

The Mightiest Little Peasant Chapter 1936

On the ancient deity plateau, the two figures were still in a confrontation.

The clash of auras between the two continued to escalate, stirring up the heavens and earth, and changing the color of the clouds.

“You’ve got some guts, daring to accept my battle invitation!” Young master Taixu shouted coldly.

“Why wouldn’t I dare?”

Tang Hao retorted coldly, not willing to show weakness.

“Alright! You’re as arrogant as ever!” Young master Taixu laughed out of anger and said, “don’t think that you can defeat me just because you defeated my avatar. That was just an avatar.”

“That’s not an ordinary clone either. That’s one of the three great origin embryos, the God demon origin embryo. Today, I don’t even need my main body to make a move. Just a clone can defeat you!”

As he said that, the corners of his mouth curled up, revealing a hint of a mocking expression.

The next moment, a light flashed above his head.

“I’m enough to deal with you, Tang kid!”

The divine demon vital embryo clone stepped out. His body shook, and his aura exploded.

“That’s ... The aura of a 6th tribulation?”

“Heavens! This clone was already at the 6th tribulation! This was way too fast! His main body hasn’t even passed the 6th tribulation, but his clone is already at the 6th tribulation!”

In an instant, everyone burst out in exclamations.

Everyone’s face revealed a touch of shock.

“You guys don’t understand! This is the amazing thing about the three origin cores. They can increase their cultivation levels faster than their main bodies!”

Immediately, a xiuzhe spoke out to clear everyone’s confusion.

“A clone at the 6th tribulation! This was too abnormal! How could they fight this? Just this clone alone should be able to fight that Tang fellow!”

Everyone was stunned. They had thought that this battle would be a fierce one and would last for 15 minutes before the winner was decided. They didn’t expect it to be such an overwhelming situation.

With a 6th tribulation clone and his main body, how could that surnamed Tang still have the strength to fight back?

“As expected of the great void sect, their Foundation is terrifying! In just a few months, he can raise this clone to the 6th tribulation!”

“Hahaha! This kid ... Is dead!”

There was an uproar in the sky.

Sir God Wu Ling and the others were overjoyed and they laughed out loud.

Previously, they were not 100% sure, but now, after seeing this 6th tribulation clone, they knew that they were sure!

With such overwhelming strength, that kid had no way of escaping.

Amidst the commotion, Tang Hao’s expression did not change. He glanced at the clone and said in a mocking tone, “What? is the God-demon vital embryo very powerful?”

Hearing this, young master Taixu was stunned.

Everyone was also stunned.

“Don’t tell me he doesn’t even know what a God-demon vital embryo is?”

“Hahaha! What a joke! If even one of the three great origin embryos, the fiendgod origin embryo, isn’t powerful, then what is?!”

Then, there was a burst of laughter that could move mountains and seas.

Divine demon vital embryo!

What kind of divine item was that! But in this guy’s mouth, it seemed to be worthless!

Such a tone was also a little too big.

“How would the lower realm’s barbarians know the power of such a divine object!”

Many xiuzhe even laughed at his ignorance.

Young master Taixu was stunned for a moment before he laughed out loud. “Don’t tell me you don’t even know about a God-demon vital embryo?”

“I know! Of course I know!” Tang Hao teased.

“If you knew, why would you be so arrogant?” Young master Taixu shouted.

“From what I know, among the three great origin embryos, the God-demon origin embryo is only ranked second!” Tang Hao said.

“This ... That’s right! Even if it’s ranked second, it’s still a top divine item. The first heaven and earth origin core has long gone extinct, and this God and demon origin core was obtained by me after a near-death experience. You can’t find a second one in this world. ”

Young master Taixu said.

“Who told you that the heaven and earth origin core is already extinct?” Tang Hao laughed.

Young master Taixu was stunned and said, “isn’t this common sense?” This kind of divine item has already disappeared in the ancient times!”

A heaven and earth origin fetus could only be produced by absorbing the essence of heaven and earth for 10000 years from an ancient divine stone. Such ancient divine stones were born when the heaven and earth were first created, and there were extremely limited numbers of them.

