

The Mightiest Little Peasant Chapter 1952

“Congratulations!”

Zao Huazi and the others came up to him and congratulated him.

Their faces were filled with joy.

Master Tang had successfully advanced to the sixth tribulation. The gate of fortune had another expert.

“It was so close just now. I thought I was going to fail!” Zao huaizi laughed, revealing a trace of fear.

Back then, when he saw so many people attack, his heart had turned cold. He thought that he was doomed to fail. But he didn't expect that in the end, not only did he safely pass the Tribulation of Dao, Master Tang seemed to have some kind of encounter and his strength increased greatly.

When he thought of the situation just now, he was a little shocked.

With just a glance, he could defeat a powerhouse of three paths!

Wherever his gaze landed, he defeated all the 6th tribulation cultivators. Even the clone of the master of the Yao clan was not spared!

Such an invincible demeanor was truly amazing.

“I didn't expect that in less than a year, he had advanced from the fifth tribulation to the sixth tribulation and caught up with me. I'm afraid that in a few years, no, in less than a year, he will be able to surpass me.”

As he sized up the young man in front of him, Zao Huazi was filled with mixed emotions.

When they first joined the gate of fortune, the difference in strength between the two of them was huge. But now, the difference was very small.

“Little friend Tang ... No, I can't call you little friend anymore. I have to call you fellow Daoist!” Yun qingzi smiled. “Congratulations, fellow cultivator Tang!”

As he spoke, he cupped his hands and bowed.

“You're too polite, elder!” Tang Hao smiled. “You're making me sound old!”

“Hahaha!”

Everyone laughed.

“What are you saying! This is what I should do!” Yun qingzi laughed heartily.

“By the way, what was that eye technique of yours just now ...?” Then, he seemed to have thought of something and asked, “if it’s not convenient for you to tell me, then forget it!”

“It’s fine!”

Tang Hao waved his hand and smiled. “It’s just a pair of heavenly demon eyes!”

This was not something that he could not say. The Yao clan leader probably already knew about it. Furthermore, he was in a cooperative relationship with the people from the gate of fortune. There was nothing that he could not say.

“Heavenly demon eyes?” The beggar was stunned. “I’ve never heard of it. Did he use the power of the heavenly demon?”

He was a little enlightened, but after pondering for a while, he was a little puzzled.

The abilities of sky demons were indeed powerful, and they were good at illusionary and charming techniques, but they couldn’t be that powerful, right?

“That’s right! I’ve captured millions of heavenly demons in the heavenly Devil World and refined them into my eyes, including hundreds of Heavenly Devil emperors.” Tang Hao said.

“Hiss! A million otherworldly demons?”

“Hundreds of heavenly demonic emperors?”

The group of creation sect elders all sucked in a breath of cold air, revealing extremely shocked expressions.

“What a big move!”

“No wonder!”

The two Grand elders were also shocked. Then, they came to a realization.

No wonder this pair of heavenly demon eyes is so powerful. With the combined power of millions of heavenly demons and hundreds of heavenly demon emperors, an ordinary sixth tribulation cultivator whose primordial spirit is not far stronger than fellow Daoist Tang’s would not be able to resist it at all.

“It seems that the fellow Daoist who opened the passage to the heavenly Devil World not only didn’t harm you, but also helped you, allowing you to achieve this pair of divine eyes!”

Yun qingzi stroked his beard and laughed.

All the elders laughed along.

Everyone gathered together and chatted for a while before sitting down and discussing the current situation.

“Today, Master Tang has shown his great power by killing many sixth tribulation Warriors and scaring off all the forces. I think this news will spread very quickly and cause a commotion. To a certain extent, this will also deter those clans and many sixth tribulation old monsters.”

“They won’t dare to act rashly in the short term.”

“The development of the sect is also quite good. The development of pill Dao is flourishing, and more and more pill Saints are joining our pill Dao.”

“The prosperity of alchemy has also driven the development of the sect’s overall strength. The strength of the sect’s disciples has improved very quickly. There are also elders who keep breaking through. The number of sages is also increasing.”

As he explained the situation in the sect, Zao Huazi’s face was glowing.

Right now, the Fortune sect’s situation was getting better by the day. Their development speed could only be described as godly. As the sect leader, he was naturally happy.

“Of course, this is all thanks to Master Tang. Without Master Tang, our creation sect would not have developed so quickly!”

Then, he looked at Tang Hao and said gratefully.

This word of thanks came from the bottom of his heart.

Before Master Tang had joined, the creation sect was still lifeless and was only a declining second-rate force. But now, the creation sect was thriving.

The name of the gate of fortune had spread across the entire Pangu continent, and it was now one of the top powers.

All these changes were thanks to Master Tang.

“What about that batch of creation divine bodies?”

Tang Hao pondered for a moment and asked.

“Recently, they’ve all been arranged to enter the ancestral land, and their cultivation has improved very quickly!” Said Zao Huazi.

“This batch of creation divine bodies is the key to our future revival. We must nurture them well.” Tang Hao said seriously.

“Don’t worry! I naturally understand this!” The beggar nodded and said.

“The number of 5th tribulation and 6th tribulation disciples in the sect is still too few. I need to train more!” Tang Hao said.

"I know!" Zao huaizi nodded.

Tang Hao returned to the cave abode after the discussion.

After sitting down, he took out the treasures of the six tribulation saints and arranged them one by one. All the treasures were sorted out. Just sorting out these treasures took a lot of time, and he even called out his clone to help.

"These old monsters are really F * cking fat!"

The origin core avatar muttered after some hard work.

Tang Hao chuckled.

After he sat down, he kept the origin core clone and left the clone he had taken from the Yao clan behind.

He had just obtained this avatar, so he still had to refine it for the avatar to perfectly merge with this body.

At the same time, Tang Hao was also very interested in this body.

This was because it was made by the Yao clan and was related to the sacred lotus body. Tang Hao was drooling over the sacred lotus body.

However, even after studying it for a while, Tang Hao could not figure out the way.

"Forget it! It's not easy to study such a secret technique of the ancient clan. Yao Kong Xuan is not dead, and his sacred body is not crippled. If we have the chance in the future, we can snatch it again. It will save us so much time and effort to study it."

Tang Hao mumbled.

Next, he spent a few days to consolidate his realm.

"Next, should I comprehend the Dao, or improve my cultivation and strive for the completion of the 6th tribulation?"

Now, Tang Hao had two choices in front of him. One was to concentrate on comprehending the Dao and comprehend the second Dao law. The second was to improve his cultivation and advance to the perfected six tribulations realm as soon as possible.

Both of these could bring about an increase in strength.

"It's not easy to comprehend Dao. The last time, I was able to quickly comprehend the reincarnation doctrine thanks to the reincarnation Lake. If I want to comprehend another Dao, it will take at least half a year or even a year. In comparison, it's much easier to improve my cultivation."

Tang Hao thought about it for a moment, then made a decision.

And the fastest way to increase one's strength was naturally to find opportunities.

Tang Hao immediately stood up and left the gate of fortune. He began to wander around in search of opportunities.
