

The Mightiest Little Peasant Chapter 1704

“It can’t be him, right?”

Tang Hao’s expression became more and more strange.

The more he thought about it, the more he felt that this so-called genius of the Liu Clan was like a certain someone.

“If it’s really him, then it’s going to be interesting!” Tang Hao mumbled.

He naturally thought of Liu heihu. His surname was Liu and he was very bold. He couldn’t think of anyone else other than the black Tiger Bandit.

In fact, although this guy was always suppressed by him, he was actually a peerless monster. There were so many monsters on the Qi Yuan planet, such as Ji Wu and Jiang tianwu, but in the end, only he and Liu heihu survived and came to the starry sky.

After coming to the starry sky, this fellow had also encountered many fortuitous encounters. His cultivation had long since become immortal, and he was not inferior to Lei zhentian at all.

“The son of blood ...”

Tang Hao smiled wryly. If it really was Liu heihu, then that guy was lucky. Tang Hao knew how powerful the son of blood was.

On Pangu continent, the origin of blood, which was the bloodline, was more important. The purer and older the bloodline, the more powerful one would be, and the ability of their ancestors would be awakened.

The so-called child of Blood Origin was the most powerful bloodline when one’s bloodline was pure to the extreme, close to the ancestor’s.

Liu heihu was already very powerful. If he could awaken his bloodline power, he would be even more powerful.

Perhaps, after a while, he would not be a match for them.

This was very possible. He was all alone now and was equivalent to a rogue cultivator. On the other hand, Liu heihu had the backing of the huge Liu clan. Although the Liu Clan had declined, it was only relative to its former glory.

The current Liu clan was still a huge force, and it was ranked among the top clans.

With the support of the Liu family, Liu heihu’s cultivation would definitely improve quickly. If he awakened his bloodline power, Lu Li would not be his match.

Tang Hao was under immense pressure.

“What’s the level of my bloodline?”

Tang Hao was curious.

However, bloodline was not something that could be measured casually. It could only be measured by the ancestral altar of the Tang Clan. Since his surname was Tang, he must go to the Tang Clan.

His mother’s surname was Shi, so she definitely had a part of the Shi clan’s bloodline. He could also test it with the Shi clan.

“We’ll talk about it later!”

Tang Hao wasn’t in a hurry. For him, the most important thing right now was to increase his cultivation level. It wouldn’t be too late to test his bloodline power later.

He was not interested in the Tang Clan for the time being, but he had to go to the Shi clan eventually, because Yan ‘er was there.

Very quickly, another few days passed.

One day, Tang Hao was cultivating in his thatched cottage when he heard some noise outside. A group of people was approaching the entrance of the valley.

He opened his eyes and saw that it was the thousand spirit sect.

His heart tightened. He thought that he had been exposed and that the thousand spirit sect had come to find him. However, after taking a closer look, he found that they were all Immortals. There was not a single elder in the Saint realm, so he was sure that he had not been exposed.

With a wave of his hand, the few layers of the array inside dispersed, leaving only the most ordinary layer on the outside.

With another wave of his sleeve, the medicinal fields were covered by mist.

Tang Hao stood up and walked toward the entrance of the valley after he was ready.

“Al! That fool, come out!”

The leader was a middle-aged man. He shouted loudly towards the valley, his tone somewhat impolite.

Tang Hao opened the formation and walked out. He put on a surprised look. “You’re ... From the thousand spirit sect?”

The group of people from the thousand spirit sect all raised their heads, revealing proud expressions.

“It is!”

“So you’re a fellow Daoist from the thousand spirit sect! Sorry for the disrespect! Sorry for the disrespect! May I know why you’ve come?” Tang Hao cupped his hands and smiled.

“Tsk! Who’s a fellow Daoist with you!”

The middle-aged man sneered and revealed a look of disgust. “You idiot, do you have the right to call us fellow Daoist?”

“Hahaha!”

The crowd behind him burst into laughter.

Their faces were also full of disdain and mockery.

This guy in front of them was merely an early immortal state cultivator, so they naturally had no qualms about mocking him.

After a round of mocking, the middle-aged man said, “Al! Idiot, we’re here to tell you that you have to pay.”

“Pay up? What kind of money?” Tang Hao was stunned.

“Nonsense, of course it’s the protection fee,” the middle-aged man said. “And the fees for renting these mountains. You have to pay them all.”

Tang Hao’s face darkened. “What protection fee? also, these mountains are barren. They don’t belong to the thousand spirit sect. Why should I pay?”

“Who said that this mountain doesn’t belong to the thousand spirit sect? all the mountains in the devil Star Mountain belong to the thousand spirit sect. If you want to live here, you have to pay. The rent and protection fee are at least 100000 crystal stones a year!”

“We won’t be renting it for a year. We’ll start from ten years. Prepare a million for me. We’ll come and collect it in a few days. If there’s none, you can get lost!”

The middle-aged man’s face was fierce.

“A million?” Tang Hao’s expression turned even colder. “You’re robbing me!”

Tang Hao didn’t have any money on him. Even if he did, he would never hand it over.

“Rob? Hey! You’re right, this is robbery. If you don’t hand it over, sure, get out of here immediately! Also, be careful of your life ... Anyway, I’ve already told you, whether you listen or not is your own business!”

The man laughed coldly. He glared at Tang Hao, then turned around and left with his men.

Tang Hao stood at the entrance of the valley with a dark expression.

The thousand spirit sect again!

The people from the thousand spirit sect had provoked him before, and he had killed them. Now, the people from the thousand spirit sect had provoked him again!

What protection fee? what rent? this was a barren mountain, and he built the cave abode himself. It had nothing to do with the thousand spirit sect. If he really had to pay rent, these people would have come on the first day he started building the cave abode.

Tang Hao immediately contacted his clone in the devil Star City to understand the situation.

He wasn't the only one who had encountered this. All the cultivators who had set up cave abodes in this mountain had been found by the thousand spirit sect. However, he seemed to have been given special care. The others only had to pay a hundred or two hundred thousand, but he had been extorted a million.

"Hmph! Do you really think I'm easy to bully? Don't even think about getting a single cent, let alone a million!"

Tang Hao stood there, deep in thought.

He wasn't going to give the money, but if he didn't, he would cause trouble.

"It seems that this Demon Star Mountain is not going to be easy to stay in. I have to find another place." Tang Hao wanted to leave.

"However, before I leave, I have to leave a surprise for the thousand spirit sect!"

Tang Hao said with a cold smile.

He was going to leave, but before that, he was going to do something big to entertain the thousand spirit sect. Otherwise, he wouldn't be able to take this lying down.
