

The Mightiest Little Peasant Chapter 1809

“Who is he?”

At this moment, everyone’s eyes fell on the figure in the air.

Their faces were filled with shock and horror.

As soon as this man appeared, he blasted away dozens of fifth tribulation Almightyies. Such strength was really shocking.

When they saw it clearly, they were stunned. It was only a primordial spirit!

Just the descent of a primordial spirit had such divine might. One could only imagine how powerful this person’s true strength was!

Tang Hao furrowed his brows in the crowd.

The situation was getting more and more complicated. Originally, when thousands of 5th tribulation Almightyies were fighting, it was difficult for him to intervene when he was at the 1st or 4th tribulation. After waiting for so long, he couldn’t find an opportunity to attack. Now that an even more powerful expert had come, it would be even more difficult to get the treasure.

The faces of those 5th tribulation Almightyies were even more unsightly. They were all 5th tribulation Almightyies, and their strength was not much different. Originally, they all had the chance to get the treasure, but now that this man had come, their hope was somewhat slim.

“Who is this person?”

They sized him up, and their expressions were a little puzzled.

Judging from his aura, he must be a sixth tribulation expert, and such experts were rare on Pangu continent.

“Hmph! A bunch of ants!”

Black sky old ancestor stood in the air and looked around, his eyes shining.

“You want to get your hands on my treasure? In your dreams, all of these things are mine.”

He raised his hand and pointed at the nine-Dragon coffin as he shouted.

Then, he pointed in all directions and shouted, “Your lives are also mine!”

In an instant, there was a commotion and many people revealed panicked expressions.

This person's evil Qi was soaring to the sky. He must be the master of the evil sect who had killed people like they were numb. For such a person, devouring flesh and blood and using living people to refine pills was a very normal thing.

Even those five tribulations Almighty's "expressions changed and they retreated.

"Senior, it's fine for you to take the treasure, but isn't it a little too much to take your life as well?" A five tribulation Saint shouted indignantly.

"Too much?"

Patriarch black sky was stunned for a moment, then he burst out laughing. "I can do whatever I want. What business do you have?"

"Senior, don't forget that there are many ancestors in our clan. If you dare to mess around, the ancestors of our clan will definitely not let you off!" The old man from the Zhong clan shouted coldly.

Ancestor black sky sneered and said in disdain, "What ancestor? In my eyes, they're just little kids. When I was commanding the wind and clouds, they were still nowhere to be seen!"

"This guy's tone is too big!"

When everyone heard this, they all secretly laughed.

There were many ancestors in their clan, and the oldest had lived for more than ten thousand years. However, in this guy's mouth, he was just a little kid. It was ridiculous!

Could it be that this guy was an ancient monster that had lived for tens of thousands of years?

"What's wrong? You don't believe me?" "Hmph!" Patriarch black sky snorted. "I might as well tell you that I am patriarch black sky. I once commanded the 33 heavens. Even that old man Changliu can't do anything to me and can't kill me!"

Hearing this, everyone was shocked.

"Stay for long? Could it be that immortal Chang Liu?"

"Heavens! Could he really be an ancient monster?"

Everyone exclaimed in shock.

"Back then, that old man Changliu couldn't kill me, so he suppressed me and tried to use the power of time to obliterate me. After tens of thousands of years, I didn't die, but he did!" Ancestor black sky sneered.

"It really is an ancient fiend!"

Everyone couldn't help but turn pale with fright. Many people's faces turned pale and revealed a look of panic as they began to retreat toward the passageway.

"Old man Changliu, old man Changliu, you didn't expect this, did you?"

Ancestor black sky looked at the coffin and sneered, "even if your cultivation is higher than mine, so what? your life ... Is not as hard as mine! You don't need these treasures anymore, so give them all to me!"

As he spoke, he stretched out his hand and grabbed the coffin.

But the moment his palm touched the coffin, his entire body trembled and he let out a blood-curdling scream.

A golden light rose from the coffin. The moment it touched his primordial spirit, it started burning.

He hurriedly let go of her hand and retreated, looking a little embarrassed.

"Motherf * cker!"

After he stopped, he couldn't help but curse.

He had forgotten that the nine-Dragon coffin was made of materials of extreme yang, which naturally restrained evil and souls. With his current primordial spirit body, he could not take it.

"I have to think of a way to keep this nine Dragon coffin!"

He muttered to himself. After a moment, an idea flashed through his mind and he had a good idea.

"Little brat! Take it!"

"Die!" He shouted and suddenly reached out his hand, striking out a handprint on the coffin.

Bang!

There was a loud bang.

Then, the coffin flew out and headed straight for the crowd at the entrance of the passage.

The crowd was in an uproar. Everyone was confused. They didn't know what was going on, and who was this kid that the old ancestor was talking about? did he have an accomplice?

They looked around blankly, searching for their companion.

Tang Hao looked around as well. He was puzzled. This was clearly an ancient monster that had been suppressed by immortal Chang Liu. He had probably just broken out of the seal recently. Where did he find an accomplice?

However, after walking around, he didn't see anyone suspicious. When he looked up at the coffin, his expression suddenly became a little strange. He didn't know if it was an illusion, but he actually felt that the coffin was coming toward him.

He almost laughed out loud when he thought of this.

How could this be possible?!

He had nothing to do with this ancient demon, so why would he give him the treasure?

The corners of his mouth were half-open, and he was about to laugh out loud, but then he froze. His eyes slowly widened, and he looked ahead in a daze.

In his sight, the coffin flew straight toward him and stopped in front of him.

Tang Hao was dumbfounded!

The people around them were also stunned. Their eyes were wide open, and their mouths were open in an o shape.

"Isn't ... Isn't that great master Shi?!"

"How could it be him? You must be mistaken!"

Everyone was a little confused.

The kid that the ancient demon was talking about, his accomplice, was actually great master Shi?

'How ... How is this possible?'

Great master Shi was an expert of the Shi clan, and his array skills were heaven-defying, how could he have anything to do with this kind of ancient demon?

Tang Hao stood there, looking at the Golden coffin that was within his reach and the Divine Chariot in it. He was in a daze. He felt like he was in a dream. If it wasn't a dream, why would someone deliver such a precious treasure to him?

"Aiyu!"

He even raised his hand and pinched himself, shouting in pain.

It would hurt!

'This isn't a dream!'

In the next moment, his entire body quivered as he woke up.

He didn't move to collect it, but instead revealed a vigilant expression. As the saying goes, there must be a demon behind abnormal things. This old devil definitely wouldn't be so kind as to give him such a great fortune for no reason.

"Senior, you must be mistaken!"

He cupped his hands and said to ancestor black sky.

The corner of ancestor black sky's mouth twitched and he laughed sinisterly."Kid, I'm not mistaken, it's you! However, you don't have to be happy too early. I'm not that kind to give you such a good treasure!"

"This treasure is mine, and your body is mine!"

Tang Hao's expression changed when he heard that.

This old monster wanted to possess his body!
