

The Mightiest Little Peasant Chapter 1852

Pfft!

One of the demons immediately vomited blood and fell backward.

After sending the immortal estate flying, the momentum of the gods Palace did not decrease and continued to crash.

Bang!

With another loud bang, a purple divine mountain came crashing down on the gods Palace.

The temple shook, and Tang Hao's expression changed.

"Take another hit from me, Tang kid!"

The genius of the Jiang family gritted his teeth and activated the divine mountain to attack again.

"Good!"

"Break!" Tang Hao shouted. He activated his immortal abode and charged forward.

Peng Peng Peng!

The two of them activated their immortal mansions with all their might and collided with each other continuously. In the blink of an eye, they had collided more than ten times. With each collision, the divine mountain trembled violently and its aura weakened a little. The face of the Jiang clan's monstrous talent also turned pale.

With another blow, the divine mountain finally couldn't withstand it and was sent flying. It collapsed and gravel flew in all directions.

The genius of the Jiang clan was also sent flying, blood spurting from his mouth.

"Another one is broken!"

"That kid's immortal abode ... How can it be so hard?"

Everyone exclaimed in shock.

The immortal mansions in the air were sent flying and crashing against each other. This scene caused them to tremble in fear.

The immortal mansion was the foundation of a cultivator. Normally, no one would dare to do such a thing. Only this group of monsters would be so bold and crazy to use the immortal mansion to fight.

What shocked them even more was that the kid's immortal mansion was simply invincible. It rampaged and blasted away one immortal mansion after another. Many of them were even smashed to pieces. Those evildoers were sent flying backward while vomiting blood. It was a feast for their eyes.

"Take this, Tang kid!"

Liu heihu let out a roar, and the heaven sealing pillar grew to 3000 meters long.

Tang Hao snorted and sent his immortal mansion to meet the attack.

There was no flower or illusion. The two immortal mansions directly collided with each other. In a split second, brilliance shot out in all directions, and sparks flew.

"F * ck!"

Liu heihu's body trembled, and his expression changed. He cried out, "why is it so hard?"

"Motherf * cker, what are you afraid of? Tang kid, I'll fight you to the death! At worst, we'll both die together!"

Then, he gritted his teeth and madly activated the immortal mansion, smashing it again.

At this moment, all the humiliation he had suffered in the past came back to him again, making the anger in his heart burn more and more fiercely.

Tang Hao stepped into the air and held the immortal abode in his hand, meeting the attacks.

Peng Peng Peng!

They clashed again and again, resulting in earth-shattering explosions.

In the blink of an eye, the two of them had exchanged more than 20 blows. The brilliance of the gods' Palace only dimmed a little, but the heaven sealing pillar had become dull. Liu heihu's face was pale, and his Qi was weak.

Liu heihu gritted his teeth and tried his best to hold on. He was extremely unwilling. He had been chasing this guy and was about to get his revenge, but the situation had changed in the blink of an eye.

This B * stard had advanced to the 5th tribulation and condensed such an abnormal immortal mansion. His strength had instantly surpassed his.

"This guy ... Is he really my nemesis!"

Liu heihu cursed and almost vomited blood.

Bang!

After another blow, he finally couldn't take it anymore. He spat out a mouthful of blood and flew backward.

"Run!"

He made a prompt decision and turned to run. He didn't want to be captured by this bastard again and have all his treasures stripped.

"You're running pretty fast!"

Tang Hao snorted. He knew this guy best. He must have a lot of treasures on him. It would be a pity to let him escape.

"Next, it's your turn!"

Then, Tang Hao turned around and looked at Yuchi Xuan.

He controlled his immortal mansion and bombarded the other immortal mansion.

Bang!

The ancient palace and the stars collided, causing an explosion of boundless light that illuminated the heavens and earth.

As for Yuchi Xuan, she let out a muffled groan, and her pretty face turned pale.

"How could this be ..."

She was a little shocked. This guy had already exchanged so many blows with the others, how could he still have energy left?

After a few more hits, her face turned paler.

"This guy's immortal mansion is too powerful. We can't fight it head-on!"

