

## The Mightiest Little Peasant Chapter 1673

After rushing for a moment, he saw a few rays of light in front of him.

They were people from the two divine dynasties, and they were chasing someone. It was obvious that this person was the so-called successor of the Dharma characteristic school.

From all directions, there were countless rays of light.

“Where are you running to?” After Emperor Qi arrived, he stretched out his hand and formed a giant hand that covered the sky, trying to capture the man.

“Do it!”

In the scroll of the world, the Qin Emperor shouted. He was the first one to rush out. He also stretched out his hand and grabbed it.

“Old man Qi, he’s mine!”

The Qin Emperor laughed.

Emperor Qi was shocked and turned around. His expression changed and he exclaimed, “Old Qin, it’s you!”

Bang!

The two giant palms collided with a deafening boom, creating a huge shockwave. The disciple of the transcendence sect was affected by the shockwave. He screamed and fell to the ground.

This was a battle between peak Saints. Even a heavenly Lord of the immortal realm wouldn’t be able to withstand a slight leak of Qi, let alone this person who was only at the Dao-severing level.

“Hmph! Don’t even think about it!”

After a brief moment of surprise, the Qi Emperor came back to his senses. With an angry snort, he took out his treasure and attacked the Qin Emperor.

“Old Qin, you dare!” Not far away, the Chu Emperor rushed over and shouted angrily.

The Qin Emperor sneered and started the fight without saying anything.

Whoosh! Whoosh! Whoosh!

From the diagram, many figures rushed out one after another. First, it was the three great protectors of the Qin clan. They followed closely behind the Qin Emperor.

“Old man Qin, do you really think I don’t know? I’ve already been on guard against you!” The Chu Emperor sneered.

He wasn't a hotheaded person. No matter what he did, he would consider it carefully. He would consider everything and make sure that he was fully prepared.

He knew very well that the other three divine dynasties would come to snatch the secret technique of the Dharma characteristics sect from them. As he had expected, old Qin had come.

With a wave of his hand, several figures appeared behind him. They were the three guardians of the great Chu divine dynasty.

On the other side, three people came from behind Emperor Qi.

"Hmph! So what if I know!" The Qin Emperor sneered. From the ripples in the void behind him, one figure after another stepped out and stood in the void, releasing a powerful and thick aura.

The Emperor of Qi and the Emperor of Chu were stunned.

"Woof! Old man Qin, you're pretty good to have so many people, but you want to fight us with just these few? You're too naive!" The Emperor of Qi looked at him and sneered.

These people were not very strong. Even with these people, old man Qin was not their match.

But then, his expression froze.

Why was there someone else?

One after another, the Saints lined up in a row and released their auras at the same time. The aura was really terrifying!

The surrounding atmosphere immediately dropped to the freezing point, and there was a deathly silence.

Emperor Qi's eyes gradually widened, and a hint of horror appeared in them.

How could there be so many saints?

How did this old man Qin manage to pull in so many people?

The Chu Emperor was also dumbfounded. His mouth was wide open as he looked at the scene in horror.

There were more than thirty Saints!

This number was too shocking!

When the last person stepped out, their pupils shrank even more violently, and they revealed extreme shock.

"It's you!"

The two of them blurted out in unison.

Wasn't this the brat surnamed Tang?

Old Qin had actually joined hands with this kid!

They were all shocked, but they really didn't consider this possibility. Because according to what they knew, this kid had been staying in Donglin all this time and didn't move at all, so they didn't consider the two of them joining forces.

In their opinion, the other three divine dynasties would at most join forces. If the two of them worked together, they would still have the power to resist.

However, they had never expected that old man Qin would invite this kid and a group of Saints.

They looked around and glanced at the Saints, and their faces gradually turned ugly.

"Old Qi, old Chu, we want this person!" The Qin Emperor said coldly.

The Chu Emperor and the others didn't say anything, but their faces were gloomy.

The two sides stood in mid-air, not making a move. In the middle, below them, was the spot where the disciple of the Dharma characteristic school had fallen. Everyone's eyes were fixed on that spot.

No one would give up a secret technique that could help them successfully pass the second immortal tribulation.

"Old Qi, old Chu, why aren't you leaving?"

The Qin Emperor shouted again.

The Chu Emperor and the other Emperor exchanged a glance, and a hint of ruthlessness appeared in their eyes.

"Old man Qin, you're really good at scheming. You want to ally with this kid. Besides great Qi, there's also great Chu? Unfortunately, I'm afraid you won't be able to do as you wish. Do you really think we can't do anything to this kid?" The Chu Emperor shouted.

After that great defeat, they had been thinking about how to guard against that kid all the time. Naturally, they had been prepared for it. It was just that they didn't expect that kid to come this time.

"Surnamed Qin, I'm afraid you don't know this, but more than 10000 years ago, great Chu was the strongest divine dynasty. When great Chu was dominating the starry sky, your great Qin was still unknown! The foundation of great Chu is not something you can imagine."

Having said that, the Chu Emperor suddenly flicked his hand, and the ancient seal flew out.

Weng Weng Weng!

The ancient seal trembled violently, and the surrounding void twisted and rippled.

From the ripples, a figure stepped out. It was a skinny old man in a gray robe. He looked ordinary and didn't have any aura, but he had a terrifying aura.

He walked out and glanced around. Many saints were shocked as if they had been struck by lightning.

"Another peak Saint!"

"Which one is this? How come I've never heard of such an expert in great Chu?"

There was a commotion on Tang Hao's side.

Then, something even more shocking happened. Another person walked out of the ripples. It was a red-haired elder, who was also a peak Saint.

"Those who dare to offend great Chu will die!"

His face was fierce and his tone was cold. One look and one could tell he was a ruthless character.

After him, there was another person who was also at the peak.

Hiss!

Everyone gasped. All the Saints were shocked. There were only a few peak-level Saints in the universe. Even the protectors of the three divine dynasties didn't have such cultivation.

Then, under their shocked gazes, a few more people walked out. They were all at the peak level, and there were a total of seven people including the ones before.

This time, it was Tang Hao's turn to be upset.

Even Tang Hao was shocked. The sudden appearance of seven peak-stage martial artists put the battle in a precarious position. He was strong, but he could not stop so many peak-stage martial artists.

The Qin Emperor was shocked as well. Then, he seemed to have recalled something. He said to Tang Hao, "I'm afraid that these are the old men from thousands of years, or even tens of thousands of years ago."

"I once heard that this ancient seal of great Chu is a rare treasure. Not only can it be used to defend against powerful enemies, but it also has a magical ability, which is to control time. There are several layers of space in this ancient seal, and time is different for each layer. The deepest layer is where time is still."
