

## The Mightiest Little Peasant Chapter 1921

When they landed on planet jumen, Tang Hao saw monk Huan hai and a few other Taoist masters.

According to them, many Taoist masters had gone out to wander around the starry sky, and no one knew where they were now.

They also explained the current situation in Kun Lun to Tang Hao.

Tang Hao was quite satisfied with Kun Lun's development. He did not plan to interfere and left the matter to the Taoist priest and the others.

He didn't have much time, and he didn't plan to stay here for long. He only stayed for one day and then returned to planet Qi Yuan.

On the Qi Yuan planet, he saw even more old friends. Most of the people from Mount Longhu and Mount Hua were still on the Qi Yuan planet.

After they went through the tunnel, Tang Hao brought sis Xiangyi back to Westridge to reunite with his family.

Then, he went to see assistant han and the parents of teacher Jiang and the others. He told them that they were safe.

"Assistant han and the others are all in their respective clans, but where are Tamamo and the others?"

Tang Hao wasn't worried about assistant han and the others at all. They were the babies of their respective clans, so they would be fine. However, he still didn't know where Tamamo and sia were.

"When I go back this time, I'll definitely look for them properly. Next time, I'll bring all of them back!"

Tang Hao made up his mind.

He stayed there for seven days and met with everyone he needed to meet, then quickly returned to the starry sky.

It had been almost a month since he had left the gate of fortune. It was getting closer and closer to young master Taixu's exit.

He had to return as soon as possible.

He rushed to the central star area as fast as he could, then went through the crack and returned to Pangu.

At this moment, in the sky of Pangu, in the ancient wilderness, a huge ship was parked in the clouds. At the bow of the ship, there were many figures standing. Each of them was dressed in precious clothes and was shining with immortal radiance. In between their brows, there was a Lotus mark.

On the ship, there was the word 'medicine' written in huge letters.

These people were from the Yao clan.

There were more than ten people in the group, and three people stood in front. They were all old men, but their auras were extremely shocking. Faint Dao patterns appeared around the three of them, and a powerful fluctuation spread out with every raise of their hands.

This was the symbol of the 6th tribulation!

These three people were the Yao clan's sixth tribulation elders.

Behind him were the elders of the fifth tribulation.

"No, I didn't!"

"There's nothing here either!"

The group of people looked around, and their eyes shone with a bright golden light. They swept past the mountains and lakes below as if they were looking for something.

"That kid ... Where did he go?"

A six tribulation Saint standing at the head frowned.

"According to the information we've gathered, that kid has indeed come to the ancient wilderness. He appeared in the demon Star Mountain before disappearing." The other six-tribulation Saint beside him said.

"In fact, a few years ago, that kid appeared in the demon Star Mountain and caused a stir. At that time, he was only at the 2nd tribulation. According to my guess, he had just arrived at Pangu, and the place where he entered Pangu was probably in the ancient wilderness, not far from the demon Star Mountain."

"That's right! He had indeed appeared in the devil Star Mountain before the medicine God mountain. Therefore, the devil Star Mountain would be his first stop when he arrived at Pangu! The reason why he came back here this time is most likely to find that passageway."

"But why is he looking for that passageway? Are you going back to the lower realm to avoid the battle and young master Taixu?"

"It's possible! Even though that brat acted very arrogantly, he should be well aware that he has no chance of winning against someone like young master Taixu. Once young master Taixu comes out of seclusion, he will definitely die, which is why he escaped."

"Right! The one he defeated was only a clone of young master Taixu, not his real body. Young master Taixu's real body is terrifyingly powerful, and with the addition of his clones, it's enough to kill that kid."

The three of them discussed and decided on this idea.

That kid must have escaped to the lower realm since he came here.

“What a pity!”

The 6th tribulation expert in the middle sighed with a regretful expression.

“Kong Xuan finally completed his saintly being and came out of seclusion early. I thought I could kill that kid and take his treasures before young master Taixu did. I didn’t expect him to escape.”

“We’re still a step too late!”

The elders of the Yao clan sighed.

His Yao clan had lost another good opportunity.

That brat had many treasures on him. Not only did he have many Emperor weapons, but he also had two Supreme weapons. Not to mention, he also had the alchemy deity token that was extremely important to his Yao clan. As long as he killed that brat, all these treasures would belong to his Yao clan.

But now, that kid had run away.

Even though it was impossible for him to not return forever, young master Taixu would have already come out of seclusion by the time he returned. It would be very difficult for the Yao clan to snatch him.

“Woof! I thought that kid was really not afraid of anything! So he’s also a coward!”

Many elders even sneered.

“No! We can’t wait like this. It’ll be too late when young master Taixu comes out of seclusion. We have to find that kid as soon as possible, kill him, and take the treasure. Since he has escaped to the lower realm, we’ll chase after him!”

The six-tribulation Saint in the middle said resolutely.

“How ... How do we chase them?”

The other elders of the Yao family were stunned.

Once upon a time, there were a few passageways leading to the lower realm on Pangu continent, but they had long disappeared due to the changes in space. Now, there were no more visible passageways on Pangu continent.

The passage that the kid came up from should be a hidden passage that no one knew about.

Even if they knew that the passage was in the ancient wilderness, it would be hard to find it.

“Search inch by inch. We must find the passage, chase him to the lower realm, and kill that brat!” The six-tribulation Saint clenched his fists and said ferociously, “that kid escaped and helped us. In the lower realm, we don’t have to worry about that old demon Xue at all. The three of us can also attack.”

“That’s true! If the three of us attack together, that brat won’t have a chance to escape. ”

“Continue searching, find that passageway!”

The ship trembled and began to move. It slowly accelerated and sailed forward.

All the Saints on the ship activated their spiritual eyes and used all kinds of spells to search for the passage.

“We don’t have much time. Let’s return to the gate of fortune first!”

Meanwhile, Tang Hao emerged from the valley. He immediately leaped up and rushed out of the valley, intending to return to the beihuang region.

Not long after he flew out of the valley, his divine sense suddenly moved. He let out a cry of surprise as he discovered the large ship that was sweeping over from a distance.

“Yao clan?”

He focused his eyes and was shocked.

When he discovered the Yao clan’s ship, the Yao clan Saints also noticed him. Both sides met.