She put away the immortal mansion, and rays of light gushed out of her body. With a few clanking sounds, they assembled into a red armor. Then, he stretched out his hand and a red spear appeared in his palm.

Grabbing the divine spear, her figure flashed and she rushed forward, striking out with her spear.

"No immortal estate? Good! I'll accompany you to the end!"

Tang Hao's lips curled into a cold smile.

If it was before, his cultivation base was only at the fourth tribulation. Even if he was at the fifth tribulation of the primordial soul realm, he was far from being Yuchi Xuan's opponent. After all, she was

already at the fifth tribulation and had a powerful piece of God's bone. But now that he had also advanced to the fifth tribulation, he was not afraid at all.

He didn't even bother to use his armor. He directly took out his great flame spear and threw it out.

Clang!

The spear and spear collided, creating a deafening sound.

The spear was knocked away easily, but Tang Hao was already at him with the divine spear of heaven reverse.

Another clang was heard. The two divine Spears, one golden and one red, collided fiercely. Both of their bodies trembled. Yuchi Xuan was pushed back more than ten Zhang, while Tang Hao only moved back three Zhang.

Yuchi Xuan retracted her body, a hint of shock flitting across her pretty face.

As soon as they crossed swords, she was at a disadvantage.

"I don't believe that I'm not as good as you now!"

She gritted her teeth and shouted.

In the lower realm, she was not as good as this guy and had been defeated by him. Later on, the gap between the two of them grew wider and wider. When he advanced to the second calamity, she had not advanced to the Saint realm.

But now, she was the number one freak of the Yuchi race. After coming to Pangu continent, she had been cultivating with all her might, and her realm had soared. She did not believe that she could not defeat this guy with her current cultivation base and her bone.

Her delicate body trembled, and the bone in her chest immediately brightened, blooming with a seven-colored brilliance.

"The eternal bone!"

Tang Hao furrowed his brows.

This Yuchi Xuan's bone could absorb other bones and continuously evolve. It could be said that it was the best natural God's bone in the world. Back then, she had swallowed his piece of Dragon Ying bone, and with the other bones collected by the Yuchi family, this bone had evolved into the undying bone.

And now, this bone was undoubtedly stronger by a level, reaching the level of the legendary eternal bone.

This bone was no longer inferior to his God's bone.

“You have good eyes!”

“Hmph!” Yuchi Xuan snorted coldly. Her figure flickered and disappeared. The next moment, she appeared in front of Tang Hao and thrust her spear at him.

“Eternal bone ... So what!”

“Die!” Tang Hao did not back down. He shouted and thrust his spear forward.

The means he had were not just like the God spirit bone. He also had the ancestor of technique’s divine eye, the Supreme true fire, the reincarnation Dao, the life and death Dao ... He had many means that she could not compare to.

With this spear, true fire surged out. The reincarnation boat, the wheel of life and death, and all sorts of DAOs appeared.

Then, the magical eye between his eyebrows opened and shot out a beam of destructive divine light.

Above his head, the immortal mansion also pressed down and suppressed the void in all directions.

At this moment, he used all his means and attacked with the force of a Thunderbolt.

Before they even crossed swords, his aura had already completely overwhelmed the other party. When the tips of the spears collided, a muffled groan was heard. Yuchi Xuan’s entire body trembled as if she had been struck by lightning. Her pretty face turned deathly pale, without a trace of blood left.

Her face twitched a few times, and she couldn’t help but cry out. She spat out a mouthful of blood, and her figure fell back.

Her expression was a little dazed, as if she still couldn’t believe that she had still lost! He had been defeated so thoroughly!

Tang Hao’s body moved. He rushed forward and was about to kill her completely to prevent any future trouble.

“Boy! You dare!”

At this time, a few angry snorts were heard. Among the crowd, on a large warship, an Almighty expert made his move. One of them threw a palm at Tang Hao, while the other saved Yuchi Xuan.

Tang Hao’s expression changed, and he quickly retreated.

“Tsk! What a pity!”

Tang Hao said in frustration after he dodged the attack.

This Yuchi Xuan’s talent was astonishing, and her strength wasn’t weak either. If he didn’t kill her this time, he was afraid that she would become even more difficult to deal with in the future.
