

The Mightiest Little Peasant Chapter 1730

“Darknorth frigid pill! This kid is really going all out!”

In the crowd, Grandmaster pill fanatic grinned.

This darknorth chill pill was rather difficult to refine even with their level of strength. Moreover, the ingredients were even more difficult. All of them were items of the coldest temperature in the world. It was not easy just to gather all the ingredients.

This kid must have spent a long time collecting all the materials. This time, in order to suppress Wu Ming, he took them out and refined them into pills.

“They’ve invested a lot!”

Grandmaster pill demon was also a bit speechless.

“This pill has been appraised to be perfect and of high quality. It is a rare Little Saint pill. The starting price is 50 million. Let the bidding begin!”

Attendant MA shouted.

The moment he finished speaking, the bidding began.

From 50 million to 60 million, it only took a short moment, and the price was still rising rapidly. Very soon, it reached 70 million, 80 million ...

“It’s already at 100 million!”

” 150 million!”

Amidst the crowd’s shocked shouts, the price rose higher and higher, and the atmosphere in the hall became more and more heated.

There were three extreme north frost pills. If each pill was sold for two hundred million, it would be six hundred million. If Wu Ming still had more than nine hundred Vermilion Bird pills, he would definitely not be a match for Grandmaster dan Kuang.

And looking at the situation, this pill might not just be 200 million, but even higher.

” 220 million!”

In the end, the price was fixed at 220 million.

” 660 million! It’s still a little hard to say!”

Normally, this price would have been enough to secure first place. However, this time, the pill Wave Gathering was very different. Many top alchemists had gathered here, and they were all going all out. Although this price was high, it didn't mean that they would be able to secure first place.

"Hmph! Do you think I've only refined these three pills?"

Grandmaster dan Kuang sneered.

Everyone was stunned for a moment before coming to a realization.

That's true! How could Grandmaster dan Kuang only offer three pills for such an important match?

"Next, the second batch will be from Grandmaster pill fanatic, God battling pill Wufu! Eight!"

On the stage, Deacon MA raised a pill bottle and displayed it in all directions.

As soon as he finished speaking, everyone fell silent again. Even their breathing stopped for a moment.

Many pairs of eyes were staring at the bottle of pills.

The next moment, their eyes turned red.

The fighting God pill was a Supreme-grade treasure pill that could strengthen the body. It was famous for its grade and value. It was no less than the darknorth chill pill.

"The price is still 50 million. The bidding starts now!"

" 60 million!"

Someone immediately called out a bid of 60 million.

"Seventy million!"

Someone immediately followed.

Everyone was bidding intensely, and the atmosphere was a little crazy.

"Fighting God pill ..."

Grandmaster dan Kuang's face darkened. He had thought that he would be the one laughing in the end, but he didn't expect that this guy had also spent a lot of money and produced eight fighting God pills. He was in trouble now.

After an intense bidding, the final price was 210 million for one pill.

Following that, all kinds of pills took turns to appear on the stage. However, compared to the previous two types of pills, they were much inferior and could no longer ignite the passion of the crowd.

Although there were many pills made by famous grandmasters here, they paled in comparison to the top grandmasters like pill maniac and pill maniac.

“The next pill is from Grandmaster pill demon. It’s called the myriad birds pill! It’s a wondrous pill refined from the inner cores and souls of tens of thousands of birds. Its medicinal power is astonishing, and just one pill can make one’s cultivation advance by leaps and bounds. ”

“If an early stage immortal cultivator takes it, he will immediately reach the late stage!”

“I only have two of these pills! The starting price is 100 million for each pill!”

After attendant MA finished his introduction, the crowd went into an uproar.

This kind of pill that could make a person’s cultivation level soar was the most popular, especially this kind of pill that could directly allow a cultivator to become an immortal from the early stage to the late stage. It was the pill that all the great clans needed the most, and could be used to cultivate the geniuses in the clan.

The value of this pill far exceeded that of many Saint level pills.

Soon, there was another round of crazy bidding.

“It’s really lively!”

Many of the alchemists from the medicine God mountain were extremely excited.

