

## The Mightiest Little Peasant Chapter 1650

"It's bad! A peerless murderer has come and killed the Crown Prince of great Chu, young master Yin long, and even Marquis Wutian!"

"This old demon ... Is too brutal. He has killed countless people. Otherwise, he's going to kill his way here!"

Soaring Eagle Star City was in chaos.

The news was first to reach this place and caused a huge commotion.

"What? The Crown Prince of great Chu is dead?"

"Venerable Wu Tian was beaten away?"

The people in Star City were all dumbfounded.

They couldn't believe that someone would dare to kill the crown Prince of the great Chu dynasty and even drive away a figure like venerable Wu Tian.

"Hey! Isn't that venerable Tang? wasn't he famous before? the number one on the alchemy roll!"

When they asked again, they were left speechless.

Of course, they knew about the number one alchemy rank, venerable Tang. He was very famous. However, they did not know that venerable Tang was such a brutal and bold person.

He had the guts to kill great Chu's Crown Prince and young master Yin long.

Great Chu had a Chu Emperor, and young master Yin long had a senior Saint behind him. Ordinary saints would not dare to provoke them.

Moreover, it seemed that venerable Tang had killed a lot of people, which was why these people were so scared.

"Hey! What's there to be afraid of? that venerable Tang must have already gotten the mystic fairy Pearl! And why would they come to kill us!"

There were also people who didn't care.

In the eyes of an immortal reverent, Immortals like them were like ants, and they usually disdained to attack.

"You don't know this! It turns out that the woman surnamed mu knows venerable Tang. Venerable Tang is here to save her, while we are here to snatch the mystic Fairy bead. How can he not be angry?"

Hearing this, those people's faces could not help changing, and they were also quite frightened.

“Mother! It’s a good thing I came late and didn’t rush over. Hurry, hurry, hurry, let’s go!”

They scurried up and ran away from the Eagle planet.

As they left, the news spread and caused a commotion everywhere they went.

Not long after, venerable Tang once again became the focus of everyone’s discussion.

Everyone was shocked by his boldness. At the same time, they were even more puzzled about where this venerable Tang had come from. They had been discussing it before and asking around, but they had no results.

After all, this was an old monster who had lived for countless years. It was difficult to trace his origins.

As for the woman surnamed mu, she once again aroused the interest of the crowd. They speculated her origin and what her relationship with venerable Tang was.

“This is going to be interesting. The death of the Crown Prince of great Chu will definitely anger the great Chu dynasty. The Emperor of Chu, who has not appeared for a long time, will definitely come out, and that old monster from Planet Silver Dragon will also come out.”

“This is a blood feud. It’ll definitely be an outcome that won’t end until one of us is dead!”

Many people were even more emotional.

Soon, the news spread to the central sacred planet.

“This brother Tang ... He’s too impulsive!”

In the Imperial Palace of the great Qin, the Qin Emperor sat on the Dragon Throne with a talisman in his hand. The talisman contained an urgent message.

After reading it, he shook his head and revealed a helpless expression.

He had already anticipated that something like this would happen, but he did not expect that brother Tang would be so impulsive as to kill the crown Prince of great Chu and the little silver Dragon, which would make him two strong enemies.

Among the Five Emperors of the sacred planet, the Chu Emperor was the most senior and his strength was unfathomable. He had reached the peak of the first tribulation much earlier than him. It was said that he had been in seclusion all these years to break through to the second tribulation realm, and no one knew how he was doing.

The old silver Dragon was also very old. He was a Saint at the peak of the first tribulation realm and was very powerful. Even he didn’t dare to provoke them at the same time.

“That’s right, there’s also that big Qi!”

The Qin Emperor murmured again. Marquis Wutian was from the great Qi Dynasty. This time, Marquis Wutian was defeated and the mystic fairy Pearl had failed. The great Qi Dynasty would be furious and might even join forces with great Chu to attack together.

“This is going to be troublesome! Brother Tang is in big trouble!”

The Qin Emperor furrowed his brows even more tightly.

Three old monsters at the peak ... Just thinking about it gave him a headache. There were many saints in great Qi and great Chu. In addition, they had a wide network. When he invited a few more, the lineup would be even more terrifying.

“Why is brother Tang so impulsive?” His brows furrowed together, feeling that this was a thorny problem.

Pondering for a long time, he stood up and shouted, “Someone, prepare the car!”

Very quickly, a golden war chariot shot into the sky from the great Qin Palace. Three flood Dragons pulled the chariot, and its entire body gave off a brilliant divine light. It was like a scorching sun crossing the sky—it was the Qin Emperor’s carriage.

Almost at the same time, the news had also reached great Chu.

In the depths of the great Chu Royal Palace, a golden seal was floating in a Palace.

This seal looked very ordinary and somewhat ancient. It was covered in twisted, tadpole-like talismans.

Suddenly, the seal trembled and a ray of light shot out from within. It turned into a middle-aged man in a purple dragon robe. He had a face full of thick beard, his eyes were bright, and his expression was dignified. His aura was as deep as the sea.

At this moment, his face was ferocious and his anger was soaring.

“Who dared to kill my son?”

In a flash, he landed on the ground and let out an angry roar.

His voice was like thunder, shaking the entire Palace of great Chu. Everyone in the palace knelt down and trembled under the terrifying pressure of the Saint.

“Your Majesty, the one who killed the Crown Prince was a Saint surnamed Tang!”

One of them raised his head and said respectfully.

“Tang?”

The Chu Emperor furrowed his brows in confusion.

He had never heard of a Saint surnamed Tang.

“I’m not sure about his background yet,” the man said respectfully. “He first appeared not long ago at the eternal pill gathering. His alchemy skills were superb and he defeated all the participating alchemists to win first place.”

“Number one on the alchemy roll? What a good fellow!” The Chu Emperor’s pupils contracted.

However, he knew what it meant to take the first place on the alchemy roll. It was definitely a quasi-alchemy Saint.

“Hmph! So what if he’s number one on the alchemy roll? he dared to kill my son. Even if he’s a true alchemy Saint, I’ll kill him without hesitation!” The Chu Emperor shouted angrily, “investigate! Find out where he is and where he came from. I’m not only going to kill him, but also exterminate his entire family and all his bloodline.”

“Yes! Your Majesty!”

All of great Chu’s courtiers stood up, each of them brimming with killing intent.

The great Chu divine dynasty had stood on the sacred planet for tens of thousands of years, and no one had ever killed their Crown Prince. The Crown Prince of a country was the heir to the throne, the future divine Emperor of the great Chu. Anyone who dared to kill him would be challenging the great Chu divine dynasty.

“Sage, this person is very powerful. He easily killed Wu Hou. In my opinion, why don’t we find more people? we can even ally with the Qi Kingdom. They have some enmity with this person.”

Great Chu’s divine Prime Minister stood at the side and bowed.

“Good! I’ll talk to them about this matter. You guys go and investigate him thoroughly and find out his background.”

The Chu Emperor shouted.

“Yes!”

They responded and left in a hurry.
