

The Mightiest Little Peasant Chapter 1679

On the glittering Jewel Star.

Tang Hao's primordial spirit descended and returned to his physical body.

"How is it, brother Tang?" The Qin Emperor asked urgently.

"Don't worry! We've successfully killed them all!" Tang Hao smiled. "Look ... What's all this?" As he spoke, he took out the flag and the ancient seal and showed them to everyone.

"That's great!"

Everyone heaved a sigh of relief and then rejoiced.

With the death of Emperor Qi and Emperor Chu, the biggest purpose of their trip had been achieved.

"With the two old thieves dead, the rest are nothing to fear!" The Qin Emperor laughed out loud.

From now on, there would only be three of the five great divine dynasties left on the central sacred planet, and they would be ruled by great Qin!

"Many thanks, everyone!"

Tang Hao cupped his hands at everyone and thanked them.

"A! Alchemy Saint Tang is too polite!"

Everyone laughed heartily, and the atmosphere was pleasant and lively.

Although there had been some twists and turns this time, they had still won in the end. Not only had they obtained the secret method, but they had also eliminated the Emperor of Chu, Emperor Qi, and the others.

"Let's go! Let's go back to the sacred planet and eradicate the remnants of great Qi and great Chu, then we'll have a good drink." The Qin Emperor laughed and left with the crowd.

Tang Hao and the others didn't need to do anything for the rest of the matter. With the death of Emperor Qi and Emperor Chu, the two great divine dynasties were no match for the great Qin even if they joined forces. Moreover, the Qin Emperor had also comprehended a secret technique and successfully transcended his tribulation on the sacred planet.

Under his leadership, great Qin's soldiers quickly broke through great Qi and destroyed it.

Then, it was great Chu's turn.

The two ancient God dynasties that had been passed down for tens of thousands of years were destroyed.

This news spread and immediately shook the central star field, setting off a wild wave.

The five great divine dynasties of the sacred planet had been established for over ten thousand years, and it had never changed. However, two of them had suddenly disappeared.

“It’s the Qin Emperor! He has successfully passed the Tribulation and advanced to the second tribulation!”

In the beginning, everyone was talking about the Qin Emperor. They thought that he broke the balance between the five great divine dynasties after he crossed the heavenly Tribulation, which was why he was able to destroy the great Qi and great Chu divine dynasties.

But very quickly, even more shocking news spread. It turned out that the Qin Emperor was not the first person to undergo the Tribulation. The first person was that immortal venerable Tang.

Venerable Tang took the lead in crossing the Tribulation and killed Emperor Qi and Emperor Chu in one fell swoop, thus establishing the current situation.

It could be said that the current changes on the sacred planet were all because of this immortal venerable Tang.

Once the news spread, it caused an even greater sensation.

Everyone was shocked. A second-tribulation Saint in his forties was simply unheard of. It was too shocking!

“He’s a second-trial Saint and has a supreme weapon. Who can be his match?”

Everyone sighed.

More than a year ago, venerable Tang had shaken the starry sky by defeating Emperor Chu and the others. No one had expected that he would advance to the second tribulation in such a short time and shake the starry sky again.

When the news spread to the four directions astral world, it was also in an uproar.

In this starry sky, there was probably no one who did not know of the title of immortal venerable Tang. The number one demon, the number one powerhouse, the number one Alchemist, there were too many titles.

“He ... He’s crossing the heavenly Tribulation just like that?”

On a certain star, Liu heihu was flabbergasted when he heard the news.

He was stunned for a long time. Then, his body trembled and he almost vomited blood.

He hadn't even reached the sage realm yet, and this freak had already crossed the heavenly Tribulation and charged to the second tribulation!

"F * ck! Do you have to do this! Can't you just leave me a way out?"

Liu heihu was furious.

This bastard surnamed Tang simply didn't want him to live. The gap between the two of them had widened again, so big that it made him feel a little desperate.

When the news was sent back to Donglin, it was the most sensational news. The heaven-reaching courtyard was once again packed with people from all over the world.

The starry sky was boiling, but Tang Hao was not affected. After destroying the two divine dynasties, he had a drink with the Saints in the great Qin Palace. Then, he left and went to the elixir Palace to visit the palace Master.

The palace Master sighed when he saw him.

It seemed that he had only met Alchemist Tang not long ago. At that time, he had not expected that Alchemist Tang, who was originally unknown in the central astral world, would shine so brightly in the future and shake the starry sky again and again.

Now, this person had already reached the peak of this starry sky.

Number one in alchemy Dao, number one in strength!

In this starry sky, there was no second person who could compete with him!

Tang Hao sat in the pill Palace for a while, then went to see flame immortal. He was still on the central sacred planet, and his cultivation level had also improved greatly. He had reached the late-stage immortal transformation realm, and his entire aura had changed greatly. He had regained the carefree aura he had in Qi Yuan.

"Congratulations!"

The flame immortal cupped his hands and congratulated him.

After meeting him, Tang Hao returned to Donglin and got busy.

If it weren't for the help of the other Saints, he wouldn't have been able to reach the second tribulation realm. They had helped him so much, so Tang Hao had to repay them. He made all kinds of pills and prepared to give them.

This closed-door cultivation lasted for more than three months. When he came out, he unexpectedly saw uncle bludgeon. After hearing the news, he specially came to see him.

Sir bludgeon had left Qiyuan long ago. After so many years, he had many fortuitous encounters and his cultivation level had reached the mid-stage immortal transformation realm, which was not bad.

“Yo! Kid ... You’re amazing now!”

“Hahaha! Kid, you’ve brought honor to our Qiyuan! As a fellow citizen of Qiyuan, my old face is now very respected!”

Tang Hao felt emotional when he saw Sir system, but he remembered the first time they met.

That was in the great void realm, and this Lord’s sneak attack had left a deep impression on him. Now that he thought about it, it was still vivid in his mind, as if it had happened a day ago.

After having a good chat with Sir system, Tang Hao left the heaven-equal courtyard, walked around, and distributed the pills.

Only then did he feel relaxed.

“Emperor Qi is dead. Emperor Chu is also dead ... It seems that there is no one who can match him in this starry sky!”

Tang Hao looked at the boundless starry sky and felt a little melancholic.

Unknowingly, he had already reached the peak of this starry sky. As far as the eye could see, he no longer had a single opponent.

“The second tribulation is far from the end. There’s still the third and fourth tribulations ...”

“Then ... Where are the thirty-three heavens? The Blood King and the other Kings are all in the thirty-three heavens!”

Tang Hao mumbled.

“I’ll have to go to thirty-three heavens eventually, but now doesn’t seem to be the time. Kun Lun hasn’t grown up yet, and there are still many things to do.”

Tang Hao wasn’t in a hurry. He planned to look for thirty-three heavens after he settled everything here and had no more worries.

“It’s time to go back and settle the matter in Kun Lun!”

Tang Hao pondered for a moment, then turned around and headed toward the nine gates Galaxy. He returned to planet Jumen and began to deal with Kun Lun’s matters.
