

The Mightiest Little Peasant Chapter 1853

“Even the Yuchi family’s girl lost!”

“The eternal divine bone ... Is still inferior to that kid’s divine bone?!”

The crowd was in an uproar.

First, it was the monster of the Jiang clan, then the son of blood from the Liu Clan, and now, it was the girl from the Yuchi clan...None of these top-tier monsters on Pangu continent were a match for that kid!

Even if they joined forces, they would not be able to do anything to this kid!

The result shocked everyone.

Pangu continent was filled with countless geniuses and geniuses, with all kinds of Dao physiques and innate talents of Saints. There were tens of thousands of Saint sons alone.

And this group of people had stood out from these monstrous geniuses. They were monstrous among monstrous geniuses. Not only did they have astonishing qualifications, but they also had great destiny and great perseverance. Each and every one of them had the strength to compete for the position of Supreme youth.

How could such a group of people lose to a mere lower realm kid?

In the air, the fierce battle continued.

The gods’ Palace was suspended in the air, and there were three phantoms of gods on it. There were also phantoms of three divine beasts, namely the divine Phoenix, the winged Dragon, and the Golden-winged ROC. They flew around the gods’ Palace and let out earth-shaking roars.

Divine light shot up into the sky and illuminated the world.

In front of this immortal mansion, the other monstrous immortal mansions all paled in comparison.

Bang Bang!

A series of loud explosions shook the heavens and earth.

The gods’ Palace carried with it a monstrous might as it rampaged around. Wherever it went, immortal mansions were blasted away, and it was invincible.

Those evildoers also groaned in succession. Many of them even spat out blood and fell to the ground in a sorry state.

“How could this be ...”

“This immortal estate ... How can it be so terrifying! Could it be ... That this is an immortal mansion from an ancient inheritance?”

The crowd couldn't help but exclaim in shock.

The power of the immortal mansion in front of them had completely exceeded their imagination.

The true dragon Palace, the heaven sealing pillar, and the immortal mansions that had been passed down for tens of thousands of years were nothing in front of this immortal mansion.

It was just a gods Palace, and it had crushed all of them!

“Right! It must be some ancient inheritance!”

“That's right! This Hall is so mystical and its power is so terrifying. I don't believe that this kid created it himself!”

Everyone made a solemn vow.

However, they had forgotten that just a moment ago, they had still thought that this was just an immortal mansion that this kid had created himself. They had even looked down on it, and many people had even mocked it.

“This immortal estate ... Is indeed wondrous!”

“Maybe it really is an ancient inheritance. After all, this kid's luck is so amazing, he must have obtained a lot of opportunities!”

In the sky, the seven tribulations magnates were also discussing.

As the fierce battle continued, the crowd was in an uproar, and their faces were getting uglier.

It was already embarrassing enough for the Pangu continent that many of the Holy Sons had been defeated and failed to kill this kid. Now, even this group of top-tier geniuses could not do anything to him, so what face did the Pangu continent have left?

“Go! Kill this brat!”

“Take him down!”

The various races couldn't hold back.

The five tribulation Almighty's from all four sides attacked. They didn't dare to use their immortal abodes. Instead, they used their divine arts, spells, and various treasures to attack the figure.

“Hmph!”

Tang Hao looked around and snorted disdainfully. Before this, his cultivation was not high enough, so he was afraid of these fifth tribulation cultivators. But now that he had advanced to the fifth tribulation, he was not even afraid of those fifth tribulation monsters, so why would he be afraid of these old monsters?

He didn't even keep the immortal abode and directly smashed it forward, crushing a bright light.

Then, Tang Hao's figure flashed. He used the Yu steps and instantly appeared in front of a fifth tribulation warrior and fired a shot.

Tang Hao used all his strength in the first attack. He gathered all his techniques into the spear.

Whoosh!

The spear radiance broke through the air and let out a sharp cry.

Under the power of this spear, the void was distorted and cracks appeared.

The fifth tribulation warrior was shocked and retreated quickly. At the same time, rays of light rushed out of his body. They were pieces of ancient tortoiseshells, which instantly formed a shield wall and blocked the spear.

However, the fifth tribulation old monster did not feel good either. His face turned pale instantly.

"Eight tribulations?"

Tang Hao was slightly startled. These tortoiseshells were not ordinary items. They exuded an extremely ancient aura and were engraved with ancient golden runes. They were 8th tribulation defensive ancient treasures.

