

The Mightiest Little Peasant Chapter 1881

By the time they returned to the gate of destinies, the group of disciples had already dispersed.

After Tang Hao made his promise, Zao Huazi closed the gate of destinies.

The group returned to the main hall and continued their discussion.

Zao Huazi and the others were all excited. They saw the hope of the sect's rise. If this Grand wish could really be realized, their creation sect would definitely rise again and regain its former glory.

And the key to all this was the young man in front of him.

"This is unbelievable!"

The child-maker sighed in his heart.

In the past, he would never have believed that a young man like him could refine more than a dozen or even a hundred nature divine pills!

This was too outrageous!

However, he had no choice but to believe it now.

"This person must have a shocking secret!" As he sized up the young man in front of him, Zao Huazi thought to himself.

If there were no shocking secrets, how could a cultivator from the lower realm advance to the 5th tribulation at such a young age, crush all the heroes of Pangu, and even defeat the young master of the great void heaven?

It was even more impossible for him to have such amazing attainments in alchemy at such a young age and refine more than a dozen creation divine pills.

Even though he was extremely curious, he tactfully didn't ask.

Asking for such a secret was the greatest taboo among xiuzhe.

Moreover, the two sides were only cooperating now. They had an equal relationship, so it was not convenient for him to inquire.

But in his heart, he had a higher opinion of this young hero Tang.

Although this man was from the lower realm, in terms of talent, cultivation, and temperament, he was a monster that completely surpassed the Pangu clan. He was almost on par with the monsters of the 33 heavens.

In fact, in his eyes, this person had even surpassed the monsters of the 33 heavens.

After all, those monsters of the 33 heavens all had a strong background. They were born with the best cultivation resources. This person was from the lower realm and did not have such superior conditions.

“Young swordsman Tang, with your fifth tribulation cultivation, it’s too much to be a disciple. How about ... You be promoted to an elder?”

Said Zao huaizi after a moment’s deliberation.

All the elders nodded in agreement.

Although this person was young, his cultivation level was at the fifth tribulation. In his creation sect, he was an elder.

“There’s no need for that!” Tang Hao waved his hand and smiled.

“Then ... I’ll be chief! From today onwards, you will be the chief disciple of our creation sect!” Said Zao Huazi.

“Although he’s the first seat, he can’t be sloppy in his treatment of cave abodes and other things. He has to be at the elder level.” Elder floating cloud said.

“Yes, yes!” “Yes.” Zao Huazi hurriedly said, “all the treatment will be based on the rank of an elder. You are free to read all the books in the sect and allocate all the resources as you wish.”

Tang Hao thought for a while, then nodded.

“Seniors, as you know, I have a special identity and many enemies all over the world. It’s inevitable that someone will go against the gate of fortune in the future ...” Tang Hao said.

“Don’t worry! We naturally understand this!” Said Zao Huazi.

Of course, he had already thought of this. In the previous pursuit, countless Holy Sons had died at the hands of this person. Those clans hated this person to death.

However, he was not too worried about this. After all, there was a venerable sovereign behind this man, and those clans would not dare to act recklessly.

“And that pill recipe ...”

Tang Hao continued, “I don’t think the people from thirty-three heavens will let go of this pill recipe.”

“This ... That’s true!”

Zao Huazi and the others frowned.

This was indeed a problem. How could the people of the 33 heavens let go of a pill recipe like the divine pill of creation? If it was in the past, they could still keep it. But now, there wasn't even a seventh tribulation in the sect, so what right did they have to keep it?

By now, the news should have already reached the thirty-three heavens. In about two to four hours, people from the thirty-three heavens would probably come to take a look at this pill formula.

"In my opinion, this pill formula should be given out. Now that the sect is weak, it is not wise to become enemies with the 33 heavens for a pill formula." Tang Hao said.

"That's true!"

The group of elders said helplessly, feeling humiliated.

"However, I can make some changes to the ingredients of this pill recipe." Tang Hao said.

"Change?" Elder floating cloud was taken aback. Frowning, he said, "I'm afraid that's very difficult! There are many pill Saints in the thirty-three heavens. If there are any changes, it can be seen at a glance."

Tang Hao laughed. "Don't worry. My changes have nothing to do with the pill's medicinal effects. I'm just replacing a few ingredients with rarer ones to increase the difficulty of the refinement. They won't notice at all."

"The ingredients for this pill are already hard to find, especially the divine fruit of creation. Even if they get the recipe, they can't make many. Now that the difficulty has increased, the number of pills they can make will be even less."

"That's good!"

Elder floating cloud was overjoyed.

"Since that's the case, I'll take the initiative to hand over the pill formula when they arrive later!" Said Zao huaizi happily.

"Alright!" Tang Hao nodded. Then, he flipped his palm, and the divine pill he obtained from the gate of fortune appeared.

"I don't have much use for this pill, so I'll just give it to him!"

Tang Hao's eyes swept across the room and looked at Gao Dayong, who was sitting next to him.

"Give it to him?"

"That's fine! As long as he fuses with the true dragon Bone, his aptitude won't be bad. With a creation divine body, his future will be boundless!"

The elders nodded.

Although Gao Dayong was previously a servant, he had changed ever since he obtained the true dragon Bone. He had become a core disciple. If he obtained the creation divine body, he would definitely become a pillar of support for the creation sect.

Furthermore, he had no problems with loyalty.

Gao Dayong, on the other hand, was stunned by the sudden surprise.

First, he got a true dragon Bone, then a creation divine pill. He didn't even dare to dream of such luck.

"Dayong, hurry up and thank senior brother Tang!"

Zao huaizi shouted at him.

Gao Dayong felt like he had just woken up from a dream. He quickly stood up and thanked Tang Hao.

"Thank you Shi ... No, senior brother Tang!"

"No need to thank me! Take it!" Tang Hao smiled and handed the pill over.

Gao Dayong's body trembled with excitement after he took the pill.

"Senior brother Tang's kindness of giving me a new life is something I will remember for the rest of my life. I'll sell my life to you. If you need anything, just tell me. Even if I have to die, I won't hesitate to do so!"

Gao Dayong knelt down and kowtowed heavily.

A piece of true dragon Bone and a creation divine pill. These two favors were too great. They were no less than the favor of rebirth.

"No need!"

Tang Hao smiled."You'll be able to live up to my efforts if you cultivate properly in the future."

He had a good impression of Gao Dayong, which was why he had helped him.

Now that he had made a Grand wish to restore the creation orthodoxy, Gao Dayong would be a great help in the future. He would also be one of the foundations for him to establish himself in the creation sect.

Not only Gao Dayong, but Tang Hao also wanted to help the other servant disciples. They would be important to him in the future.
