

The Mightiest Little Peasant Chapter 1762

“This lowly one is the South Mountain sect’s Daoist master nine clouds. I’ve especially come to seek an audience with elder Qin Mu!”

“I’m the sect master of Lianhua Mountain, and I’m here to offer you a tribute!”

The queue was very long, and there were all kinds of people. There were people from various sects and forces, as well as people from other clans.

As long as they came to look for the Qin clan, they had to report here and be brought to Qin city by the people here.

As the foundation of the Qin clan, the Qin city’s defense was extremely tight. Its location was also kept a secret. Other than the core members of the Qin clan, no one knew its exact location.

Only those who were brought by the Qin clan members could enter.

“Al! New here, line up, one by one!”

The Qin clan’s disciples who were maintaining order saw Tang Hao and shouted.

Tang Hao looked left and right, then stood at the back of the line.

“Al! Brother, what are you doing here?”

The middle-aged man in front turned to look at Tang Hao and asked.

“I’m looking for someone!”

Tang Hao said casually.

“Oh!”

The man nodded. It wasn’t strange. 90% of the people who came here were looking for someone.

“This is so troublesome! He had to wait so long to find someone! This Qin clan has too many rules!” He looked ahead and grumbled in a low voice. By the way, brother, who are you looking for?”

“Oh! I’m looking for a wife!”

Tang Hao said.

“Wife?” That person was startled.”You ... Your Dao companion is from the Qin clan?”

He was shocked. His eyes widened as he studied Tang Hao.

One had to know that this kind of clan rarely married outsiders. Usually, they would marry with the same surname to maintain the purity of their bloodline.

And those who came here to look for him were all the core members of the Qin clan. Thus, it was even more impossible for them to form a marriage alliance with outsiders.

Even if there were, they were in the minority.

“Yup!” Tang Hao nodded.

“You must be bragging!” That person clearly didn’t believe him. Those were the core members of the Qin clan. Each of them had a high status and their strength wasn’t weak. How could they take a fancy to this fellow?

The people in front heard their conversation and turned around to look at Tang Hao. They sized him up and chuckled.

They were also certain that this fellow was just bragging. They had never heard of any Qin clan members marrying outsiders. There was an 80% chance that he was a dandy descendant of some clan who came to pursue a young lady of the Qin clan.

“Wife? You’re really shameless!”

They sneered and turned back, no longer paying attention to him.

They had seen many young people like this who were full of themselves. There were people from every race, so it was nothing strange.

The team slowly moved forward ...

Every time a dozen or so people were gathered, a Qin clan member would lead them and fly towards Qin city.

After about an hour, it was finally Tang Hao’s turn.

“What are you doing here?”

The person in charge of receiving them was a man in his 50s. He was the managing elder of the Qin clan.

“I’m looking for someone!” Tang Hao said.

“Who are you looking for?” The managing elder asked.

“Hahaha! He just said that he’s here to look for his wife!”

The few people in front were standing to the side waiting, and one of them laughed.

“Wife?”

The Qin clan's butler furrowed his brows. His expression darkened and the way he looked at Tang Hao became unkind.

"What? This person actually came to the Qin clan to look for his wife?"

"Hahaha! He's really bold to say that!"

The group behind him immediately boiled over, and everyone burst into laughter.

"Which clan are you from?" The managing elder glared at Tang Hao unhappily. In his mind, this was probably another young master who had come to pursue his Qin clan lady. "Which lady are you here for?"

Even though he was a little displeased, he did not immediately chase this fellow away. After all, he was still unclear of this fellow's identity.

"Her last name is Qin ..." Tang Hao said.

"You're talking nonsense! This is the Qin country, if her surname isn't Qin, what is it!"

Before he could finish, he was interrupted by the managing elder, causing the crowd to burst into laughter again.

However, the name that came out of this fellow's mouth in the next moment shocked all of them.

"Her name is Xiangyi, Qin Xiangyi!"

Tang Hao said.

The moment he finished speaking, there was a sudden silence. All the laughter instantly stopped, and the silence was a little scary.

Everyone was in a daze.

"Qin...Xiangyi? I didn't hear about it, did I?"

"That's right, he said that name!"

Many of them wondered if they had misheard him. Then, they widened their eyes and stared at Tang Hao in disbelief.

With a hiss, some people couldn't help but gasp.

Qin Xiangyi!

They were all too familiar with this name!

In the state of Qin, and even in the entire spirit wilderness, who didn't know this name!

During the blood source ceremony, her appearance had shocked the entire spiritual wilderness. Not only did she have a peerless Dao body, but she also had an alluring appearance. Although she had only appeared a few times, she had already conquered all The Young Elites in the spiritual wilderness.

It was no exaggeration to say that the number of people who wanted to pursue her could line from one end of the spiritual wilderness to the other.

But even with so many admirers, no one dared to come to his door like this and even dared to make such a joke!

Wouldn't the Qin clan skin this kid alive!

One must know that in the current Qin clan, her status was very high. It was said that she was only below the Holy Son and was known as the Holy maiden of the Qin clan. How could the Qin clan allow someone to insult her like this?

Bang!

There was a loud bang.

The managing elder slammed the table and stood up. His face was terrifyingly dark and his eyes were filled with anger.

"You're so bold! How dare you insult the saintess of our tribe!"

He gritted his teeth and shouted.

"You have guts!"

"Where did this fanatic come from?"

The young disciples of the Qin clan in all directions were even more enraged as they roared.

In their hearts, Holy Virgin Qin was like a goddess, and this guy actually dared to insult her. He was simply courting death!

"I didn't say anything wrong! If you don't believe me, you can ask her and tell her that my surname is Tang. She'll definitely meet me!" Tang Hao said.

He was also a little depressed. He was clearly telling the truth, but these people just didn't believe him.

"Hmph! You still dare to talk nonsense, when did the Holy maiden have a Dao companion!" The managing elder reproached sternly.

This fellow was simply spouting nonsense. The saintess came from the ancestral star of the lower realm. Ever since she came to the Qin clan, she had never left. How could she have a Dao companion? This guy was too shameless!

“It’s true! She’s from the ancestral star, I’m from the ancestral star too!” Tang Hao said.

The managing elder was stunned, this guy was also from the ancestral star? Was it really related to the Holy maiden?

He hesitated for a moment, but when he thought about it, he felt that it was impossible. During the Grand ceremony of blood source, only a few people were brought over from the ancestral star. There was no such person.

However, the ancestral star was very special. It had been abandoned for a long time, and there was basically no spirit energy in it. It was impossible for anyone to come to Pangu continent from there on their own.

“It’s most likely nonsense!”

He thought to himself, and his face darkened again.

“You are from the ancestral star? Buzzzzzz! Only a ghost would believe that! Get lost, get lost. My Qin clan doesn’t welcome you!” He laughed mockingly, then waved his hand and chased Tang Hao away.