Those who were supposed to form their essence embryos had already done so. Most of them had already formed their own consciousness and turned into living beings. Only a small number of them had been refined by ancient mighty figures to become Supreme avatars.

Now, there was no such divine item!

“This kid, what is he saying? In this world, there is no such thing as a Heaven Earth origin core!”

“It is! This thing has been extinct for God knows how many years!”

In the sky, the group of 7th tribulation cultivators sneered.

“Is that so?” Tang Hao smiled noncommittally. “Then, What is this?”

After he finished speaking, a golden light flashed above his head, and a golden figure rushed out. It turned into a clone and stood in the air.

In an instant, a vast might of heaven and earth spread out.

“This ... This is ...”

Young master Taixu’s body trembled as if he had been struck by lightning.

His eyes were wide open, revealing extreme disbelief.

The faces of the seven tribulations cultivators froze. In the next moment, their eyes widened as if they had seen a ghost.

“This ... Could this be?”

“Impossible! How could this be ...”

They stuttered.

“What’s that? It can’t be Some Kind of Heaven Earth origin core, right?”

“Look, that’s the aura of the 6th tribulation! This clone is also at the 6th tribulation!”

The crowd burst into an uproar.

Everyone’s faces were filled with shock and horror.

“I’m Suan Suan ni!”

Divine Lord Wu Ling was stunned for a long time before he finally regained his senses and cursed.

At this moment, he only wanted to curse!

Heaven and earth origin core!

This was really a Heaven Earth origin core!

Didn’t they say that it was already extinct? Where did this kid get it from?

Moreover, not only did he refine this origin core, but he also raised it to the 6th tribulation realm!

“Damn heavens, are you F * cking toying with me!”

Another seven tribulations old monster cursed out in grief and indignation.

Who would have thought that this kid from the lower realm actually had such a peerless divine object!

“This is a Heaven Earth origin core!”

Even Yu Shiling was stunned.

She had known that Tang Hao had a powerful clone in the lower realm, but she had never thought that it was the first of the three great origin embryos, the heaven and earth origin embryo.

“You have a God and demon Yuan embryo, and I have a heaven and earth Yuan embryo. Today, I’ll test which Yuan embryo is more powerful!”

Tang Hao shouted coldly.

With a thought, the origin core avatar pounced forward, holding a divine spear in its hand, and attacked the divine demon origin core avatar.

“Hmph! So what if he had a heaven and earth origin core? Why would I be afraid of you!”

“Hmph!” The clone snorted in anger, grabbed a battle spear, and charged forward.

Clang!

The spear and spear collided, exploding with boundless brilliance.

The two origin core avatars were engaged in a fierce battle in the sky above the fighting ring.

“Now, it’s our turn!”

Tang Hao looked at young master Taixu and shouted.

He lifted his foot and stomped heavily. His body shot out like a cannonball. In the blink of an eye, he was in front of young master Taixu and he punched out.

His aura burst out, and the God spirit bone in his chest glowed with a dazzling light. His Qi, blood, and celestial core power surged and shot out with this punch.

Young master Taixu’s expression changed slightly, but his reaction was extremely fast. He also threw a punch.

Bang! Bang!

The two fists collided, and the sound was like muffled Thunder, shaking the void.

With the two of them as the center, ripples that could be seen by the naked eye spread out.

“Your physical body is not bad!”

Tang Hao didn’t move an inch, but young master Taixu trembled and was forced back a few steps. His handsome face was filled with embarrassment and anger.

He snorted in anger, gathered his celestial core power, and threw a punch.

Several parts of his body glowed at the same time. They were all godly bones. His hands, feet, and his chest had three pieces in a row, making a total of seven godly bones.

None of them were beast bones. They were all natural God’s bones.

The seven pieces combined were not inferior to Tang Hao’s God spirit bone.

Bang Bang Bang!

The two of them continued to exchange blows. In the blink of an eye, they had exchanged hundreds of blows, but neither of them had the upper hand.

Everyone was dazzled by the scene and couldn’t help but exclaim in shock.

The battle between the avatars was extremely intense.

Their bodies clashed, and they were equally matched.

Between the two of them, the battle actually ended in a draw for a while. This greatly exceeded their expectations.
