

The Mightiest Little Peasant Chapter 1878

Tang Hao sighed in relief.

It was said that his great void seal was related to a divine treasure left behind by a great void God. If the people of the great void heaven knew that he was the ninth king, the inheritor of the last seal, they would definitely try to snatch it at all costs.

And now, he was only at the 5th tribulation, he was still far from being a match for a super power like the great void heaven.

Young master Taixu's eyes dimmed, and his expression became indifferent.

Since he did not have the great void seal, he was not the person the great void heaven was looking for. He was of no value.

"So it's you, I was wondering who it was!"

He laughed coldly, a look of disdain appearing on his face.

He had thought that she was the descendant of some super great clan, which was why she dared to be so arrogant and oppose him. He didn't expect that she was just a barbarian from the lower realm.

Other people might be afraid of the old demon blood behind him, but he was not.

"Hmph!" Tang Hao snorted and looked back at him coldly. Their auras continued to clash, creating violent ripples.

"Surnamed Tang, don't think that you can go against the great void heaven just because you have the support of old demon Xue. That old demon Xue of yours is nothing but a stray dog in front of the great void heaven. He is being chased around by the powerful beings of the great void heaven."

Young master Taixu sneered.

"And right now, I'm just a clone. If my real body was here, I wouldn't allow you to be so arrogant. I could kill you with a single hand!"

"Is that so?" Tang Hao chuckled, his expression unchanged.

The expressions of the people around him changed, revealing a strong sense of fear.

Young master Taixu's words were not exaggerated at all. If even his clone was so powerful that it was on par with this Tang fellow, then his real body must be even more terrifying.

Moreover, no one knew the level of cultivation of young master Taixu's real body or what kind of terrifying supernatural power he possessed.

"What's wrong? You don't believe me?"

Young master Taixu said angrily.

“Since your true form is so powerful, then come! Let me see how you can kill me with a single hand!” Tang Hao’s expression was frosty. He took a step forward, and his fighting spirit surged.

Young master Taixu became even angrier. His face turned red as he rebuked, “If my true body wasn’t in seclusion to comprehend the Dao laws, I would have descended and killed you!” Su mo said.

“Closed-door training?” Tang Hao’s expression turned strange. Then, he smiled playfully. “So, your real body can’t come. No wonder you can only talk to me.”

“You ...”

Young master Taixu’s eyes widened in anger, and he almost exploded in anger.

He was the great young master of the great void heaven. When had he ever been humiliated like this by someone? furthermore, it was by a vulgar barbarian from the lower realm!

At this moment, he wished he could summon his true body, break out of seclusion, and kill this barbarian!

However, his reason told him that he had to endure it. At this moment, his real body was comprehending the Dao law and trying to break through to the sixth tribulation realm. It was a critical moment. Once he broke through, all his efforts would be in vain.

However, he was not willing to give up just like that.

“I heard that you’re quite strong. I’d like to see how capable you are!”

He shouted and attacked.

He raised a hand and pointed forward. An endless amount of light burst out of his fingertip and condensed into a huge golden finger that pointed toward Tang Hao.

“It’s the great void divine finger!”

Everyone was in low spirits.

The great void divine finger was one of the ultimate techniques of the great void heaven, and it was very famous on Pangu continent.

Tang Hao’s eyes flickered. He recognized the technique. It was very similar to the finger attack of The Blood King’s soul envoy.

Boom! Boom! Boom!

The giant golden finger tore through the air with a vast and mighty aura, causing the void to tremble violently. Its divine might was unparalleled.

Tang Hao was fearless. He raised a hand and a giant palm materialized. It was the great black sky hand.

Then, true fire gushed out and turned the black handprint into the color of blood.

BOOM!

The palm and the finger collided with a loud bang. With the point of collision as the center, circles of ripples spread out wildly.

“Aaah!”

Many disciples could not Dodge in time and were sent flying by the aftershock, spitting out blood.

“The great void divine finger is only so-so!”

“Die!” Tang Hao shouted coldly. He grabbed the spear and shot into the sky. The spear was imbued with the power of true fire and shot toward young master Taixu.

Young master Taixu’s expression changed slightly. He didn’t expect his attack to be so easily blocked by his opponent. He retreated first, then took out a spear and attacked.

Clang clang clang!

The spear and spear clashed, and the sound was like thunder, shaking the sky.

In a short moment, the two of them had exchanged more than a hundred blows.

