

The Mightiest Little Peasant Chapter 1826

The incident at Mount Changliu was like a gust of wind that quickly spread throughout the spiritual wilderness, causing a huge commotion.

The entire spiritual wilderness was in an uproar.

The people were all shocked, aghast, and in disbelief.

Everything that had happened at Mount Changliu was simply too shocking and sensational.

That brat surnamed Tang had reappeared and displayed his astonishing array Dao attainments ...

He was only at the fourth tribulation realm, but he blocked the possession of an ancient demon at the sixth tribulation realm and devoured it in turn, breaking the iron rule of the Saint realm. His primordial spirit advanced to the fifth tribulation, and his strength soared.

A nine-Dragon divine coffin and a Supreme divine armor appeared in the immortal tomb, and he obtained them all.

Not only that, but he also had a divine bow on him. With this bow, he had forced back thousands of powerful beings with one arrow and escaped from the siege.

All of this sounded like a fantasy story.

“You don’t know how tragic it was. So many Holy Sons attacked, but they couldn’t do anything to that Tang guy. They were blown up one by one. I don’t know how many bodies were destroyed!”

“That arrow was truly earth-shattering! Even thousands of 5th tribulation Almightyies would have to avoid it!”

After leaving Mount Changliu, the people involved would tell everyone they met with exultation.

Those who were listening were also speechless from time to time, revealing a look of surprise.

As they spread the news, more details of the situation were spread and made known to the world.

At the same time, the news had also reached the various great clans, causing a huge commotion.

The great clans were shocked at first, but then they were furious. The Holy Sons of all the clans had joined forces, but they were still defeated by that brat surnamed Tang. It was a great humiliation.

The Yao clan and the other great clans were especially furious. Their Saint children’s bodies had been blasted apart and they were almost crippled.

The Holy Son was the face of the clan. They had spent countless efforts and resources to cultivate him. He was the hope of the clan’s future. Now that he had been destroyed by that kid, how could they not be angry?

“So what if you’ve broken the iron rule? No matter how monstrous you are, you’re still a young brat. It’ll be as easy as flipping my hand for the Zhong clan to crush you!”

“Find that kid and bring him back! I want him to know that the people of the Baili clan are not so easily bullied!”

Furious roars rang out from the ancient cities of the various great clans.

Then, the ancient city opened up, and countless beams of immortal light shot up into the sky and surged in all directions.

These people’s auras were tyrannical, and all of them were 5th tribulation Almightyies. There were even some existences with even more terrifying auras, which were the 6th tribulation powerhouses.

Their expressions were cold and murderous. They vowed to find that brat and take revenge for their humiliation.

More importantly, he had to get the treasure from that kid.

Two Supreme weapons, a nine-Dragon divine coffin, and a few Emperor weapons. That kid was full of treasures, like a moving treasure vault. No matter which clan it was, once they got these treasures, their strength would skyrocket.

Not only these main clans, even some sects and idle cultivators could not hold back.

“Two Supreme artifacts! There was also a nine-Dragon coffin! Oh my, this is amazing!”

“Hahaha! This is a heaven-sent opportunity!”

Throughout the spiritual wilderness, many reclusive mighty figures were also shocked by this news. They came out one after another and joined the pursuit.

“This kid ...”

When the news was sent back to the Qin clan, the Qin clan leader couldn’t help but be stunned. He stood there and was dumbfounded for a long time.

He had always thought that the kid had run far away and was no longer in the spiritual wilderness.

However, he had never expected that the brat would be so bold to hide in the spiritual wilderness and cause such a huge commotion the moment he appeared.

He had broken the iron rule of the Saint realm and had two Supreme weapons. Even he was shocked.

“What kind of a monster is this!”

After a long time, he finally came back to his senses and exclaimed in admiration.

Then, he frowned and looked regretful. He shook his head and sighed, "What a pity! What a pity!"

That kid was indeed a monster. He had surpassed all the Holy Sons in the spirit wilderness. Just the fact that he had broken the iron rule of the Saint realm was enough for him to be famous all over the world. He would shake the entire world and rise to the ranks of the Supreme youths.

However, it was precisely because he was too monstrous that it was such a pity!

As for the other young Supreme-beings, which one of them didn't have an illustrious background? which one of them wasn't the Holy Son of a super-large clan? which one of them wasn't the inheritor nurtured by the 33 heavens? that was why they had a body full of treasures and talent, and were completely fine.

However, this boy was different. He had no background, and was just a wild boy from the lower realm. He had no one to rely on on Pangu continent, but he had a precious treasure with him. He would be hunted down by the people of the world.

The thousands of clans in the spiritual wilderness, as well as the countless reclusive experts, would all go crazy over it.

When the news spread, the entire western wilderness, ancient wilderness, and even the entire Pangu continent would go crazy.

In such a situation, a tribulation four tribulation kid was definitely going to die!

"With this kid's talent, if he had been more stable, he would have definitely grown up and become a giant figure. You're too ostentatious!"

He sighed again.

That kid's talent had even moved him.

"Men, immediately send out all the fifth tribulation elders in the clan and invite the six tribulation elders to come out of the mountain and lead a team to hunt down that brat!"

"I must find him before the other clans! I don't care about that kid's life, but I must get the treasure!"

After weighing the pros and cons for a long time, he finally made a decision.

Very quickly, a commotion broke out in the ancient city of the Qin clan. A moment later, countless rays of light shot into the sky. They split into teams and rushed in all directions.

As more and more clans and powerful rogue cultivators joined in the pursuit, the sky above the spiritual wilderness became extremely lively. There was immortal radiance everywhere, and every few days, there would be terrifying spiritual wills descending and sweeping the land.

Under the search of these powerful beings, almost every corner of the spiritual wilderness had been turned over.

Such a huge commotion naturally couldn't be hidden, and it quickly spread to the other desolates.

"Tang Hao?"

Hearing this name, the people from the other barren lands were stunned.

They had some impression of this name. When they thought about it again, they remembered that not long ago, there was news in the spirit wilderness that a wild kid from the lower realm had defeated a hundred of the spirit wilderness 'Saint children in one go, causing a sensation in the spirit wilderness.

At that time, they had laughed at the spiritual wilderness.

When they heard the details of the situation, they were also shocked and dumbfounded.

"Break the iron rule of the sage state? Oh my God! He's the first person to do so since ancient times!"

"What? He has two Supreme artifacts?"

They were shocked at first, then their eyes turned red and they almost went crazy.

No one in the world could resist the temptation of two Supreme artifacts!

"Let's go!"

In the other desolates, many xiuzhe swarmed towards the spiritual wilderness and joined the pursuit.
