

The Mightiest Little Peasant Chapter 1931

In the past few months, the eight desolate lands had been quite lively.

Everyone was paying attention and discussing the same matter. It was about the grudges between the newly rising demon from the lower realm and the eldest young master of the great void heaven.

The other was born in the lower realm, but he was extremely talented. Ever since he came from the upper realm, he had been invincible and had defeated all the heroes of Pangu with overwhelming strength, making a name for himself.

The battle at Tianlao Mountain was his first battle in the spiritual wilderness. He had swept away all the Saints of the spiritual wilderness and made a name for himself.

During the battle of Mount Changliu, he had taken the Supreme weapon from a group of 5th tribulation cultivators with his 4th tribulation strength. From then on, he became famous.

After that, all the races in the world chased him for tens of thousands of miles and countless heroes gathered. However, not only did they not kill him, but they also allowed him to advance to the fifth tribulation and shock Pangu with a single battle.

Not long ago, in the battle for the auspicious Beast in the East Sea, he once again defeated a group of top geniuses and seized the auspicious beast from the various races, making him famous again.

There were simply too many things about him. In addition to his powerful strength, there was also his superb alchemy skills and his prominent position in the world of alchemy. Everyone in the world was talking about him with great relish.

It was no exaggeration to say that he was now the most powerful man in Pangu!

Not only did his reputation spread among the human race, but it even reached the ears of those of the primordial bloodline. He was regarded as an unrivaled hero!

The other was the eldest young master of the great void heaven, the successor of the oldest Orthodoxy in the world. To the people of Pangu, such a character was born with a Halo, a legendary figure who stood high above the masses.

There were not many rumors about him. In the eyes of the world, he was somewhat mysterious, but no one would doubt his strength because of this.

Just the fact that he was the successor of the great void sect was enough to prove his strength.

He was a true Supreme youth!

He had always been looking down on Pangu's heroes with a high and mighty attitude. No one could challenge him, until the appearance of that monstrous genius surnamed Tang!

Young master Taixu's clone was defeated in the battle at the creation ceremony and fled in a sorry state, shocking the entire Pangu clan.

The two of them also became enemies because of this.

As the eldest young master of the great void heaven and the face of the great void sect, he had to take revenge.

There was bound to be a battle between the two peerless geniuses!

Everyone was waiting for young master Taixu to come out of his seclusion. The moment he came out would be the time for the final battle between the two geniuses.

People were discussing heatedly who would be the better one between the two geniuses.

"How can a mere barbarian from the lower realm compare to the successor of the great void sect? the great void sect is an orthodoxy left behind by an ancient God. Its mantras and abhijna are all top-notch in the world, not to mention its tens of thousands of years of accumulation. It is not something that a barbarian from the lower realm can compare to."

"It's undeniable that the boy is indeed a monster and can suppress the heroes of Pangu. But now, he is facing young master Taixu, who is even more monstrous and has a more powerful background. He has no chance of winning at all."

Most of the people had the same thought.

After all, he was the eldest young master of the great void heaven. Just his avatar alone could suppress many of the monstrous geniuses in the world. He was a legendary figure. How could such a character be defeated!

In terms of cultivation level, young master Taixu would be a perfected great Dao and half-step to the sixth tribulation once he came out of seclusion. As for that Tang guy, he had just reached the perfected fifth tribulation.

In terms of techniques and divine arts, young master Taixu not only had a God demon vital embryo, but he also had the great void heaven's Secret techniques and divine arts. He was definitely stronger than that surnamed Tang.

In terms of treasures, that Tang fellow had two Supreme weapons, but young master Taixu would not be lacking in any way.

No matter how they compared the two, that Tang guy was utterly defeated!

"I can't say for sure. That Tang Guy Rose from the lower realm and reached his current realm. He's not an ordinary monster. He's different from the monsters in our Pangu. I don't think we can predict the outcome of this battle!"

Only a small number of people had a different view.

As the day young master Taixu would come out of seclusion drew closer, Pangu became more and more lively.

Countless gazes were cast toward the gate of fortune. The surroundings of the mountain range of fortune were filled with cultivators who had come from all over the world, ready to watch the show.

All the clans and sects also sent their elders.

In an instant, the mountain range of fortune became extremely lively.

Everyone was eagerly waiting for the day young master Taixu would come out of seclusion.

After waiting and waiting, the news of young master Taixu's exit came from the 33 heavens. Very quickly, a special envoy from the great void heaven arrived and handed over a challenge letter.

However, to everyone's surprise, young master Taixu had come out of seclusion and sent the challenge letter, but that Tang fellow had disappeared.

Faced with this challenge, no one from creation sect came out to accept it.

The crowd was stunned at first, then it was an uproar.

No one had expected such a situation.

In their eyes, that Tang fellow was extremely arrogant and audacious. He was not afraid of young master Taixu at all during the creation ceremony. How could he run away without fighting?

"That kid ran away?"

"Tsk! To think that I've waited for so long!"

Everyone was extremely disappointed.

"Hahaha! That kid actually ran away! And here I thought that he would be tough, but he still ran away! So ... He's also a coward!"

"Fleeing without fighting, what a coward!"

For a time, laughter and mockery rose from all around.

When the news spread, the world was also stunned.

They had never thought that this would be the result.

"It can't be?"

Many people couldn't believe it. Back at the creation ceremony, that Tang fellow wasn't afraid at all when he faced young master Taixu. Why did he run away before the battle even started?

"Hey! The great void heaven's battle invitation is still in front of the gate of fortune. It's been a few days and no one has accepted it. The gate of fortune doesn't even dare to let out a fart. That kid has disappeared without a trace. If he didn't run away, what else could he be?"

"What peerless monster, what unparalleled hero, he doesn't even dare to accept the battle invitation. I think he's just a joke!"

"That Tang guy is very tactful. He knew that he couldn't win and ran away with his tail between his legs!"

Mocking voices could be heard all over the vast land.

Tang Hao had become a joke!

When people talked about him, they would mock him as a coward, a coward!

"The battle invitation from the great void heaven is still here! The people of the great void heaven said that as long as that brat doesn't appear, the battle invitation will not be withdrawn!"

Everyone in the world continued to pay attention to the battle notice.

The surroundings of the mountain of fortune were still bustling with activity. Everyone stared at the battle invitation and continued to wait.

However, as the days passed, there was still no movement from the gate of fortune. That kid still did not appear.

Soon, a month had passed, and there was no movement.

"Hey! Let's go! Let's go! It's been a month, and that kid is nowhere to be found!"

"That's right, if he wanted to fight, he would've come a long time ago. It's cold, let's go! Do what you need to do, don't waste time here!"

Everyone's patience was finally worn out.

One month was long enough!

Even if that brat was wandering outside in search of opportunities, he should have received the news by now and rushed back. However, he still had not appeared, which meant that he had really run away!

As more and more people left, the surroundings of the mountain range of fortune gradually became deserted.
