

The Mightiest Little Peasant Chapter 1717

"Pill token ... I don't have one!"

Tang Hao shook his head.

"No?" The man looked at Tang Hao in shock.

He wanted to join the medicine God mountain but didn't have a pill token. Wasn't this a joke?

"Without the pill token, are you still an Alchemist?!" He said with a frown.

"Naturally!" Tang Hao smiled. "It's just that I haven't been able to take the pill token examination for some reason!"

"I see!"

That person revealed a hesitant expression. This kind of situation wasn't unprecedented. After all, not all alchemy students would take the alchemy master examination. There would always be some exceptions.

"This ... Actually, it's not important whether you have the pill token or not. If you want to join the medicine God mountain, you have to pass a series of tests. Only if you pass will you be qualified to join the medicine God mountain. If you fail, then I'm sorry!"

That person said.

"Then I'll leave it to you, fellow Daoist!"

Tang Hao cupped his hands at him.

"Alright! Then come with me!" The man nodded, then led Tang Hao into the mountain.

"I still don't know your name, fellow Daoist?"

Tang Hao chatted with the man on the way. He learned that the man's surname was Li, and he was also an Alchemist. He was currently a Deacon.

"I'm surnamed Tang!"

Tang Hao also told her his surname.

"Daoist Tang, I'm telling you, there are so many people who want to join the medicine God mountain. There are so many of them every day. It's almost endless!"

"Why? That's because the medicine God mountain is the Holy Land of the ancient desolate alchemy world. We even have many alchemy Saints. The medicine God mountain represents the peak of alchemy. What kind of Masters and tyrants are here? they're nothing."

“There are too many experts here. There’s always a higher mountain. Look at the one sweeping the floor. He’s a master. The one chopping wood is a leading figure ...”

“They were so arrogant before they came in. Some of them even threatened to blow up the medicine God mountain. But what happened in the end? they’re all cowards.”

Manager li led Tang Hao away, boasting about the medicine God mountain’s power along the way.

Along the way, the two of them ran into quite a few people. There were people fetching water, sweeping the floor, picking up materials, and feeding the beasts. All of them looked rather unremarkable. If Deacon li had not mentioned it, Tang Hao would not have known that these people were all leading figures and Masters.

“This medicine God mountain ... Is a little powerful!”

Tang Hao was secretly shocked.

It seemed that the medicine God mountain was even more powerful than the rumors said!

“Hahaha! I’ve refined it!”

Just as he was complimenting himself, the two of them turned a corner. Tang Hao saw someone rushing toward them from the front. He took a closer look and was dumbfounded. It was an old man who was naked. He was not wearing anything.

He shouted excitedly and danced around as if he had gone crazy.

As he ran closer, he saw manager li and immediately rushed up to him. He grabbed manager Li’s hand tightly and said excitedly, “Deacon MA, I’ve refined it! I’ve finally refined it!”

Deacon Li’s face twitched violently. “How many times have I told you? my surname is not MA. My surname is li!”

However, the old man ignored him. He let go and continued to run.

“He ... He is ...”

Tang Hao stood there in a daze.

“Cough, cough! There’s something wrong with him. When he was refining pills in the past, he went crazy!” Deacon li smiled bitterly. “Also, his eyesight and memory are not good. He keeps remembering the wrong person.”

“However, don’t look at how crazy he is. His alchemy skills are amazing!”

Deacon Li said seriously.

“So that’s how it is!”

Tang Hao said.

Deacon li smiled awkwardly and continued to lead the way. However, not long after, another person came in front of them. He was holding a pot in his hand, which was filled with colorful pills.

“Aiya! Deacon Li, you’re here! Ai! Don’t run! Last time was an accident, but this time, there definitely won’t be any problems. Try my newly developed pill, it’s called the Super invincible antidote.”

“If you want to try this pill, you have to eat this most poisonous pill in the world. Why are you running! Don’t worry, it won’t kill you! Don’t you trust me? At most, I’ll die!”

When that person saw Deacon li, he immediately rushed over happily.

Deacon Li’s face turned green. He shouted “run!” And ran.

“Ai! Deacon li ...”

The man held the pot and chased after him for a long distance. Deacon Li’s face turned green the entire time.

“This ... This again ...”

Tang Hao was even more stunned.

“Cough, cough! He likes to mess around and make some strange pills. He also likes to test them on people. I was young and naive before, so I fell for his tricks.”

As Deacon li spoke, he could not help but clench his fists, revealing a trace of grief and indignation.

Tang Hao was speechless.

He was already speechless. What the hell was this! Could it be that the medicine God mountain was full of surprises?

“Cough! Don’t worry, this is only a small number. After all, there are many people, so it’s inevitable that there will be a few abnormal ones.” Deacon li coughed again and said in embarrassment.

“I understand!”

Tang Hao nodded his head in understanding.

In fact, he didn’t care. It didn’t matter to him whether he was a weirdo or not.

“Alright! We’ve arrived!”

After walking for a while, a Palace appeared in front of them. After entering, they saw that there were already many people inside. When they saw Deacon Li, they all stood up and greeted him respectfully.

Then, they looked at Tang Hao and sized him up.

“These are all prepared to participate in the test. You can wait here for a few more, and the test will begin.” Deacon Li said to Tang Hao.

With that, he turned around and left.

Tang Hao looked around, then walked to a seat and sat down.

He wasn't worried about this test at all. His alchemy skills had already reached the Saint level, so this test was the easiest.

After sitting and waiting for about six to six hours, Deacon Li brought in three more people. This way, there were more than thirty people in the hall.

“It's almost time!”

Deacon Li led the group into the depths of the palace.

“This is the grass and wood Palace, which tests plants. This is the medicine Palace, which tests your medicinal knowledge. This is the last palace, which tests your alchemy skills. All of you go in one by one. As long as you get the token inside, you'll pass.”

“Collect all three tokens and you will be qualified to enter the medicine God mountain.”

“Also, you have to remember that based on your performance, the tokens you receive will be different. There will be points on them, and your total points will determine what rank you will be after you join the medicine God mountain and what treatment you will receive.”

After hearing this, the alchemists were all excited and eager to try.

They knew that the alchemists on the medicine God mountain were ranked. The higher their ranking, the higher their status and treatment.

To them, treatment was secondary. The most important thing was status and honor.

It was said that there were millions of alchemists on the medicine God mountain. Almost half of the alchemists in the ancient wilderness were gathered here. Most of the experts were here. The ranking obtained here was almost the ranking of the entire ancient wilderness.

To be able to rank at the top of the medicine God mountain's alchemists, one's name would definitely spread across the world!
