

The Mightiest Little Peasant Chapter 1905

“After perfection, it’s time to attempt the sixth tribulation!”

Tang Hao mumbled. His brows furrowed slightly.

Of the nine tribulations of the sage realm, each tribulation was more difficult than the last. The first tribulation was the most common one. After passing it, one would become an extraordinary Sage and officially enter the sage realm. The second tribulation was the primordial spirit tribulation. After passing it, one could attain the Supreme primordial spirit.

The third tribulation was the physical body tribulation. After passing it, one’s physical body would be like a dragon.

The fourth tribulation was the blessing and longevity tribulation, where one’s lifespan was limitless.

The fifth tribulation was the immortal mansion tribulation, which was to form a Supreme immortal mansion.

The sixth tribulation was called the Dao tribulation.

This tribulation was completely different from the previous five tribulations. It tested Daoist magic, and only by thoroughly understanding a certain great Dao could one pass this tribulation and advance to the sixth tribulation.

Before the Saint realm, Dao pursuing and Dao severing meant that the cultivator would comprehend the Dao, build a Dao platform, and form Dao fruits.

Tang Hao had comprehended many great DAOs, such as the Dao of life and death, the Dao of reincarnation, and so on.

However, he had only touched the source and had not completely comprehended it or comprehended the Dao laws.

If he was at the initial success stage before, he would have to go one step further now and cultivate it to the realm of great success.

Only a perfected great Dao could comprehend a Dao law and attain the sixth tribulation.

“A perfected great Dao is difficult!”

“I comprehended the ultimate fire Dao. In order to comprehend this Dao, I spent a hundred years in the depths of the earth Fire vein before I reached perfection and attained the sixth calamity!”

Speaking of the 6th tribulation, the two elders shook their heads.

It was too difficult to achieve the sixth tribulation!

On Pangu continent, Saints were as common as clouds. Every clan might have thousands of Saints, but there were only a dozen or dozens of them who could reach the sixth tribulation.

For example, his gate of fortune had only produced three 6th tribulation disciples.

A sixth tribulation Saint was already a top-notch expert, and above that was the clan leader, the peak expert on Pangu continent.

These people rarely showed themselves and were basically in a state of seclusion.

The last time, it was for the two Supreme weapons that so many seventh tribulations came. However, most of them descended with their primordial spirits and rarely used their true bodies.

“However, you’re such a monster. I don’t think it’ll take long. I’ve used a hundred years, but you’ll only need five or six years at most!”

Yun qingzi said.

“Five or six years? That’s too long!” Tang Hao said.

“Five or six years is still a long time!” Yun qingzi said gloomily, “think about young master Taixu. He’s much older than you, but his true body has already perfected the fifth tribulation. It’s been about two to three years, but he’s still comprehending Dao laws ...”

“That’s right! That young master Taixu not only has monstrous talent and exceptional comprehension ability, but the great void heaven also has a deep foundation. It has all kinds of treasures, like the path-understanding tree, path-understanding stone, path-understanding pill, and so on. Yet, it still took such a long time.”

Yun Lanzi agreed.

He also felt that this little friend Tang was too anxious and too fierce.

Originally, it would take a hundred years to comprehend the Dao. To be able to do it in five or six years was already somewhat shocking, and he actually wanted an even shorter time!

“Path-understanding tree, I have one too!”

Tang Hao raised an eyebrow. He waved his hand, and a towering tree appeared.

The two elders looked up and were stunned.

“Is this really the path-understanding tree?”

“It’s so big!”

The two of them widened their eyes.

“Dao Comprehension stone? This can be considered!”

Tang Hao pondered for a while and waved his sleeve. Rays of light flew out and landed on the ground, forming Dao platforms. They were the Dao enlightenment platforms he had brought from tianlao mountain.

“This ... This is ...”

The two elders looked at it, and their eyes couldn't help but widen.

F * ck! They were really Dao Comprehension stones, and there were more than one, dozens of them!

Where did this little friend Tang get so many treasures?

They were truly shocked.

The path-understanding tree and the path-understanding platform were both rare treasures, but little friend Tang had both of them. Moreover, they were not ordinary. The path-understanding tree was especially tall and flourishing. It must have been very old.

“A pill for enlightenment? I don't have any for now, but I know of many ancient Dao Comprehension pills that can be easily refined. ”

Tang Hao said after some thought.

The two elders looked at each other, speechless.

Then, they all laughed bitterly.

“This old man is convinced!”

“With so many treasures, I can compete with young master Taixu!”

The two elders sighed.

“Little friend Tang, although you have many treasures, you still have to pay attention to one thing. To break through to the sixth tribulation, you only need to comprehend one great Dao. You have to choose carefully. The more difficult a great Dao is, the more difficult it is to complete it.”

Yun qingzi warned him with a solemn expression.

“I naturally understand this!”

Tang Hao said.

Comprehending the great Dao was the same as Dao seeking and Dao severing. The simpler the Dao, the faster one could comprehend it and the easier it was to condense a Dao fruit.

However, in terms of power, the more difficult the great Dao, the stronger it was.

Tang Hao had already thought about it. The first Dao he comprehended was the reincarnation Dao. Now that he was going through the Dao validation tribulation, he would naturally comprehend this great Dao.

“In two to three months, young master Taixu will come out of seclusion. If he comes out, he must have reached the perfected great Dao realm. With my perfected fifth tribulation strength, I can resist him, but I don’t have much chance of winning.”

“I must quickly comprehend the Dao and reach perfection in the Dao of life and death!”

Tang Hao thought about it for a while, then decided to stay here and begin his enlightenment.

As for the two elders, they continued to hunt the beasts. Although he had achieved perfection, sis Xiangyi had not. Moreover, there were not many great Supplement Pills.

He planted a path-understanding tree in the valley, set up a path-understanding stage, and refined a batch of path-understanding pills. Then, he sat under the tree and began to comprehend the path.

More than a month had passed since he sat there.

Above his head, a golden divine boat appeared, shining with divine light.

Within the area covered by this divine light, all the plants, beasts, and living beings began to age and then become young again. This process repeated itself.

A month had passed, and the divine boat seemed to have expanded in size.

“Little friend Tang, a treasure has appeared!”

One day, the two elders returned to the valley and brought a piece of news from the outside.

“It’s the East Sea! It was said that an ancient auspicious beast had appeared and caused a great commotion. Many xiuzhe have already rushed over. All the great clans have started to move. It was the sect leader who informed me to tell you. ”

Yun qingzi said.

“An ancient auspicious beast?”

Tang Hao opened his eyes and asked in surprise.

“I don’t know what it is exactly, but when that strange beast appeared, it was filled with multicolored light and colorful clouds. It must be an auspicious beast!”

“These auspicious beasts are all ancient divine beasts with ancient bloodlines. They are Supreme precious beasts. A drop of blood or a piece of bone are all Supreme treasures.”

The two elders were a little excited.

“As long as we get this auspicious beast, our creation sect will be able to produce a large number of experts of the Saint realm. Those geniuses with the creation divine body will also be able to advance further.”

“Then I’ll have to go and take a look!”

Tang Hao muttered to himself. He retracted the divine light around him and stood up.

If it was really an ancient auspicious beast, there was no reason for him to let it go. When he reached the peak of the fifth tribulation, sis Xiangyi, Yu Tong, and the others also needed to improve their cultivation to catch up with him.
