

## The Mightiest Little Peasant Chapter 1710

“Next, let us welcome the first treasure!”

On the auction stage, venerable baoyuan shouted.

As soon as she finished speaking, a woman gracefully walked up to the auction stage with a Jade plate in her hand.

“Everyone, please take a look. This is the first treasure of this auction, the 1000-year water dragon Pearl!” Venerable Bao Yuan pointed at the Jade plate and shouted.

As he spoke, he reached out and grabbed the corner of the Jade silk covering the Jade plate, pulling it hard.

In an instant, an extremely dazzling light bloomed out, illuminating the entire auction house. Many people were Blinded by the Light, and they couldn't see anything.

When they covered their eyes and looked again, their mouths were wide open, revealing a shocked expression.

“Dragon Pearl! It's a thousand-year-old dragon Pearl!”

They couldn't help but exclaim.

As the name suggested, the Water Dragon Pearl was naturally a Pearl born from the body of a water dragon. It contained astonishing spiritual essence.

Pangu continent was full of natural energy, and immortal energy. Generally speaking, a flood Dragon could reach a certain level of cultivation after hundreds of years of cultivation, and the flood Dragon Pearl in its body was already a rare treasure.

As for a thousand-year-old flood Dragon, it was very powerful. It was at least in the Saint realm. The value of the flood Dragon Pearl in its body would double and be immeasurable.

If it was in the past, this treasure should be the finale. Why was it placed first this year?

The crowd was shocked, but also excited. If the thousand-year water dragon Pearl was placed first, it meant that there was something better than the Water Dragon Pearl!

“Good treasure!”

Tang Hao's eyes glowed. He could not help but exclaim in admiration.

He could feel the wisps of immortal Qi emanating from the Dragon Pearl.

Seeing everyone's excited and shocked expressions, venerable Bao Yuan laughed and said, “Everyone, this flood Dragon was in the second tribulation realm when it was alive!”

“What? It’s the second tribulation?”

The crowd was in an uproar again, getting more and more excited.

A 2nd tribulation Dragon Pearl could even be used by 3rd or 4th tribulation saints. After absorbing it, one’s cultivation would increase a lot.

The atmosphere in the auction hall was boiling as everyone stared at the Dragon Pearl, rubbing their hands together in anticipation.

Such a treasure, no matter which power, they would want it.

There were many treasures in the world, and those that could increase one’s cultivation had always been the most precious.

Tang Hao was also a little tempted. If he could get this Dragon Pearl, his cultivation would improve faster and he would be able to reach the peak of the second tribulation realm earlier, welcome the immortal tribulation, and then break through to the third tribulation realm.

However, looking at the situation around him, he knew that it would be very difficult to snatch this item. There were too many people eyeing it, and it would definitely be a bloody battle later on. The price would soar.

“The first item of this auction is a thousand-year water dragon Pearl. The starting price is two million, and each increment must not be less than fifty thousand!”

Venerable baoyuan announced loudly.

As soon as he finished speaking, the crowd below the stage boiled.

“I’ll bid two hundred and five!”

“I’ll bid 2.1 million!”

The people below the stage stood up one after another, raising the signs in their hands, competing to bid.

The price shot up like a rocket.

“Three million!”

“Four million!”

In a short while, the price soared several times and quickly broke through eight million.

At this time, only the people below the stage were bidding. The guests in the surrounding area had not made a move yet.

“Eight million and one hundred thousand!”

“Eight million two hundred thousand!”

The price continued to rise, and it soon reached the ten million mark.

At this moment, someone from the VIP seats finally made a move.

“I bid 11 million!”

A deep and hoarse voice of a middle-aged man came from the eighth seat.

In an instant, the auction hall fell silent, and everyone’s eyes swept over.

Many people’s expressions changed slightly when they saw number eight.

“It’s the song clan!”

They all exclaimed in a low voice, their expressions somewhat fearful.

In the southern part of the ancient wilderness, the song clan was one of the most powerful clans. Even in the entire ancient wilderness, it was one of the top clans.

For a moment, no one was bidding.

A portion of the people were in awe of the song clan, while a portion of them understood that since the people from the ancient countries had made their move, the flood Dragon Pearl had nothing to do with them. They would never be able to compete with the people from the ancient countries in terms of wealth.

“No one else?”

A mocking laugh came from the eighth guest’s seat.

No one in the auction hall responded.

But very quickly, laughter rang out from another guest’s seat.

“Surnamed song, you’re quite impressive! They might be afraid of the song clan, but I’m not. If you add one million, I’ll add five million. Sixteen million for this Pearl.”

It was also the voice of a middle-aged man, but it came from the sixth guest seat.

“It’s the Azure clan!”

The crowd began to discuss in low voices again.

Every time there was an auction, these VIP seats were mostly fixed. It was the same year after year, so they could distinguish them every time.

“Surnamed Qing, you’re not bad yourself! It’s five million, but I’m not afraid. I’ll play to the end!” The Saint of the song clan sneered.

It sounded like there was some enmity between the two races.

Next, it was the bidding between these two people. They raised the price by five to six million, and the price rose even more crazily. Soon, it broke through forty million, making everyone speechless.

“Forty million ... That’s far from the top. This is a thousand-year-old dragon Pearl, something used by Saints. To Saints, tens of millions are nothing. The price can go higher.”

There were also people who watched coldly from the side.

At this point, Tang Hao had no intention of making a move. He did not have many crystals, and it was not like he had to get the Pearl.

After the price reached more than 50 million, other guests joined in and bid. In the end, the price rose to more than 90 million before it stopped.

“Song, you’re good! I won’t keep you company!”

The Saint in room six was the first to withdraw from the bidding.

“Ninety-three million, going once!”

” 93 million, going twice!”

“The third time, good! Deal!”

“Congratulations to guest number eight for successfully winning the bid for the Dragon Pearl!”

“Go!” Venerable Bao Yuan shouted.

“Over 90 million! It’s quite cheap!” “That’s not expensive,” Tang Hao mumbled to himself. Anything that could be bought with money was not expensive in his eyes. The things that could not be bought with money were the most expensive.

The auction continued after a moment of excitement.

“Please welcome the next treasure!”

Another beautiful woman gracefully stepped onto the stage. She held a Jade plate with a Jade silk covering it. After it was removed, a Jade bottle was revealed.

“The second treasure of this auction is a Green Phoenix ancient pill. It was unearthed from an ancient ruin and is well-preserved. It contains the remnant soul of an ancient green Phoenix. Once consumed, one will possess the power of a Green Phoenix for a certain period of time, and their combat strength will be multiplied. It is a type of ancient battle pill.”

Venerable baoyuan pointed at the Jade bottle and introduced it loudly.
