

## The Mightiest Little Peasant Chapter 1667

What had happened in the central astral quickly spread like a gust of wind across the starry sky.

Beichen, Nanli, Donglin, and the West Sea.

The news spread across the four astral realms.

If it was any ordinary news, it would have been impossible for it to spread so quickly. However, this news was simply too sensational and explosive.

A complete Supreme artifact had appeared!

He had killed three saints with one arrow!

No matter which one it was, it was shocking enough.

“Who is this person?”

In the West sea’s great astral world, most people were a little confused. Most of them had never heard of this immortal venerable Tang, but it was different in the other three great astral worlds. Most people knew him.

In Beichen, the news caused a huge commotion.

Celestial venerable Tang was stone ancestor, the monster from Dong Lin who once shook Beichen and made a name for himself.

The people of Beichen were in disbelief. In the past, there were rumors that stone ancestor had become a saint. They didn’t believe it. Now, it was even more exaggerated. Killing three saints with one arrow sounded like a fantasy.

“Is there a mistake?”

After hearing this news, Daoist Xu Kong was very suspicious.

That kid was indeed very abnormal, but it shouldn’t be to such an extent!

Killing three saints with one arrow?

What a joke!

There must be a mistake! He firmly believed in this.

However, after he tried many ways to verify it, he received an unacceptable result.

All of this was real!

His entire person was dazed, but he suffered a tremendous blow.

Over the past year, his Dao of void had been working hard to become stronger. Wasn't it all for the sake of washing away the humiliation he suffered back then and taking revenge!

Back then, that brat blocked the Dao of void's Mountain Gate and extorted countless treasures. This humiliation was something that everyone in the Dao of void would remember.

But now, more than a year had passed. Not only did they not catch up with that kid, but the gap between them was even wider. This gap was so great that it simply made people despair.

"I ... I hate it!"

Old Daoist xukong stood there in a daze for a long time. Suddenly, he clutched his chest with a pained expression. Then, with a pfft, he spat out a mouthful of blood and fell backward.

"Daoist master! What's wrong with you?"

"Hold on!"

A group of disciples rushed up and shouted.

"I ... I hate it!"

The old Daoist Xu Kong raised his trembling hand and cried out in grief, "when will we be able to take revenge for this ..."

The group of disciples also revealed sorrowful expressions.

Thinking of this, many people were moved to tears and sobbed softly.

They felt a little sorry for themselves. Facing such a monster, how were they going to take revenge? ten years? 20 years? He was afraid that the kid would be even more powerful by then, and the hope would be even slimmer.

If he wanted to take revenge, he would probably have no hope in this lifetime!

Very soon, a sorrowful aura started spreading. The entire Dao of void was shrouded in a sorrowful cloud.

"A Supreme artifact? Whoosh!"

In bi Ling Palace, Saint ancestor Xuan pin was stunned for a long time after hearing the news. Then, she laughed bitterly.

She was well-informed and had been paying attention to the situation in the central astral world. Naturally, she had heard about the pursuit. She had thought that the boy surnamed Tang would not make it and felt a little regretful. However, she did not expect such a shocking reversal to happen.

Not only did that brat not die, he even killed three saints with one arrow and defeated the pursuers.

“This kid ...”

She sighed. Her expression was a little complicated. There was some jealousy and some admiration.

“After this battle, I’m afraid he’ll reach the peak of this starry sky!” She sighed again and muttered to herself for a long time. Then, she turned to fairy soft cloud and said, “go and prepare some treasures. After that, you will follow me to Donglin and visit the equal heaven courtyard!”

“Yes! Palace Master!”

Fairy soft clouds bowed.

She still looked a little dazed, as if she couldn’t accept the shocking news.

It was not long ago that she was at the same level as stone ancestor. It was probably less than twenty years. Twenty years passed in the blink of an eye. She did not improve much, but stone ancestor had already soared to an unimaginable height.

She couldn’t help but laugh bitterly as she recalled the past.

“Rou Yun, don’t think too much. It’s not good for your state of mind if you think too much. You have to know, that kid is no ordinary person. Not only does he have extraordinary talent, but he also has amazing luck. We don’t want to compare with him. ”

Saint ancestor Xuanzang saw through her thoughts and tried to persuade her.

“I understand!”

Fairy soft clouds said gratefully, much more at ease.

“Go! We’ll set off later to Donglin! I think that old fellow from the heavenly Academy won’t be able to hold back. We can’t lose to them. ” Saint ancestor Xuanzang said.

After preparing all the treasures, they set off for planet Dong Ling.

In the Academy that day, after the heavenly book Academy headmaster heard the news, he immediately sprang up.

“I knew that fellow cultivator Tang wasn’t an ordinary person! You see, I was right! A complete Supreme artifact was too powerful! Men, open the Treasury and prepare the treasures. I’m going to Donglin. ”

“What are you doing? That fellow Daoist Tang has a supreme weapon in his hand, and his alchemy skills are unparalleled. Who else in this starry sky can do anything to him? even the five great divine dynasties are afraid of him, so why don’t you hurry up and befriend him!”

Very quickly, the heavenly Academy’s Academy head brought people and hurried to Donglin.

“F \* ck! Is that true?”

On a certain planet in Nanli, Liu heihu was dumbstruck when he heard the news.

With a clang, the wine bowl in his hand fell and smashed into pieces.

He stood there in a daze for a long time.

Then, he looked up at the sky. His expression was filled with the vicissitudes of life and sadness.

“Why is my life so full of ups and downs?”

He sighed.

He had always thought that he was a demon. Looking at the starry sky, there seemed to be only a few people who could compare to him. However, he had always been suppressed by this bastard surnamed Tang. No matter where he went, he couldn't hide from this bastard. He was simply like a ghost that refused to leave.

He had been bullied by this Tang kid time and time again, and he was starting to doubt his life.

“My life is too miserable!”

As he thought about it, his eyes couldn't help but turn red, and the tears couldn't stop flowing.

“Liu heihu?” he asked.

At this time, the expressions of the people at the tables next to him changed and they suddenly looked at him.

The entire restaurant fell silent.

Liu heihu froze and looked around in confusion.

At this moment, everyone's eyes in the restaurant were focused on him. Their eyes were bright like lightning, like wolves and tigers.

“You're Liu heihu?”

“Alright! Black Tiger little thief, so you're here, you've been looking for us! You better hand over your life!”

The xiuze flipped the tables and jumped up.

“F \* ck!”

Liu heihu wailed, jumped up, and ran.

F \* ck! Why am I so unlucky!

Liu heihu wanted to cry.

“Just you wait, Tang kid!”

“Tang Hao!” He shouted angrily, putting the blame on Tang Hao.
