

The Mightiest Little Peasant Chapter 1845

“Where’s that kid?”

“It’s not here!”

Angry roars came from the sky.

Countless divine senses rushed into chaotic World Mountain and began to search frantically.

With the group of demons in the lead, the pursuers also rushed into chaotic World Mountain and scattered in all directions, looking for the traces of their target.

However, the terrain of chaotic World Mountain was too complicated, and danger lurked everywhere. Even fourth or fifth tribulation saints would have to be careful, which increased the difficulty of the search.

“Even if we have to dig three feet into the ground, we have to find that guy!”

“Hurry up! We can’t let him recover his vitality!”

After a long search, many people became impatient.

The man surnamed Tang was quite powerful. Once he recovered, they would have to pay a greater price to take him down.

“This aura ... It can’t be wrong. It’s left behind by that guy. He passed by here before!”

Very quickly, someone tracked down the target’s trail.

They followed the trail and gradually went deeper.

But along the way, he stumbled and spent quite a bit of time.

“Eh? Why did it become hot? What’s in front of us?”

“This temperature ... Is a little unusual!”

Sensing the rapidly rising temperature, their expressions changed.

“I’m not sure! This is the depths of chaotic World Mountain, and I’m afraid not many people have come here before. I’ve never heard of such a space in chaotic World Mountain.”

Everyone shook their heads.

“Hey! No matter where it is, quickly find that bastard and let this Black Tiger kill him!”

Liu heihu shouted impatiently with his big stick on his shoulder.

“It is! Hurry up, don’t dawdle and waste time!”

Quite a few people started to shout.

Then, the team accelerated and advanced forward.

Ten minutes later, they finally followed the trail and arrived at the land of Nirvana.

“This mountain ... Seems to have been burned by a fire!”

“Look, there’s fire over there ... This aura is definitely not an ordinary fire!”

They looked around and noticed the burning valley.

When they took a closer look, their bodies trembled, and their expressions changed.

In the sea of fire, there was a figure. It was obviously that Tang guy.

“Hahaha! I’ve finally found it!”

“So you’re here, Tang kid!”

They shouted one after another, revealing looks of wild joy.

Liu heihu was also overjoyed, but then he frowned and murmured, “Eh? Did this guy just swallow something?”

He vaguely remembered that when he first found this guy, it seemed to have swallowed.

“Hey! It must be a medicinal pill! There’s nothing to worry about!”

Then, he felt relieved.

It’s just a medicinal pill. At most, it can recover some vital Qi. How can it overturn the heavens?

This man surnamed Tang’s fate was over. He was destined to die Here today.

There were also many people like him who had noticed this, but they also didn’t care. At this moment, they just wanted to get the last blow and kill this Tang guy so that they could get all the treasures on him.

“This kid’s life is mine!”

“Don’t fight with me!”

The group of top geniuses moved the fastest. With a shout, they all swept out and pounced toward the valley.

Ye Jiuxuan, Liu Heihu, and the others were among them.

The rest of the people followed closely behind them.

In the blink of an eye, the group of evildoers had arrived at the valley and were about to kill them. However, at this moment, the figure in the valley suddenly raised his head. There was no trace of fear on his face. Instead, he revealed a mocking smile.

When they noticed this, the group of geniuses were stunned and felt a little strange.

This guy was already at death's door, how could he still laugh?

"Hmph! He's just bluffing!"

"Even if he has recovered his vitality, what's there to fear? even if he's at his peak, I can still kill him without hesitation!"

The group of geniuses snorted angrily.

Although this fellow surnamed Tang was powerful, none of them were weak, either. They were the top geniuses of Pangu continent.

"Is that so?"

Tang Hao smirked coldly. The teasing look on his face became even more intense.

"This guy is so arrogant!"

"Hmph! You're just a barbarian from the lower realm. You're already at death's door, yet you still dare to be so arrogant!"

The geniuses were furious.

In the crowd, Liu Heihu suddenly had a bad feeling.

"Could it be ... That this guy still has a trump card?"

He was an old enemy of this guy and knew how cunning and scheming this guy was. Maybe he really had some hidden cards!

Before he could react, the figure in front of him suddenly snorted and took a step forward.

Bang!

His feet landed on the ground with a loud bang.

In an instant, the mountains shook and the earth shook.

An indescribable and terrifying Qi exploded from that figure, transforming into furious waves that madly spread in all directions.

“What ... What is this?”

In an instant, all the geniuses' expressions changed.

Their eyes widened when they sensed the aura that was surging forward. Their faces were distorted from extreme shock.

The next moment, a series of muffled groans sounded.

As if struck by lightning, the group of monsters who were charging forward trembled violently and were sent flying by this aura.

Then, there was a series of screams. This violent aura continued to spread, sending a group of people surging from behind flying. They were also sent flying in a sorry state, and some of the weaker ones even had blood spurting out with a few plops.

Peng Peng Peng!

For a moment, the figures fell to the ground like dumplings.

Everyone was stunned.

Their expressions were dazed, their hearts were somewhat shocked, and even more confused.

“What ... What's going on?”

“This aura ... How is this possible?”

They all looked at the sea of fire in front of them, their eyes filled with deep shock.

Wasn't this guy like a lamp without oil? how could he still erupt with such terrifying power? And where did this power come from?

In the valley in front of them, a violent aura rolled out. The sea of fire churned violently, turning into a pillar of fire that shot into the sky.

Weng Weng Weng!

The ground began to shake under the terrifying force.

The figure stood in the sea of fire, his robes and long hair fluttering in the wind. Divine light shot out of his eyes like lightning. He was like an ancient God, his divine might shocking the sky.

“Oh my God!”

Liu heihu fixed his eyes on it. He groaned and cursed, “this bastard, he really has a hidden hand!”

“Heavens! Look, his aura is still rising ... He’s getting more and more terrifying!”

“No, he’s absorbing this power. His realm is rising, and he’s already halfway through the fourth tribulation. That’s fast!”

Exclamations of shock could be heard from all directions.

Everyone looked on for a moment, and their expressions became more and more horrified.

This guy ... He was actually absorbing this power and raising his realm in front of them.

“Hurry up! Stop him!”

“I can’t let him continue!”

The geniuses were all burning with anxiety.

Compared to them, this guy’s cultivation level was still a little weak. His only advantage was the fifth tribulation of the immortal soul Stage. If his cultivation level was also raised, he would definitely become stronger.

“Don’t even think about it, Tang kid!”

The Yao race monster roared and his body shook. His golden armor glowed and a Dragon’s Shadow rose. He held a divine spear in his hand and turned into golden lightning as he rushed toward the figure in the valley.

“Get lost!”

In the valley, the figure gently raised his hand. The surrounding flames surged and suddenly turned into a huge palm, which slapped over.

Bang!

With a loud bang, the Yao clan genius groaned and was forced back.

Whoosh!

Ripples appeared in the void, and a hole was cut open. The evildoer of the night race came out from the hole and attacked from behind.

However, as soon as he came out, the surrounding flames rolled over and turned into a palm, trying to grab him.

“Not good!”

Ye Jiuxuan’s expression changed drastically. He tore open the void and escaped.

In a short moment, seven or eight geniuses had attacked, but they all returned in defeat.

“The power in this guy’s body is too strong!”

“What kind of power is it? Could it be that this guy obtained it here?”

The group of geniuses stopped in their tracks, their expressions turning ugly.

Their brows were tightly furrowed, and their hearts were heavy.

The situation seemed to be a little bad!
