

The Mightiest Little Peasant Chapter 1729

“RI ... RI Tian?”

In the pill waves Hall, a group of elders were gathered together, looking at the pill box in front of them with dumbfounded expressions.

“Is there a mistake?”

After a long time, an old man mumbled.

“It should be. It’s this box. It’s always placed in the same position.” An old man added.

“But ... But ...”

The old man raised his hand and pointed at the pill box. The two flamboyant words on the box revealed a look of disbelief.

These two words were too striking!

F * ck!

Could it be that the nameless master’s name was RI Tian?

This name was too strange!

“Hey! I think this name is very imposing. We’ve heard a lot about Batian and dingtian, but this is the first time I’ve heard of this Ritian. It’s much more imposing than Batian. ”

“Yes! It was extreme! RI Tian, this name sounds more imposing than the others. Don’t you think it’s domineering?”

A few old men argued, as if they were serious.

“Hey! You don’t say, the more I look at this name, the more domineering it is. And this penmanship, like a dragon flying and a Phoenix dancing, is really wonderful!”

Upon hearing this, more people came to a realization and began to praise him.

They all began to put on an act and commented on this brushwork, constantly praising it.

“Al! Did you guys get it wrong? it should only be one word, it’s clearly Hao!” Said Deacon MA.

It did look like two characters, but the name RI Tian was really a bit weird. If it were to be spread out, it would be a joke. He would rather believe that it was just a joke by the master who deliberately wrote the two parts of the character.

When everyone heard this, they all froze.

When they took a closer look, they all had strange expressions.

Looking at it this way, it really did look like the character 'Hao'.

"Yes, yes, yes! It's Hao!"

They said one after another.

From the medicine God mountain's point of view, it was better to call him Hao. If he were to call him RI Tian, it would inevitably attract laughter.

"He'll be called Hao!"

Said attendant MA.

"Hurry up! Open it and see if it's the same as before!"

Everyone was getting impatient.

The pill Wave Gathering this time was not an ordinary one. The five veteran top-notch Masters had publicly announced that they would compete with this person. He wondered if this person had accepted the challenge.

Immediately, Deacon MA opened the box and looked inside. Everyone was stunned. There was no elixir bottle inside, only a heaven and earth bag.

"Strange!"

Butler Ma frowned and picked up the bag. When he opened it and looked inside, he was stunned as if he was struck by lightning.

His eyes were wide open, filled with extreme shock and disbelief.

"This ... This ..."

His lips trembled and he was incoherent.

"What's wrong?"

When the other elders saw this, they were all somewhat puzzled. What exactly did this attendant MA see that caused him to reveal such a shocked expression? with his realm, what kind of pill had he not seen? did he have to lose his composure?

"Hey! Old Ma, you can't do it!"

"Let me see!"

They laughed and stepped forward together. They stuck their heads in and looked into the bag.

In the next moment, the smiles on their faces froze, and their eyes widened so much that they were about to pop out of their eye sockets.

“This ...”

“Heavens!”

They cried out in shock, unable to believe their eyes.

There were still Vermilion Bird pills inside. There were no changes, but the number was different. There were not only 999 pills, but there were probably eight to nine thousand of them.

Eight to nine thousand Vermilion Bird pills!

What an astonishing number!

They almost thought they were seeing things, but no matter how they counted, it was the same number.

“A total of nine thousand nine hundred and ninety-nine!”

They counted carefully and came up with the final number.

And this number once again shocked them dumbfounded.

That was nine thousand nine hundred and ninety-nine Vermilion Bird pills! It wasn't the lowest grade of medicinal pills like the origin nurturing pill. Refining more than nine hundred pills in half a month was already very shocking, proving the excellence of this Grandmaster's alchemy skills.

But how was it possible to have 9999?

It was impossible to refine so many in just half a month!

The group of people stood in a daze for a long time before they looked at each other and laughed bitterly.

They had originally thought that this person would refine other pills to compete with the other five, but they didn't expect that this person was too lazy to exchange and directly increased the number tenfold.

“This person is really ... Willful!”

Deacon MA let out a long sigh with a bitter smile.

He had never seen such a willful master.

They laughed bitterly for a while, then examined the pill and put it away.

After seven days, dan LAN would arrive as scheduled.

This time, the pill Wave Gathering was different from the usual. In the past, only those from major clans and forces would participate. However, this time, it attracted countless alchemists from the medicine God mountain. The auction house was packed.

The auction hall was crowded with people and was extremely lively.

“Look! Grandmaster dan Kuang is here!”

With the arrival of the purple figure, the venue burst into an uproar.

Grandmaster dan Kuang had been the most famous Grandmaster in the past. He was also the most dazzling star in the ancient desolate alchemy world.

“Hmph!”

Grandmaster dan Kuang looked around, raised his head, and snorted, his face full of arrogance.

“What about Wuming? Didn’t he come?”

He shouted in all directions.

There was a moment of silence in the venue, but no one responded.

“Hmph! Coward! You don’t even dare to show your face!” Grandmaster dan Kuang snorted coldly. “All of you, watch how I’m going to defeat that guy. He’s just a guy who can only refine the Vermilion Bird pill. What’s so great about him?”

“I want him to know who’s the number one here!”

After he finished speaking, he flicked his sleeves and found a place to sit down.

“Aiya! It’s really lively!”

After him, Grandmaster pill fanatic arrived, causing another commotion.

“What nameless? he’s just a person fishing for fame! I, Grandmaster pill demon, am ten times more capable than he is. Perhaps even a hundred times. If I go all out this time, I can crush him with ease!”

Grandmaster pill demon came as well, and his voice was filled with pride.

The venue was boiling.

The crowd was getting more and more excited. A few top-notch grandmasters had come to compete with that nameless Grandmaster. The auction later on was going to be very exciting.

An hour later, the auction officially began as attendant MA stepped onto the stage.

“The first item of this auction is from Grandmaster dan Kuang, three darknorth frigid polar pills!”

Attendant MA cleared his throat and shouted.

As soon as he finished speaking, the four of them fell silent. Then, with a whoosh, they immediately erupted.

“It’s the darknorth frigid pill!”

“This is a half-Saint level pill, also known as a small Saint pill. It’s extremely difficult to refine and extremely precious. It’s a treasure pill that cultivators of the ice way of cultivation dream of!”

Everyone was in an uproar.
