

## The Mightiest Little Peasant Chapter 1934

“Look! The myriad tribe battlefield is up ahead!”

“Thank God, I finally made it!”

In the sky, spiritual light was like a shuttle, and on the ground, ten thousand beasts were galloping.

Large ships and giant birds that were filled with xiuzhe rushed over from all over the world.

They looked into the distance, and all of them revealed a happy expression.

The vast wilderness in front of them was the famous myriad tribe battlefield.

From a distance, a primordial aura and a thick killing intent could be felt from the battlefield.

Looking into the distance, one could see countless giant beast skeletons scattered all over the battlefield, like mountains.

At this moment, there were xiuzhe among the bones of the giant beasts. Even the bones were filled with people. Some of these xiuzhe sat on the ground, some set up tents, and took out their cave abodes.

At a glance, it was a sea of people, boundless and simply uncountable.

The xiuzhe here were counted in the billions.

Such a Grand occasion had not happened on Pangu continent for thousands of years.

“I don’t think there’s any suspense in the outcome of this battle. The key lies in how long that Tang guy can last and how many moves they can exchange!”

“I don’t think so! That Tang guy is indeed powerful. Jiang jingchen, ye jiuxuan, and all the top geniuses of the various clans have all been defeated by him. But this time, his opponent is young master Taixu. I think it’ll be amazing if he can last 15 minutes.”

These xiuzhe were gathered together and discussing this battle.

They had no doubt that young master Taixu would win. The only thing they could discuss was how long this battle would last.

The divine arts, spells, treasures, and all kinds of means of both sides were counted in detail.

“Come on! Place your bets!”

Many Chambers of Commerce even started to place bets, attracting countless xiuzhe to place their bets.

Of course, most of the xiuzhe had bet on young master Taixu.

“Young master Taixu is the inheritor of the heavenly Dao. There’s nothing to say about that. That kid surnamed Tang is also an outstanding person! To be able to come all the way here from the lower realm and fight with young master Taixu, even if he loses, he should be proud of himself!”

“That’s right! It’s already a miracle for that kid to be able to make it this far!”

Speaking of these two great geniuses, the people of the world held some respect for young master Taixu. However, they also held some respect for that Tang fellow.

Being born in the lower realm but able to walk to this stage today, this was not something that ordinary people could do.

Back then, the old demon blood was far inferior to this kid.

“Look! The Jiang clan is here!”

“Another seven tribulation!”

In the sky, huge ships sailed over continuously, and there were also shocking rainbows that pierced through the sky. Golden primordial spirits appeared and stood on the clouds.

Every time this happened, the four sides would be in an uproar.

The seven tribulation old monsters were all giant figures. Normally, they would not even see one of them. Now, they had come one after another. They could not even count how many seven tribulation primordial spirits had come in the sky.

“That Tang guy is just asking to be humiliated! How can he be a match for a disciple of the great void heaven? with my current abilities, I can fight him!”

From time to time, some geniuses from different races would jump out and talk nonsense, causing a clamor.

“I’m just passing by. Don’t miss this ‘Tang Hao’s Secret History’. Read it.”

“Do you want to know how that demon Tang got here from the lower realm? Then you must not miss this “demon Tang’s Secret impartation”!”

“It’s true! Of course it’s true. This is the information that my nine treasures Chamber of Commerce got from exclusive interviews with those geniuses of the lower realm. I guarantee it’s absolutely true. There are still many more shocking news that you can’t imagine. It’s not expensive, it’s really not expensive. This kind of material is only sold for 999!”

Many Chambers of Commerce even took the opportunity to launch all kinds of secret impartations, secret histories, and publicity, earning a lot of gimmicks.

There were also many buyers. Basically, everyone bought one or two copies and held them in their hands, reading them with great interest.

Strange phenomena appeared when he was born, and he was so lucky that he could be hit by treasures while walking ...

In these so-called secret impartations, everything was made up, and it was made up very well, with a decent appearance.

Different versions of the book had different stories. In some versions, Tang Hao was a flirtatious and flirtatious man who was full of love stories. He made them seem like they were real. In other versions, he was a philandering thief who made up the entire secret manual into an erotic novel.

However, people loved to read such gossip. Even though they knew it was fake, they were still fascinated by it.

Seven days passed by in a flash.

Finally, the day of the decisive battle had arrived.

On this day, there were still countless spiritual lights coming from all directions. The cultivators from all directions raised their heads and looked at the sky. They held their breaths and concentrated, waiting.

“Look! It’s the gate of fortune, they’re here!”

When a large ship appeared in the sky, the surroundings instantly boiled over.

“It’s him! That’s right!”

“That’s Tang Hao?”

Everyone’s eyes were attracted by the figure standing at the bow of the ship.

He stood at the head of the group, his entire body shining with immortal radiance. His face could not be seen clearly, but everyone knew that he was the monstrous genius surnamed Tang, whose name had shocked Pangu, and one of the main characters of today’s battle.

“He ... Is here!”

The gazes of the people were all different. Some were filled with hatred, some with curiosity, and some with admiration ...

Under everyone’s watchful eyes, the ship came and slowly stopped in the sky.

After a long while, the atmosphere finally calmed down. Everyone raised their heads again and looked at the sky.

About an hour later, the clouds in the sky suddenly split open. Then, a Dragon’s Roar came from the nine Heavens above, shaking all directions.

A beam of green light shot out from the clouds.

It was a Dragon with green scales all over its body, and its divine brilliance dazzled the sky.

It rode the clouds and descended from the nine Heavens. On its head, a figure stood impressively. His entire body exuded an astonishing divine light, like a scorching sun, making it impossible for people to look directly at him.

“They’re here!”

“It’s young master Taixu!”

“Waa! Stepping on a Green Dragon and coming from the nine Heavens, he’s indeed the eldest young master of the heavens, a legendary figure!”

Everyone cried out in alarm.

Aooo!

The Dragon’s Roar shook the heavens and the earth.

The Azure Dragon spiraled down and landed on the ancient immortal battle platform.

Two beams of golden divine light shot out from the figure’s eyes. He looked around and landed on the big ship in front of him.

“You, come down and accept your death!”

He raised his hand and pointed at the figure at the bow of the ship, speaking in an unquestionable tone.

With that, he leaped off the dragon’s back and landed on the fighting ring with a bang.

On the warship, Tang Hao’s figure flashed and he also landed on the fighting ring.

Two figures stood on both sides of the fighting ring. Although they had not made a move yet, their auras and gazes had already clashed, causing intense sparks to fly.