The two of them had extremely strong physical bodies. One had a God spiritual bone and the other had a God demon vital embryo. They were both at the 5th tribulation and even their weapons were 8th tribulation Emperor artifacts. For a moment, they were evenly matched.

“Be good!”

“Two monsters!”

The disciples from all four directions retreated far away. They were all extremely shocked when they saw this scene.

“This guy ... Is a little powerful!”

“I always thought that the rumors were too exaggerated. Now that I’ve seen it today, it’s indeed true!”

The disciples of the 33 heavens all had grave expressions.

Before this, many of them had looked down on this fellow and thought that the rumors were false. Now that they had seen it with their own eyes, they had no choice but to believe it.

There were only a few people in their generation in the 33 heavens who could contend with young master Taixu's avatar, but this Tang fellow could do it. It was indeed impressive. What made them even more ashamed was that this fellow was from the lower realm.

"This clone of yours! You're nothing more than this!"

After a moment of intense fighting, Tang Hao suddenly laughed. He shot out his spear and clashed with young master Taixu.

The next moment, there was a flash of light above his head, and the immortal abode soared into the sky. It suddenly expanded and turned into a magnificent palace. Then, it crashed toward young master Taixu.

Clang!

There was a loud bang.

Young master Taixu received the attack head-on, but his body staggered and he was sent flying backward.

"Again!"

Tang Hao shouted and used the immortal abode to smash down again.

Clang!

There was a deafening explosion, followed by a muffled groan. Young master Taixu's body trembled again and he fell back. His face turned pale and a trace of blood flowed from the corner of his mouth.

"What ... What immortal mansion is this?"

He looked at the immortal abode above his head with an expression of shock.

The immortal abode in front of him was actually comparable to his great void heaven inheritance immortal abode. This ... How was this possible?

How could the immortal abode of a barbarian from the lower realm be comparable to his immortal abode in the great void heaven?

Moreover, the toughness of this immortal mansion was actually not the slightest bit inferior to the immortal mansion of his real body. One had to know that his immortal mansion was forged with void divine iron and was unique in the world. What was this guy's immortal mansion forged with?

For a moment, he was both shocked and horrified.

Tang Hao did not say anything. He hit her again.

Pfft!

Young master Taixu's body trembled violently, and blood spurted out as he was sent flying.

"He's been defeated! He's going to be defeated!"

"I can't believe young master Taixu's avatar can't stop this Tang fellow."

Everyone exclaimed in shock.

"Your origin core is pretty good!"

"Die!" Tang Hao shouted coldly. He smashed his fist again and sent young master Taixu flying. Then, he moved forward and reached out to grab his opponent.

"You ..."

Young master Taixu was shocked. He had never thought that this fellow would be so bold. Not only did he dare to oppose him, but he also dared to openly snatch his godfiend vital embryo.

"Hiss! Hiss! Hiss!"

Everyone, including the ten young masters, was shocked and couldn't help but gasp.

'This guy ... Is he really crazy?!' He actually dared to snatch the God-demon vital embryo!

Even with their status, they would not dare to do this!

"Hand it over!"

"Die!" Tang Hao shouted. His eyes were bright like lightning.

He reached out his palm and was about to grab young master Taixu's head.

Young master Taixu's body trembled, and he finally revealed a terrified expression.

This guy was serious!

Once he was caught, his soul would definitely be destroyed and his origin core would be occupied!

He made a prompt decision and turned to run. His figure turned into a long rainbow and rushed into the sky.

"You want to run?"

Tang Hao groaned. A light flashed in his palm, and an ancient bronze bow appeared.

“It’s that Supreme artifact!”

Seeing this bow, everyone was shocked and exclaimed in shock.

Tang Hao stood in the sky and drew his bow. Endless divine light gathered and turned into a blazing sun, shining so brightly that heaven and earth lost their color.

“This ... This is ...”

In mid-air, young master Taixu, who had been fleeing, turned around and was scared out of his wits.

The power of this arrow was too terrifying.

He gritted his teeth and burned his immortal essence to escape.

Whoosh!

The arrow turned into a long rainbow and shot through the sky.

Then, there was a cry of pain. The escaping figure staggered and was hit by the arrow. Half of his body exploded.

He became more and more flustered as he continued to escape, dragging his broken body.

“What a pity!”

Tang Hao did not pursue her. He only sighed.

His opponent was also at the 5th tribulation and had many tricks up his sleeve. If this arrow could not stop him, it would be difficult to catch up.

He could only miss this godfiend vital embryo.
