

The Mightiest Little Peasant Chapter 1876

“He ... What did he just say?”

Everyone in the square was in disbelief.

They almost thought that they had heard wrong!

The recipe for the creation divine pill had been lost tens of thousands of years ago. No one knew where it was. The creation sect had been searching for it for so many years, but they had not found it. How did it end up in this guy's hands?

Even Zao Huazi and the others couldn't believe it.

“If I say there is, then there is! Since I've made such a Grand wish, how can I not be confident!”

Tang Hao looked around and shouted coldly.

In the next moment, he raised his hand, and a scroll appeared in his palm.

“This is the recipe for the creation divine pill!”

Tang Hao shouted loudly as he held the scroll in his hand.

“Is this real or fake?”

No one dared to be certain, and they all looked at the scroll suspiciously.

“Sect master!”

Elder floating cloud and the others all looked at Zao Huazi.

“Don't panic! We'll know whether it's a real pill recipe in a moment!”

With a grave expression, Zao Huazi looked into the depths of the stone door.

Whenever someone made a wish, it would alert the spirit of creation inside. Whether the pill recipe was real or fake would naturally be verified by the spirit of creation.

Clang clang clang!

A moment later, the Dao Bell rang loudly from inside the gate, each sound louder than the last.

The light from the door was also dazzling, becoming more and more glaring, making it impossible for everyone to look at it directly.

After a short while, a deep and majestic voice came from the door.

“Today, disciple Ishikawa has made a promise before the gate of creation to revive the creation alchemy Dao. His sincerity is commendable. As the spirit of creation, I permit him to do so!”

Following that, a hand reached out from the gate of destinies and grabbed the scroll before entering the gate.

“This pill formula ... Is real!”

A moment later, the voice rang out again, announcing to all directions.

“What?”

“This ... How is this possible?”

When everyone heard this, they were all stunned.

“It’s true! Hahaha! It was true! That’s the real pill recipe!”

“That’s great! There’s hope for our creation alchemy Dao!”

After being stunned for a moment, the beggar and the others were overjoyed. Several elderly elders were almost in tears.

The reason why his gate of fortune had declined to such a state was because this pill formula had been lost. Now, this pill formula had returned!

The gate of fortune finally had hope!

“This ... This is impossible!” Young master Taixu’s face turned red, and he was embarrassed.

Just now, he was still mocking this guy, saying that this was impossible. But in the blink of an eye, this guy took out the real pill recipe, ruthlessly slapping his face.

“This guy ... Who is he?”

He gritted his teeth and glared at Tang Hao.

He could not figure out who this fellow was.

He couldn’t be the eldest young master of the heavens, nor did he look like someone from the 33 heavens. Could he be a monster of some race?

However, who was the monster that dared to talk back to him and had the recipe of the creation divine pill in his hands?

“Disciple Ishikawa has found the lost elixir recipe and is able to revive the alchemy Dao of our sect. My great wish has been fulfilled, and I will be rewarded with a precious treasure!”

The voice sounded again.

The next moment, thousands of rays of light burst out from the door. A huge light beam flew out and landed in front of Tang Hao.

“Creation true gold!”

Tang Hao’s eyes lit up. He was overjoyed.

Wasn’t this the creation true gold that young master Taixu had once obtained? it was one of the top divine materials in the world.

Compared to young master Taixu’s piece, this piece was ten times bigger. That piece was only three meters high, while this one was more than 100 meters high. It was like a small mountain.

“Heavens! It’s so big!”

Everyone was dumbfounded.

Then, their eyes were almost red, and they were so jealous that they were about to go crazy.

The young masters were no exception. They had never seen such a large piece of top divine material.

Young master Taixu’s face turned ashen.

This guy had also obtained the creation true gold, and it was even bigger than his. Wasn’t this even more embarrassing for him?

“What a great treasure!”

Tang Hao grinned. He was overjoyed.

Such a large piece of creation true gold could be used to reforge his immortal abode, causing its power to increase by more than double.

“Many thanks! Many thanks!”

Tang Hao quickly put away the treasure and bowed toward the door.

There was no response from the door. A moment later, another ray of light rushed out. It was the scroll.

“This ... It’s your turn!”

Tang Hao turned around and looked at Zao Huazi and the others.

He had already fulfilled his Grand wish and obtained the treasure. It was only right that he give the scroll to the gate of fortune.

Although this elixir formula was difficult, he still had some Foundation in the creation alchemy Dao. He should be able to refine it. At that time, he would definitely be able to revive the alchemy Dao and restore the strength of the creation sect.

“Hold on!”

Just as he was about to throw the pill recipe, he heard a cold shout from the side.

He looked over and saw that it was young master Taixu.

“Hand over that piece of creation true gold. Also, I want to take a look at this pill formula!”

Young master Taixu said coldly.

A cold glint flickered in his squinted eyes, revealing a murderous intent.