The pill Wave Gathering this time was truly one climax after another. It was filled with excitement. Even extremely rare pills like the God battling pill and myriad birds pill had appeared. If it were any other time, it would definitely not be seen.

In the end, the price of the myriad birds pill was fixed at 500 million.

The two pills were sold for a total of one billion!

Then, the other two grandmasters “pills also appeared. Moreover, these grandmasters did not only have one type of pill, but also many other pills. The auction amount for each of them exceeded one billion, and some even reached two billion.

The atmosphere in the venue was getting more and more intense.

“Al! What about Grandmaster Wu Ming?”

Everyone waited and waited, but Grandmaster Wu Ming’s pill was nowhere to be seen.

“Could it be that he’s the last one?”

Everyone was guessing.

“The way I see it, this time, Master Wu Ming is going to be surpassed. In the end, he’ll only be able to make one type of pill. Look, all the other Masters have made several types of pills. Each type is worth hundreds of millions, or even billions.

“That’s true!”

Everyone shook their heads.

After a while, when they still didn’t see Grandmaster Wu Ming’s pill, everyone became even more certain.

It seemed that the nameless Alchemist’s pill had been placed at the end. At most, there was only one type. No matter how well it sold, it would definitely not surpass the five grandmasters.

For example, Grandmaster dan Kuang had offered three types of pills, and the total amount had exceeded two billion.

Grandmaster pill demon wasn’t bad either. He also had 1.7 or 1.8 billion.

“He’s definitely going to win!”

Grandmaster dan Kuang sneered.

In this pill Wave Gathering, he was definitely first. Wu Ming probably wouldn’t even surpass one of the five of them.

The other pill fanatics, Grandmaster pill demon, and the others all let out sighs of relief. They knew that victory was in the bag.

It wasn’t just the total sum. Nameless couldn’t even exceed the price of a single pill. Pill demon’s myriad bird pill was worth 500 million.

At that moment, they were all at ease.

After a few more batches of pills were sold, Deacon MA smiled and said, “Next up will be the last batch of pills. I think all of you are familiar with this person. He is the Grandmaster Wu Ming that all of you are familiar with.”

“Now, he has a new name. He’s called Hao!”

“Look, this is the name he personally carved!”

As he spoke, attendant MA picked up the pill box and showed it to everyone.

When everyone saw this, their expressions became a little strange.

“That’s Hao? This can’t be right! Why does it seem like they are separated? it’s the sun and sky!”

Everyone felt that he was more like RI Tian than Hao.

“Cough, cough! This is Haotian!” Deacon MA coughed heavily and said in an unquestionable tone.

Everyone was puzzled for a while, but they didn’t pay much attention to it. Since attendant MA said that this was Hao, then he was Hao. They thought that this Master Wu Ming had to be called master Hao.

Then, they became curious. What kind of pill did this mysterious Grandmaster Hao use?

“This time, Grandmaster Hao presented the Vermilion Bird pill again!” Said Deacon MA.

When everyone heard this, they were all stunned.

Then, there was a wave of boos.

“Why is it still the Vermilion Bird pill?!”

“Tsk! There’s nothing new!”

Everyone felt a little bored.

“Hahaha! It’s the Vermilion Bird pill!” Grandmaster dan Kuang was stunned for a moment, then he laughed out loud. “Does this guy only know how to refine the Vermilion Bird pill? I said he can’t do it, but you guys didn’t believe me.”

“How boring!”

Grandmaster pill fanatic also shook his head in disappointment.

How could he compete with them with just the Vermilion Bird pill?

“I overestimated this guy! I didn’t expect that he only knew this one move!” Grandmaster pill demon’s screech was filled with disdain.

For a moment, the place was in an uproar. Even the clan elders were somewhat disappointed. They had thought that this mysterious Grandmaster would come up with some new pills to let them see. They did not expect it to be the same old tricks.

Hearing the sneers from all directions, Deacon ma just smiled and said, “It’s indeed the Vermilion Bird pill, but there are more of them than before.”

“Hey! What’s the use of having more, how many can there be?”

“That’s right!”

The crowd laughed again.

Deacon MA looked around with a smile and reported the number word by word.

“The number of Vermilion Bird pills up for auction today is 9999!”
