

The Mightiest Little Peasant Chapter 1939

“How did this happen?”

“How can the successor of the great void heaven ... Lose?”

In the crowd, countless xiuzhe shouted excitedly, their faces still filled with disbelief.

How could the successor of the great void sect, a legendary figure, lose?

Furthermore, he had lost to this barbarian from the lower realm!

They were unable to accept this fact.

“We lost! He actually lost!”

In the sky, the Group of Seven tribulations were also stunned.

Even though they could see that the brat surnamed Tang had the upper hand just now, the result still gave them a huge shock.

The inheritor of the great void sect had actually lost to a kid from the lower realm. This was something that had never happened since the 33 heavens existed.

“We lost! If you lose ...”

Sir God Wu Ling was completely stunned. He stood there and muttered to himself.

He had thought that the kid would die Here, but he didn't expect the kid to win instead.

“I've underestimated him!”

Yu Shixuan was stunned for a long time before he laughed bitterly.

She realized that she had still underestimated this young man. His evilness had far exceeded her expectations.

“This kid ... Is truly extraordinary!”

“To be able to defeat the great void sect's successor as a lower realm cultivator, this child's talent can no longer be described with words. I have never seen such a powerful figure in my life. As long as he doesn't die, he'll definitely be able to complete the eighth tribulation and ascend to the throne!”

When the Group of Seven tribulations looked at the stage again, their faces were filled with surprise and awe.

It was to the extent that many of the seven tribulations revealed a strong look of fear.

This child's monstrous talent made them all incomparably shocked.

"If we don't get rid of this child, he will cause endless disasters!"

Many of the seven tribulations even had strong killing intent.

Looking at the kid on the stage, they were all a little uneasy and had a strong sense of danger.

"Al! What a pity!"

Someone in the crowd sighed. It was the seven-tribulation Saint of the Tang Clan in the East wilderness.

The Tang Clan had actually missed out on a monstrous talent who could surpass the great void sect's successor.

If he had not chosen to ignore it but had given a helping hand, the situation would have been different today. The man standing on the stage would have been the pride of the Tang Clan and made it famous in Pangu.

However, it was too late.

"Hey! Old man Tang, do you regret it?"

"Hahaha! Just look at him, he's so regretful that his intestines are turning green! He's a genius who's even more monstrous than the great void sect's successor, and the Tang Clan just missed him. If it were me, I would have found a piece of tofu and killed myself!"

"Hey! You can't blame the Tang Clan for this! At that time, who would have thought that this kid would be so powerful!"

Teasing voices came from all directions, which made the Tang Clan Saint even more upset.

"My fellow Daoists, I'm sorry!"

Yushi Xuan said to the seven tribulation saints.

"F * ck! Unlucky!"

"Today, I'm convinced. I lost!"

The group of old monsters who had participated in the bet were all resentful. After they threw out their treasures, they cursed for a while and then turned into long rainbows, quickly leaving.

Below, the atmosphere was still boiling.

Everyone was shocked as they looked at the figure standing on the stage.

With the end of this battle, a legend fell, but another legend rose.

His name was Tang Hao!

He had no background and was born in a poor lower realm, but he was able to stand above all the monstrous geniuses in the heavens. He was the true legend, the undisputed Supreme one among the younger generation!

At this moment, countless young people were overwhelmed with emotions.

The older cultivators were also filled with emotions.

In Pangu world, the thirty-three heavens had always been high and mighty, and even the most powerful geniuses of their clans found it difficult to overcome them. Since ancient times, there had been very few who could surpass the descendants of the heavens, and none of them had ever been able to do so as a lower realm cultivator.

This young man was the first person to do so since ancient times!

In the crowd, there were also countless jealous and hateful gazes, all from the major clans, and many monstrous talents, such as ye jiuxuan, Yuchi Xuan, and others.

“Your Grandpa! This bastard was already so powerful! Do you still want me, the black Tiger, to live?”

In a corner, Liu heihu squatted down and let out a shrill cry.

“Don’t tell me that this Black Tiger uncle will be bullied by this bastard for the rest of my life and live in his shadow? Wuwuwu! I’m really too pitiful!”

The more he thought about it, the sadder he felt. He was on the verge of tears.

After the figure on the stage leaped onto the ship and left, the surroundings were still in an uproar and the clamor did not dissipate for a long time.

The crowd only dispersed after a long time.

On the way, they were still discussing enthusiastically, as if they had not had enough.

As they left, the result of the battle quickly spread, causing a huge stir in the entire Pangu continent.

A new legend!

The only Supreme martial artist of the younger generation!

All sorts of titles were given to Tang Hao.

For a time, countless people worshipped him.

“What’s awesome? you don’t have to rely on your background or connections. This is what you call truly awesome!”

“That’s what an idol is! The Jiang clan’s genius and the great void heaven’s successor, which one of them did not have a strong background? were they powerful? He’s not powerful at all. God Tang is the real powerful one, he’s a peerless fierce man!”

Among the younger generation, many people were greatly encouraged.

The result of this battle had also spread to the 33 heavens, causing a sensation.

During the battle on the ancient deity plateau, people from the 33 heavens had descended to watch the battle.

The result of this battle had greatly shocked them.

Young master Taixu’s strength was beyond doubt!

The divine curse young master Tian and the Vermillion Bird young master Tian, who were of the same generation, were on par with him.

Among the previous eldest young masters, their strength was also quite outstanding. But even so, young master Taixu still lost. He lost to a monster from the lower realm!

To the 33 heavens, this was undoubtedly a humiliation!

“Who is this Tang Hao?”

The people of thirty-three heavens did not know much about this Tang Hao. Many people had only heard of his name before, and they held a slight attitude.

But now, they had no choice but to take it seriously.

Tang Hao’s reputation had spread throughout the thirty-three heavens.

Everyone in the 33 heavens knew that a world-shocking monster had appeared in the lower realm, one that surpassed the monster of his 33 heavens!

“I’ve met this Tang Hao before. He’s indeed impressive. He dared to go against young master Taixu during the creation ceremony. His spirit is not something that Ordinary Geniuses can compare to.”

“Hey! This is a disgrace to the great void heaven, and it has nothing to do with us! This kid is quite an outstanding talent, but more importantly, he doesn’t have any background. Perhaps we can rope him in, and with a little training, he’ll be another big Shot!”

Within the thirty-three heavens, many Voices of Praise could be heard.

Many orthodoxies even had thoughts of roping him in.
