

The Mightiest Little Peasant Chapter 1824

Gulu!

In the deathly silent cave, the sound of saliva being swallowed could be heard.

Everyone's eyes swept around, and they were all shocked.

One arrow!

With just one arrow, it forced back thousands of fifth tribulation Almighties and even seriously injured more than ten of them. The power of this arrow was simply earth-shaking!

"This arrow ... Is too terrifying!"

"How did that kid suddenly become so terrifying?"

Everyone gasped in shock.

If the person who shot the arrow was a 6th tribulation expert, they would not be surprised at all. However, this was clearly a 4th tribulation kid. Although he had broken the iron rule of the sage realm and his primordial spirit had advanced to the 5th tribulation in advance, he was not a real 5th tribulation expert.

"What ... What is that?"

They raised their heads and looked at the giant God in the sky. They were more and more shocked.

This should be a primordial spirit, but they had never seen a primordial spirit in this form. The aura it exuded was ancient, wild, deep, and hellish. It was like an ancient God and demon, extremely terrifying.

"How could this be ..."

The Saint children's faces were all pale, and they looked like they had lost their souls.

They couldn't accept it. This man surnamed Tang was a young man like them, and his status was low. He was just a wild kid from the lower realm, but he had far surpassed them. He could even cross a generation and challenge the figures of the previous generation.

This level of strength was so strong that it made them feel fear and even despair.

"What Holy Son? You're not even as good as a kid from the lower realm!"

Some of the Saint children laughed at themselves, and their laughter was somewhat desolate.

All of them were once Glorious Sons of Saints, the proud sons of the heavens, and were highly respected in the spiritual wilderness. However, the appearance of this fellow surnamed Tang caused him to rise like a comet, overshadowing all of them.

First, it was tianlao mountain, then the battle just now. They had been hit again and again, and their pride had been shattered.

The fifth tribulation Almighty's stopped and looked around with lingering fear on their faces.

This arrow was too terrifying. It was at least equivalent to a 6th tribulation attack.

"This kid ... Where did he get such power?"

A major power asked in bewilderment.

"Tsk! That's hard to say. This kid has many tricks up his sleeve, and he even has two Supreme weapons. It's hard to say if he doesn't have other rare treasures." A major power said with a frown.

"In my opinion, it's probably the remnant soul of old devil black sky. Think about it, with that kid's body, how could he have devoured the old Devil's primordial spirit? he must have left a part of it behind. Right now, he's burning the old Devil's primordial spirit to unleash such a terrifying power."

Some mighty figures guessed.

"Hmph! Since it's an external force, then there's nothing to be afraid of! As long as we can hold this kid for a while, we can wait until our energy is exhausted. At that time, this kid will be at our mercy!"

The expressions of all the mighty figures eased.

As long as it was an external force, they had nothing to be afraid of. They just had to hold it back.

"We must trap him!"

"We can't let this kid get away!"

They shouted and scattered.

"Hmph!"

"Hmph!" Tang Hao snorted disdainfully as he looked around.

"You think you can stop me?" He laughed coldly and drew his bow. This time, he didn't even use an arrow. A bright light gathered on the bowstring and turned into an Arrow of Light.

Whoosh!

The Arrow of Light shot out, blasting towards a mighty figure.

The higher being was a little disdainful at first. He thought that without the arrow, the power would be greatly reduced and he could easily block it. However, when he went to catch it, he was shocked. The arrow light came and exploded, shattering his defensive light curtain.

“Ah!” He screamed and spat out a mouthful of blood. He was sent flying and fell heavily to the ground.

“I’ll see how many arrows you can take!”

“Fire!” Tang Hao shouted. He drew his bow again and fired another arrow.

Whoosh! Whoosh! Whoosh!

He quickly pulled the bowstring, and the arrow light shot out in all directions like a fairy scattering flowers.

Peng Peng Peng!

For a time, the sound of explosions was endless. From time to time, there were muffled groans and miserable screams as figures were sent flying.

“Heavens!”

The crowd was shocked when they saw this.

These people who were blown away were all 5th tribulation Almighties!

And their opponent was only a 4th tribulation kid!

“What kind of bow is that?”

“How does that kid still have energy left?”

The group of mighty figures retreated one after another, screaming in anger and looking extremely miserable.

That bow was definitely an extraordinary treasure. It must have a great background, otherwise, it couldn’t have such power!

“What five tribulations? It’s nothing more than this!”

Tang Hao laughed mockingly and fired another arrow.

This time, he used an arrow. Wherever the arrow light went, there would be screams and blood.

“You ... Stinky brat, don’t be so arrogant!”

When the mighty figures heard this, they cried out in anger, and their old faces flushed red.

This hateful brat actually dared to mock them, but they couldn’t refute it. They were about to explode from anger.

After firing a few more arrows, Tang Hao called back the arrows and pulled the bowstring again. The group of old monsters trembled in fear and retreated in panic.

Once this arrow was used, the power of the divine bow would increase explosively, and it could not be taken head-on.

However, Tang Hao suddenly stopped. He smiled. "I'm done playing with you, old men!"

After he finished speaking, he lifted the tip of the arrow and aimed it at the top of the cave.

"Not good! He's trying to run!"

The group of old monsters were stunned for a few seconds before they finally reacted. Their expressions changed drastically as they rushed out one after another to stop him.

But it was already too late. The arrow light shot out and directly shattered the top of the cave, jabbing a big hole in the immortal tomb that went straight into the sky. The figure then jumped up and rushed out of the cave, causing them to all miss.

When they reached the entrance of the cave and looked up, there was no trace of the kid.

"Aiya!"

They slapped their thighs and were so remorseful that their intestines turned green.

"What are you still standing there for? Hurry up and chase! There's still a chance now, but once that kid runs far away and leaves the spiritual wilderness, it'll be completely gone!" A mighty figure cried out. His body turned into a stream of light and rushed out of the cave in pursuit.

"Yes, yes, yes! We have to Catch That Kid, we can't let him escape!"

The group of mighty figures came to their senses, gritted their teeth, and followed.

If they didn't catch up with that kid, where would they put their face? if the world knew that they couldn't Catch That Kid even with so many old men, they would become a joke, just like their own Saint.

Besides, that kid still had so many treasures on him, and they had to get them. Otherwise, when the news spread, the entire Pangu continent would be shaken and driven crazy. At that time, people from all over the world would rush over, and they would have no chance to get their hands on them.

However, when they rushed out of the immortal graveyard and looked around, they couldn't find the boy's trace. They had no choice but to split up and chase after him.
