

## The Mightiest Little Peasant Chapter 1823

Ah!

A blood-curdling screech pierced through the sky.

Then, there was the sound of blood spurting out.

The Yao clan's mighty figure took this arrow head on and spat out a mouthful of blood. His body was like a cannonball as he flew backward and crashed heavily into the cave wall.

His treasured clothing was in tatters, and his flesh was a mess. His face was as pale as a piece of golden paper, without a trace of blood.

"Heavens!"

Everyone exclaimed in shock.

That was a 5th tribulation Almighty, but he was also blown away by that kid's arrow and was seriously injured!

"That bow ... It's not ordinary!"

"What is this bow? How come I don't recognize you?"

The faces of the group of 5th tribulation Almighties were extremely grave. They were at the same cultivation level as Yao Lao, and the difference in strength was not big. Yao Lao was blown away by this arrow and spat out blood. If it were them, they would probably not be any better.

They stared at the bow, trying to identify its origin.

However, this bow was a little strange. Its style was very simple, and it looked a little tattered. It didn't look like a divine bow at all, so it was impossible to identify it.

"Damn, this kid is too abnormal! Each of them has two Supreme artifacts!"

Many mighty figures cursed, feeling extremely depressed.

They didn't even have a single supreme weapon, but this kid actually had two.

Then, their eyes turned red.

One Supreme artifact was enough to make them fight until their heads broke, let alone two. It could completely make everyone in the world go crazy. No matter how high the realm of the Almighty, or how powerful the clan was, they could not resist this temptation.

"Hahaha! Fellow Daoists, this is an unexpected surprise!"

“This kid is not bad. He’s a good person. He’s here to give us treasures!”

They laughed heartily and were overjoyed. Their eyes were burning with greed as they looked at Tang Hao.

This kid already had a lot of treasures, including several Emperor artifacts. Now that he had a Supreme artifact, it was a pleasant surprise.

They looked at each other, unable to hold back any longer.

These were two Supreme artifacts, and the nine Dragon coffin was also a rare treasure. He couldn’t miss it no matter what.

Whoosh! Whoosh!

One of the higher-beings took the lead. His golden eyes opened and shot out two beams of divine light.

Those were two golden swords that transformed into two golden flood Dragons. They were wrapped in a monstrous fiendish Qi as they attacked.

“Hmph! This kid is mine!”

Then, the rest of the mighty figures rushed forward.

In an instant, countless beams of immortal light shot up into the sky, and a terrifying force spread out, shaking the void.

Some of the Almighty took out their tribulation weapons, most of which were at the seventh tribulation. There were not many at the eighth tribulation, and there were even fewer Emperor weapons. However, in their hands, these seventh and eighth tribulation weapons all exploded with astonishing power.

There were also some who directly took out their immortal abodes. Divine mountains of various colors and immortal palaces filled the sky, releasing terrifying immortal might.

Hiss!

Everyone watching the battle gasped in shock.

There were thousands of five-tribulation powerhouses attacking one person at the same time. Such a lineup was really frightening!

“Even a 5th tribulation expert would be blown to pieces!”

Someone said in surprise.

However, the figure still stood in the middle of the field without the slightest panic.

Tang Hao took a deep breath as he faced the light that filled the sky. His eyes suddenly shone with determination, and a shocking battle intent gushed out from his body.

Even though this lineup was terrifying, he still had a trump card that was enough to fight!

At this moment, his primordial spirit was sitting cross-legged in his sea of consciousness. He opened his hand and a Pearl appeared in his palm. It was crystal clear and there was black smoke rolling inside, emitting a shocking evil Qi.

This was a part of old man black sky's primordial spirit.

The old man was once an 8th tribulation expert, and his primordial spirit was extremely powerful. Even though it had been suppressed for tens of thousands of years and its strength had been greatly reduced, the foundation of his primordial spirit was still there, and it was even more powerful than an ordinary 6th tribulation.

With Tang Hao's fourth tribulation volume, he could not absorb it all in a short time. Moreover, if it were not for the miraculous cultivation method he cultivated, he would have exploded and died long ago.

After his primordial spirit broke through to the fifth tribulation, a part of the old man's primordial spirit was left. Tang Hao condensed it into this Pearl.

He held the bead in his palm, opened his mouth, and swallowed it.

The moment it entered his stomach, the Pearl spread out and turned into waves of primordial spirit power.

Tang Hao's primordial spirit immediately began to expand. It shone with a piercing light, and its aura grew even more powerful.

In the outside world, Tang Hao's head shone with a golden light that turned into a pillar of light that shot into the sky.

"What ... What is this aura?"

All of the mighty figures were stunned, and even their movements came to a halt.

They could all clearly sense that the kid's aura was rising crazily.

"It's the primordial spirit!"

"What is this? Where did this kid get such strength from?"

In their horrified eyes, the aura soared wildly. Then, the golden light suddenly brightened, and his primordial spirit rushed out. His body expanded rapidly, turning into a ferocious giant God.

"What ... What the hell is this?"

Everyone looked up and was dumbfounded.

“The bow!”

The giant God shouted in a low, muffled voice. With a wave of his hand, the red bow flew up and suddenly expanded, turning into a giant bow. At the same time, the arrow also expanded.

He reached out and grabbed the godly bow. He nocked an arrow and pulled the bowstring.

In an instant, the wind and clouds surged, and the void trembled.

The entire mausoleum trembled under the terrifying aura.

Plop! Plop!

Among the crowd at the entrance of the cave, many people could not withstand this powerful force. They were forced to kneel and sit down, their bodies trembling.

At this moment, everyone raised their heads and looked in shock at the giant in the sky, who was like a divine mountain, and the divine bow in his hand.

Their hearts trembled under this divine might.

Even those 5th tribulation Almightyies were full of shock and even fear.

The power of the previous arrow was already quite terrible. One arrow could hurt a fifth tribulation warrior. This arrow was more than ten times more terrible than the previous one. One arrow could probably turn a fifth tribulation warrior into ashes.

“Retreat!”

The five tribulations Almightyies in front were the first to react. Their faces were all pale. After they stopped, they frantically retreated.

However, at this moment, there was a “Chi” sound. It was the sound of the bowstring vibrating. Then, there was a “Swoosh”. The Golden Arrow shot out and turned into a huge golden light as it came for him.

Everywhere it went, the void cracked and countless black lights appeared.

Peng Peng Peng!

In front of this terrifying golden stream of light, all the Tribulation weapons were blown away, and the figures were also blown away. The few people at the front let out a wail and spat out a mouthful of blood. The few people behind were better off, but they were also blasted pale and in an extremely sorry state.

???

Muffled groans and screams of pain rang out incessantly.

The golden light was invincible, tearing the crowd apart and finally hitting the wall of the cave.

The entire cave instantly fell silent.

Everyone stood there, stupefied.