Although this treasure was not as good as the fighting heaven divine spear and the great flame spear, it was almost the same.

"As expected of a 5th tribulation old monster, he has so many treasures!"

Tang Hao was relieved.

After all, he was a 5th tribulation old monster who had lived for many years. It was normal for him to have some powerful treasures.

He was even more overjoyed. The more treasures his opponent had, the better.

"Do you think you can stop me with just a shield?"

He shouted coldly and fired another shot.

Bang!

With a loud bang, the shield wall could not bear the heavy load and cracked open, turning back into tortoiseshells.

Tang Hao reached out and grabbed them all.

“My precious!”

The fifth tribulation old monster screamed.

“Damn old man, are you blind? this is clearly my treasure!”

Tang Hao rolled his eyes and scolded him.

The moment the treasure fell into his hands, he had already refined it and put it into his pocket.

“You ... You little rascal! Quickly return my baby!”

The old monster screamed and cursed, jumping in anger.

“Eh? Your treasured clothing seems to be pretty good as well. There’s also your boots and hat. They’re all treasures!” Tang Hao’s eyes sparkled as he studied him. All of them are mine!”

Being stared at by this gaze, the old monster immediately shivered.

Then, he became extremely angry. This disgraceful brat not only snatched his precious shield, but also coveted the other treasures on his body. He was truly detestable to the extreme.

“Wayaya! Brat, I’m going to chop you into meat paste!”

He raised his hand and summoned a flying sword. He did his best to activate it and attacked.

“7th tribulation? It’s barely acceptable!”

Tang Hao thrust his spear forward and knocked the flying sword away. He then reached out to grab it and quickly refined it.

“My sword!”

The old man screamed again.

“Brat, I’m going to kill you!”

He was beyond furious. His eyes were bloodshot. He summoned another flying sword and charged at Tang Hao.

“Thank you! You really are a good person!”

Tang Hao did the same and kept the sword. He did not forget to thank the monster.

“I’m so angry!”

The old man was so angry that he spat out a mouthful of blood and fell down.

“Hiss! Hiss! Hiss!”

The old monsters all sucked in a breath of cold air.

A dignified fifth tribulation senior was actually toyed with by a young brat and had several treasures seized in a row. He was so angry that he vomited blood!

“Those are all high-grade tribulation artifacts. How could they be refined so easily?”

They were even more shocked.

Tang Hao dodged the attack and arrived in front of a fifth tribulation expert. He shot his spear and sent the fifth tribulation expert flying. Then, he continued to snatch the treasure.

Then, his body flickered continuously, like a ghost, shuttling through the crowd.

His attainments in the Yu steps had long reached the peak. Now that his cultivation had grown, the power he could unleash was undoubtedly even stronger. There were very few cultivators at the same level as him who could keep up with his speed.

“Aaah!”

Accompanied by muffled groans and miserable screams, the five tribulations were constantly blasted away. Some were still fine and only had one or two treasures taken away, while some were directly stripped naked and were in an extremely sorry state.

Everyone was dumbfounded when they saw this.

Many people rubbed their eyes and couldn’t believe that so many 5th tribulation Almightyies besieged a kid and still caused such a terrible situation.

“Preposterous! Preposterous!”

“Trash! You’re all useless!”

Angry roars came from the sky.

The clan members from all four directions had even more embarrassed expressions.

“This kid’s movement technique is extremely strange. The more people there are, the more advantageous it is for this kid!”

“But ... How can we take him down if we have fewer people?”

The crowd discussed for a while and frowned.

However, they were somewhat distressed. If there were too many people, the situation would be chaotic and it would be easy for this brat to take advantage of the situation. If there were too few people, they were afraid that they would not be able to kill this brat. After all, in terms of one-on-one fighting, there was basically no one in the fifth tribulation here who could kill this brat.

Very quickly, the battle became more and more chaotic as more and more fifth tribulations were sent flying.

Seeing that the kid was like a fish in water, constantly snatching treasures, finally, someone couldn't sit still.

An angry groan suddenly came from the sky.

Then, the clouds split open, and a golden figure flashed in the clouds. It was an primordial spirit, and its entire body bloomed with boundless divine light, exuding an extremely powerful aura.

He extended a hand, and a giant Golden Palm appeared. It descended from the sky and grabbed Tang Hao.

The seven tribulations magnate finally couldn't help but make a move!
