

The Mightiest Little Peasant Chapter 1890

“Grandmaster Tang is about to start refining pills!”

On the ship, there were a few low exclamations.

Everyone’s eyes swept toward the figure at the bow of the ship.

Under their gazes, the figure held the pill cauldron in his hand and stepped into the air.

“Go!”

With a low shout, the pill cauldron soared into the sky and expanded in size. In the blink of an eye, it had turned into a giant cauldron with a diameter of over three hundred meters. The body of the cauldron was turned upside down, and the mouth of the cauldron was aimed at the corpse of the giant ape.

In the next moment, a suction force appeared from the cauldron and sucked in the huge ape’s corpse.

“What are they doing?”

“Is he going to refine the entire corpse?”

Everyone was shocked and confused.

Usually, one only needed the inner core to refine pills. They had never heard of refining the entire corpse.

Moreover, this was the corpse of a sixth tribulation beast. It was very difficult to refine just an inner core, not to mention the flesh, blood, and bones of the entire body. It was too difficult to refine all of them.

After collecting the ape’s corpse, Tang Hao sat cross-legged in the air and activated the pill cauldron to begin refining.

With his 5th tribulation cultivation, it was indeed difficult for him to refine this 6th tribulation beast corpse. However, fortunately, he had the genuine fire and the power of this golden cauldron. As long as he spent some time, he could still refine it.

This refining process took one day and one night.

A huge corpse of a sixth tribulation beast had been completely refined by him and he had obtained a huge ball of golden spiritual liquid.

The essence of the giant ape was all concentrated in this ball of spiritual liquid.

Tang Hao took out the Shennong cauldron and poured the spirit liquid into it.

“It’s refined!”

“Heavens! That’s fast!”

Seeing this, everyone cried out in surprise, unable to hide the shock on their faces.

They had thought that with Master Tang’s cultivation, he would need at least four to five days to completely refine it. They did not expect that he would succeed in just one day and one night.

“What kind of spirit herbs are those?”

Then, Tang Hao flicked his sleeve, and beams of light shot up into the sky. Everyone was shocked.

All of these spirit herbs were brilliant and had strong medicinal power. They emitted a refreshing fragrance and were clearly not ordinary items.

“That’s a Vermilion fruit ... It’s at least seven or eight hundred years old!”

“That’s a blood ginseng. Judging from its aura, it’s at least a thousand years old.”

Fu Yunzi was left speechless.

On Pangu continent, no matter what kind of spirit herb it was, as long as it was over a thousand years old, it would be considered an extremely rare spirit herb.

If there were only one or two, he wouldn’t be surprised. After all, he had some Foundation in the Dao of alchemy. But now, dozens of them had appeared together. He couldn’t help but be shocked.

“How many treasures does this Master Tang have?”

Fu Yunzi sighed. His expression was somewhat emotional and also somewhat envious.

In the previous creation ceremony, this person had taken out countless spiritual medicines. There were so many types that they were not inferior to his collection of the creation alchemy Dao. He even had divine items like the creation divine fruit.

His wealth was beyond his imagination.

“Exactly 49 types!”

“The corpse of a sixth tribulation beast already contains such a shocking amount of spiritual essence. What kind of pill is this, with the addition of 49 types of nourishing medicines?”

The crowd stared at the cauldron with burning eyes.

They didn’t know what kind of pill this was, but there was no doubt that after adding so many nourishing medicines, the medicinal effects of this pill would definitely be astonishing.

Zao huaizi and Yun qingzi were even more excited. With the medicinal effects of this pill, even 6th tribulation cultivators like them would be able to increase their cultivation by a large amount if they took it.

One must know that at their level, it was extremely difficult to improve their cultivation. The pills suitable for their level were even rarer and hard to find. Now, Master Tang had actually refined one.

“Hahaha! That’s great!”

“Little friend Tang is truly a strange person!”

The two of them laughed out loud, overjoyed.

They looked at Tang Hao with burning eyes, as if they were looking at a rare treasure.

“Hurry! The pill is about to be completed, so cheer up!”

“Quick, protect Master Tang. If he’s injured, I’ll teach you guys a lesson!”

Seeing that the pill was about to be completed, a rich pill fragrance spread out. In the surrounding mountains and forests, there were sounds of restlessness. The fierce beasts had smelled the pill fragrance and were attracted over.

Zao huaizi and the others were nervous. They spread out and surrounded Tang Hao.

“BOOM!”

A moment later, there was a loud bang and the cauldron shook. A bright light shot up into the sky.

At this moment, the ferocious beasts hidden in the four directions finally couldn’t hold back and attacked at the same time.

In an instant, five to six ferocious beasts soared into the sky and rushed towards the light, all wanting to snatch the pill.

This elixir contained the essence of a sixth tribulation beast and many rare spiritual medicines. It was a fatal temptation for them.

“Bastard, you dare!”

“Stop!” Zao Huazi and the others shouted as they tried to stop him.

In an instant, a chaotic battle erupted.

The cultivation of these fierce beasts was not low, they were all at the 5th or 6th tribulation. For a moment, the battle was difficult to determine.

Tang Hao was still sitting cross-legged on the ground. His expression was calm.

The fierce battle around him did not affect him at all. He made a hand seal, and the light in the air suddenly accelerated and rushed into the clouds. The wind and clouds around him changed instantly, and endless spiritual Qi rushed in from all directions, all of which were swallowed up.

“Swish!”

With a shrill cry, the sky suddenly split open, and a huge Green Phoenix descended from the sky, pouncing toward the light with a terrifying aura.

“You’re looking for death!”

“Shut up!” Tang Hao shouted, his eyes wide open.

In between his eyebrows, the ancestor of technique’s divine eye opened and shot out a beam of destructive divine light.

On top of his head, his primordial spirit left his body and shot out an arrow with the red bow.

The green Luan immediately cried out in alarm and retreated. However, it was a step too slow. The arrow hit its wing.

With a sorrowful cry, a bloody light exploded and scattered across the sky.

The blue Luan shrieked, revealing an extremely frightened expression.

It could sense that this was a Supreme treasure!

It didn’t dare to stay any longer and turned around to escape.

“You’re just a mixed-blood green Luan, yet you dare to come and snatch the medicine!”

Tang Hao opened his eyes and grunted coldly.

The ancient green Luan was a very powerful existence, but the one before him was not pure-blooded and was only at the 5th tribulation. It was far from being his match.

Tang Hao stood up and stretched out his hand. The light in the air fell and a pill appeared in his palm. It was huge, about the size of half a palm. It was far larger than ordinary pills. It was pitch-black and had a thick mist covering it.

It was an extremely rich immortal Qi that was overflowing from the elixir.

“What a great tonic pill!”

Tang Hao praised after studying it.

He had refined many great Supplement Pills, but this one was the most powerful. It was a great supplement pill of the sixth tribulation level. One pill could make his cultivation soar by a large margin.

However, he didn't choose to swallow it himself. Instead, he turned around and threw the elixir to Zao huaizi.

Now, he didn't need to do it himself. He had to rely on Zao Huazi and the others. The stronger they were, the more ferocious beasts they could kill and refine more Super Tonic pills.

At that time, he would naturally not have to worry about his cultivation.
