

The Mightiest Little Peasant Chapter 1846

In the valley, a sea of fire was raging.

The aura was still rising, becoming more and more violent, making it difficult for people to approach.

As for the figure in the sea of fire, his realm was also skyrocketing. From the middle stage of the fourth tribulation to the late stage, it only took a short while. Moreover, it was still rising, heading towards the completion of the fourth tribulation.

“Hiss! Hiss! Hiss!”

“It’s too fast!”

The crowd couldn’t help but gasp in shock.

The speed at which his cultivation base was growing was too fast!

What kind of divine pill did this guy eat?

“Perfect!”

“It should be ending soon!”

At the moment of perfection, everyone heaved a sigh of relief.

At perfection, this guy should stop, because after perfection, his realm had reached the peak and he could not advance any further. Next was to cross the Tribulation.

The fifth tribulation was not so easy to pass. It was extremely dangerous. If he was not careful, there was a risk of death. He did not dare to rush into it rashly, as that would only be courting death.

Although it was a little troublesome to deal with a Peak 4th tribulation and a 5th tribulation primordial spirit, they could still deal with them.

However, just as he was thinking about this, he saw the figure in the sea of fire step by step in the air. A shocking aura rose from his body.

At the same time, in the outside world, something strange was happening in the sky.

The clouds rolled and lightning began to flash.

“What’s going on?”

“Not good! My seal is broken!”

In the sky, the seven tribulation magnates hiding in the clouds all exclaimed in shock.

Everyone raised their heads and looked at the strange phenomenon in the sky with bewilderment.

“This is clearly a sign of the lightning tribulation!”

“It’s really F * cking strange. Why did the lightning tribulation come? Could it be that someone is undergoing a tribulation in chaotic World Mountain?”

“F * ck! This is too much of a coincidence!”

Everyone was depressed.

How could there be such a coincidence? they had just blocked that kid here, and someone was about to undergo tribulation in the mountains.

Once this lightning tribulation appeared, things would become troublesome. Against the lightning tribulation, even someone as strong as a seven tribulation would have to retreat.

“Who is it? Which bastard dares to cross the heavenly Tribulation here?”

“Get out here!”

In the sky, the Group of Seven tribulation magnates were all furious and roared.

They opened their spiritual pupils and Dharma eyes again, trying to find this guy who didn’t know what was good for him. They wanted to kill him before the Thunder tribulation started.

However, after scanning back and forth a few times, he did not find anything.

“No, this doesn’t look like an ordinary lightning tribulation. It’s the fifth tribulation!”

“What? Is it the immortal mansion tribulation?”

When the thunderclouds gradually gathered, everyone gradually realized that something was wrong. They had thought that it would at most be the second or third tribulation lightning, but they had never expected that it would be the fifth tribulation, the immortal mansion tribulation!

This tribulation caused the expressions of many cultivators in the world to change.

Even the Almighty experts who had already passed the fifth tribulation felt a lingering fear when they talked about the immortal mansion tribulation.

The power of the fifth tribulation was dozens of times stronger than the fourth tribulation!

To pass this tribulation, nine out of ten would die!

“The lightning tribulation is coming! Quickly run!”

“Hey! Don’t worry about that kid. If he’s a bit slower and gets affected by the lightning tribulation, he’ll be in trouble!”

Everyone cried out in panic and retreated as if they were escaping.

Even those at the 6th tribulation and 7th tribulation revealed expressions of fear and retreated far away.

The stronger their cultivation was, the more miserable their deaths would be if they were affected by the lightning tribulation.

“Why aren’t those kids out yet?”

“Aiya! I’m so anxious!”

After they had retreated far away, they looked in the direction of chaotic World Mountain with worried expressions.

Just now, in order to find that kid, a group of young geniuses had rushed in. If they were affected by the Tribulation lightning, the consequences would be unimaginable!

At this moment, everyone’s faces changed.

Through the void ripples above their heads, they could sense the Tribulation Lightning Aura coming from the outside world.

“This guy is crazy!”

“F * ck! He wants to take us down with him!”

They were flustered and exasperated, and even more so, incomparably terrified.

“Hurry up! Let’s go! If this guy wants to die, we don’t have to accompany him!”

With panicked shouts, everyone hurriedly turned around and fled the way they had come.

“This is crazy! This guy has really gone crazy!”

Liu heihu gritted his teeth and cursed.

He felt that it was a pity. He was so close to taking revenge with his own hands, but in the end, this guy would rather commit suicide than die in the hands of others.

“Tang kid, I, Liu heihu, respect you for being a man!”

He shouted, turned around, and ran away. He disappeared in a flash.

“Hmph! You’re looking for death, Tang kid!”

Yuchi Xuan snorted angrily, and with a trace of unwillingness, she turned around and left.

“He’s out! They’re all out!”

Seeing the crowd surging out of chaotic World Mountain, everyone cheered and heaved a sigh of relief.

“Did you guys see which bastard is undergoing the Tribulation? He’d better fail the Tribulation and be destroyed by the Tribulation lightning. Otherwise, I’ll kill him even if he survives!”

“Where’s that Tang kid? Did you find it?”

Everyone went up to him and asked.

Faced with the question, the geniuses’ faces darkened and they didn’t speak for a long time.

“What’s wrong with you guys? Why don’t you say something!”

Everyone was anxious.

“It’s that Tang guy. I don’t know what he swallowed, but his cultivation base skyrocketed and he triggered the Tribulation lightning when he reached the peak of the fourth tribulation.” Finally, someone revealed the truth.

“What? That’s the kid?”

“How is this possible?”

In an instant, the surroundings were in an uproar.

No one believed him.

This was too ridiculous!

That brat was clearly on the verge of death and had escaped into chaotic World Mountain in a sorry state. How did his cultivation level soar so much in the blink of an eye and he was about to pass the fifth tribulation?

“That kid has only escaped into chaotic World Mountain for six hours. How could he have reached perfection?”

In the sky, there were also sounds of surprise.

The magnates were also shocked and doubtful.

“In just a few hours, it’s able to make a person’s cultivation increase so much, so it must be an extraordinary divine item. If that kid had such a divine item, I’m afraid he would have advanced a long time ago. Could it be that ... He was extremely lucky to have obtained this divine item in chaotic World Mountain?”

One of the magnates guessed.

After he finished speaking, even he himself was shocked.

Falling into a desperate situation, but obtaining a divine item by chance, and his cultivation base skyrocketing, what kind of astonishing luck was this!

“That should be the case. There are many treasures in chaotic World Mountain, and some people have found some rare items in the past!”

“This kid’s luck is too good! To be able to have such a fortuitous encounter under such circumstances, could it be ... That he is one of those legendary Sons of Destiny who have been blessed by the heavens?”

The group of magnates discussed among themselves.

Even at their cultivation base, they were a little jealous at this moment, let alone the others. The crowd burst into an uproar and everyone cursed angrily, their faces full of envy, jealousy, and hatred.

“This kid is lucky, but he is charging at the fifth tribulation so recklessly. He will definitely die under the Tribulation lightning!”

Very quickly, they found a trace of comfort.

This brat charged towards the 5th tribulation right after reaching perfection, he must not have been prepared enough and failed to pass the Tribulation.

And the outcome of failure was death!

Just as they were gloating and mocking, the thunderclouds in the sky rolled and gathered, gradually forming a huge Lightning Vortex.

In the vortex, golden lightning rolled and emitted a terrifying pressure that filled the entire world.

The lightning tribulation had already descended.
