyeing him covetously, so he had to be on guard.

"You again, Tang kid!"

Marquis Wutian gritted his teeth.

Hearing this, everyone was stunned, and a look of astonishment appeared on their faces.

Master immortal Wu Tian actually knew this person? And it seemed like there was some enmity between the two of them. What was going on?

"Tang?"

The three saints frowned and pondered. They were trying their best to recall where there was a Saint with the surname Tang.

"Enemies are bound to meet on a narrow road!"

Tang Hao glared at Marquis Wutian.

"Hmph!" Marquis Wutian snorted. "I can give you the person, but you must hand over the bead."

"This ... How can this be!" The old woman shrieked and said ferociously, "this guy killed the people of my red clouds Valley. He must die. And that traitor, she must die too!"

"Shut up!"

Marquis Wutian shouted as he waved his hand and sent the old woman flying.

He was a little angry. A mere immortal ant dared to speak to him like this. He simply didn't know what was good for him!

Seeing this, everyone was even more shocked.

As long as the bead didn't take the person, venerable Wu Tian would undoubtedly take a step back. Who was this Saint surnamed Tang that could make the usually arrogant Marquis Wu Tian take the initiative to take a step back?

"Tang? It can't be him, right?"

The Marquis Wu of great Chu seemed to have suddenly thought of something as his body trembled and he revealed an expression of shock.

When he looked at the figure again, his gaze suddenly changed, revealing a strong sense of fear.

"Who is it?"

The other two looked at him in confusion.

That Marquis Wu of great Chu said with a serious tone, "how could you guys forget about the previous number one on the alchemy roll?"

In an instant, the two of them trembled and revealed shocked expressions.

"It's actually him!"

"How could he have a relationship with this girl?"

They couldn't help but exclaim.

There was an uproar.

Not long ago, the result of the Aeon pill gathering had spread. Marquis Wutian had only taken second place, while a Saint surnamed Tang had taken first place. He had suppressed Marquis Wutian and taken first place along with the divine medicine. With his amazing results, he had even broken the record of the elixir and wood lists.

Moreover, the fact that he had used his Supreme alchemy technique to refine a Supreme spiritual pill on the last day had become a legend that everyone talked about with great relish.

He did not expect that it would be this person before him.

"So it's him!"

"No wonder!"

Everyone sighed. Some looked in awe, while others looked in admiration.

In the central astral, Alchemist Tang was already a legendary figure. He was publicly acknowledged as the strongest Alchemist in the starry sky. It was said that he already had the strength of an alchemy Saint.

“It’s him?”

The old woman had just gotten up from the ground when she heard this shocking news. Her entire body trembled as if she had been struck by lightning.

Her eyes widened as she looked at the figure in disbelief. Then, she began to tremble, revealing an extremely frightened expression.

She had thought that he was just an ordinary Saint, but she had not expected him to have such a shocking identity!

Tang Hao looked at Marquis Wutian and smiled.””Don’t even think about touching the person or the bead!”

“You ...”

Marquis Wutian was furious. He gritted his teeth and said,“don’t go too far, Tang kid. Do you really think I can’t do anything to you? I, Marquis Wutian, have never failed to get what I want. No one has ever dared to be so arrogant in front of me!”

“I should be the one saying that back to you,” Tang Hao retorted coldly.”No one has ever dared to be so arrogant in front of me!”

“Hahaha!” Marquis Wutian burst into laughter.”Who Do You Think You Are, Tang kid? you’re nothing but an old antique. So what if you’ve won first place on the alchemy roll? I’ll surpass you in a few years!”

“Not only alchemy, but also realm. In a few years, I will surpass you and enter the second tribulation realm. At that time, what use will you be?”

“Old man, do you really think I’m afraid of you? I tolerated you in the pill Hall, but now you’ve come to provoke me again. Don’t blame me for being impolite!”

He was beyond furious.

No one had ever dared to provoke him again and again!

He was furious, and the aura around him expanded, emitting an extremely bright light. His long hair also danced wildly, and a shocking battle intent rose from his body.

The Golden Dragon under his feet sensed his anger and roared.

The aura on his body continued to rise. Waves of Qi force spread out, turning into a tragic storm that swept in all directions.

In an instant, the wind rose, the clouds moved, and the entire sky darkened.

The world was filled with a terrifying killing intent.

Everyone in the surroundings revealed a look of fear and retreated frantically.

“Master immortal Wu Tian is really angry!”

“A veteran Saint and a peerless monster. It’s really hard to say who will win!”

After they had retreated some distance, the crowd began to discuss.

They looked around hesitantly, not sure which one was more powerful. After all, venerable Tang was a veteran Saint, and his alchemy skills were so high, so he must be very powerful.

However, Marquis Wutian was a peerless genius. He had defeated a few Saints before, so he wouldn’t lose to these veteran Saints at all.

“In my opinion, master immortal Wu Tian is more powerful. He has never been defeated since he started cultivating, and he will not lose today either!”

“Master immortal Wu Tian can’t be judged with common sense!”

After some discussion, everyone was inclined to believe that venerable immortal Wu Tian could at least tie with him even if he couldn’t win.

“You stay here!”

Tang Hao turned around and looked at the star pupil. His body flickered, and a few clones walked out. They landed in the valley and sat down. Then, more clones of his soul emerged and spread all over the valley.

“You ...” Star pupil shouted, “be careful!”

“Don’t worry,” Tang Hao said with a smile. “It’s just Marquis Wutian. I don’t care about him at all!”

Then, he turned around and stepped into the air to meet Marquis Wutian.

With every step he took, the aura on his body became stronger. A majestic aura soared into the sky, turning into a pillar of light that shot up to the nine Heavens.

Around him, there were also clouds and wind.

Two figures and two beams of light were facing each other in the sky.

One of them was riding a Golden Dragon, and his golden armor was dazzling. The other was dressed in a white robe, and he stood in the air. Before the battle even began, the auras of the two men had already collided madly, sending out waves of violent Qi that swept in all directions.

BOOM! BOOM!

Mountains collapsed in all directions, rocks exploded, and the earth below caved in. Everything was destroyed by this destructive aura and turned into nothingness.

“Take my punch, Tang kid!”

Marquis Wutian roared and stomped his foot. He rose into the sky and punched.
