

The Mightiest Little Peasant Chapter 1924

“You’re too noisy!”

“Go!” The origin core avatar shouted and struck out with his spear. Yao Kong Xuan’s body trembled and he retreated.

Tang Hao fired another arrow.

Yao Kong Xuan was attacked from both the front and back. He was sent flying and spat out a mouthful of blood.

“This sacred body is not bad. I can use it to refine another clone!”

Tang Hao jumped up and grabbed Yao Kong Xuan.

This Saint Lotus body was undoubtedly the best material to make a clone.

“This treasure is not bad either!”

The origin core clone charged toward the Barbarian slaying spear.

“Not good!”

The Saints of the Yao clan were shocked.

Kong Xuan was going to lose!

He could lose, but he couldn’t lose his sacred body. He couldn’t lose the treasure of his Yao clan.

“Stop!”

They shouted and stepped forward, trying to save Yao kongxuan and keep the Supreme weapon.

“Tsk! What a pity!” Tang Hao turned around and snorted. He could not get the sacred body with these old men around, but he could destroy it if he could not.

His face turned ruthless. He turned his palm into a claw and clawed at Yao Kong Xuan’s forehead.

“Ah, Yingluo!”

A shrill scream was heard.

“Don’t be scared!”

As the Yao clan Saints roared, the black mark between the eyebrows was dug out, and blood gushed out.

The blood was black and it exuded a shocking evil Qi.

“Good stuff!”

Tang Hao looked at the mark in his hand and exclaimed in admiration. The mark clearly contained a powerful force. It should be the core of the sacred lotus body. Removing the mark would cripple at least half of the sacred body.

“You brat, give it back!”

The Yao clan elders’ eyes were about to pop out as they roared madly.

Their eyes were bloodshot as they charged toward Tang Hao in an attempt to seize the Black Lotus seal.

“Here you go!”

Tang Hao tossed the seal to the clone.

“Hahaha! Good stuff! Many thanks, fellow Daoist!”

The clone caught it, threw it in front of the Yao clan elders, and swallowed it.

“You ...”

The Yao clan elders were all stunned.

“Hahaha! You idiot, you’re courting death. Do you know what you swallowed? That’s the essence of the Black Lotus, the most Yin and evil thing in the world, and it also contains a powerful force. You can’t absorb it at all, and your body will explode and die. ”

“Hurry up! Spit out the imprint!”

Then, they shouted.

“Yin and evil? Hey! It’s a piece of cake! Powerful strength? That’s great, I’m lacking resources and I’m in a hurry to level up!” The clone wiped his mouth and said.

“You ... You idiot, you will die ... Die ... Die ...”

The Yao clan elders cursed angrily.

However, as he cursed, he suddenly stopped.

Then, their eyes widened, revealing extreme shock.

The clone in front of him did not explode at all. Instead, its aura rose rapidly, as if it was absorbing the power of the essence of the Black Lotus at an unbelievable speed.

But how was that possible?

That was the essence of the Black Lotus. How could this guy refine it so easily and turn it into his own power?

From his expression, he was still extremely relaxed. It was as if absorbing the essence of the Black Lotus was as easy as eating and drinking.

“What ... What’s going on?”

“Perfect ... Perfect!”

“You ... You guys, look, he advanced, he advanced just like that! Oh my mother! Are my eyes playing tricks on me?”

When they saw that the clone in front of them had easily broken through to the 6th tribulation, they were completely stunned.

They could not understand how such an absurd thing could exist in this world!

“Oh my God! What kind of monster is this?”

Then, they were terrified.

Breaking through to the sixth tribulation was as easy as eating and drinking. This was definitely not an ordinary clone. It definitely had a terrifying origin.

“Go! Hurry up and run!”

The three 6th tribulation lightning sovereigns made a prompt decision. They put away Yao Kong Xuan and called back their clan’s Supreme treasure. Then, they turned around and fled.

Now, it wasn’t them who killed this kid. It was this kid who killed them instead.

In just a short while, the situation had completely reversed.

“Did I let you go?”

At this moment, the origin core avatar opened his eyes, and a divine light shot out from his eyes like lightning.

He grabbed his spear and shot out. He caught up with one of them in an instant and struck out with his spear.

“Ah!”

There was a short scream.

The fifth tribulation Saint exploded so easily, his blood and flesh splattering everywhere.

His primordial spirit was also grabbed by the clone. The clone opened its mouth and swallowed it.

“It tastes good!”

The clone licked his lips and said coldly.

“Mother of God!”

“This monster ... Is so brutal!”

The Saints of the Yao clan turned around and were scared out of their wits.

One spear to kill one and swallow their primordial spirit. This was even more brutal and terrifying than the kid's original body.

“Stay here!”

The clone pounced forward and struck out with a palm. A handprint was blasted out, and it pinched a fifth tribulation Saint. Then, it crushed him and devoured his primordial spirit.

“Hurry up and run!”

The elders of the Yao clan were even more shocked. Each of them burst out with their fastest speed and fled in a frenzy.

They were completely scared out of their wits and didn't even have the courage to fight.

“Woof! Pangu's people aren't that great after all!”

The clone stopped, looked in the direction they fled, and snorted in disdain.

“You're running pretty fast!”

Tang Hao caught up to him and snorted.

His expression was a little cold. The Yao clan's ambush this time had greatly exceeded his expectations. If he didn't have a clone, he might really have been at risk of dying.

However, he had still profited this time. He had obtained the essence of the Black Lotus and allowed his clone to advance to the 6th tribulation.

His strength had increased greatly, and he was more confident in facing young master Taixu.

“Hey! Speaking of which, this group of people were also very good people! I just came up and they gave me a big gift. The next time we meet, I must thank them properly.” The clone laughed.

“I want it! I want it!”

Tang Hao was surprised, but he laughed out loud.

Now that he had said this, he really had to thank the Yao clan.

“Let’s go! Let’s return to the gate of fortune first!”

Tang Hao retracted his aura and his clone, then turned into a beam of light and headed straight for the beihuang region.

Tang Hao did not return to the gate of fortune when he arrived at the beihuang region. Instead, he went to the tianluo mountains and placed his clone in the immortal vein before returning to the gate of fortune.

After meeting with Zao huaizi, he understood the situation over the past month.

Nothing special happened in the past month. The outside world was still as lively as ever. More and more people were discussing the feud between him and young master Taixu.

On the other hand, the creation alchemy Dao was still flourishing and developing. The situation was gratifying.

There was no news from the Yao clan either. It was likely that the Yao clan did not dare to spread such a scandal and could only swallow it in silence.

Tang Hao returned to the peak and sat cross-legged under the path-understanding tree, continuing to comprehend the great Dao.

His avatar was already at the sixth tribulation, but his main body had not. He still needed to cultivate diligently to attain a perfected great Dao and advance to the sixth tribulation.
