

The Mightiest Little Peasant Chapter 1965

Whoosh! Whoosh! Whoosh!

Beams of light shot through the air and into the sky, entering the Halos.

Each ring of light had its own heaven and earth, and there was a vast world inside.

These worlds were larger than ordinary small worlds and were also known as Middle Worlds. They were the headquarters of the ancient orthodoxies.

“Eh? This is ... News from Emperor Pan City?”

At this moment, in an ancient Hall in the yin-yang sky, an old man sitting cross-legged suddenly opened his eyes and looked outside the hall.

In the sky outside, a black light was rapidly approaching.

“That’s weird! What’s the rush? What can happen in this city?”

He mumbled, feeling a little puzzled.

Judging from the speed of the voice transmission talisman, it was clearly an urgent message. Something had obviously happened. But what could have happened in the city?

The panhuang city was the gateway to the 33 heavens. There were people from all the orthodoxies there. How could anything happen?

With this thought in mind, he took the voice transmission talisman.

When he opened it, he was stunned. Something had really happened in Emperor Pan City. Someone was causing trouble, and this voice transmission talisman was asking for help.

“Someone actually dares to cause trouble in Emperor Pan City. He’s quite bold!”

He snorted coldly, then frowned in confusion.

People from all orthodoxies gathered in panhuang city, and there should be many powerful cultivators. Why couldn’t they deal with a guy from the lower realm? why did they have to ask for help?

“Maybe the experts are not here! This was also possible! Besides, this guy shouldn’t be weak. The higher-ups have said that he’s a devil and quite fierce. It’s excusable that they can’t resist him for a while.”

After some thought, he figured it out.

“Hmph! A guy from the underworld dared to cause trouble in Emperor Pan City. He really didn’t know what death was! Today, I, the yin-yang sky, will exterminate this demon on behalf of Tian xingdao!”

He suddenly stood up, his face full of righteousness.

“Things have gotten out of hand. The other heavens must have gotten the news as well. No, I have to be quick. This demon must belong to our Yin Yang sky.”

Then, he became a little anxious.

This was a good opportunity for him to show off in the Yin Yang sky. How could he let others have it?

“Who should I send? I can’t go, a dignified 7th tribulation, dealing with a 6th tribulation guy, this is outrageous! However, this person is a bit fierce and ordinary 6th tribulation cultivators can’t do it.”

He was a little vexed. After pondering for a while, he raised his hand and sent out voice transmission talismans to all parts of the yin-yang heaven.

Very quickly, a group of people gathered on the yin-yang sky and set off in a hurry.

At this time, similar scenes were happening in the other heavens.

“Hahaha! It’s rare for someone to cause trouble in the city!”

“This is a good opportunity! Our Azure Dragon heavens must capture this demon before the other heavens and show off!”

Their reactions were all rather excited.

In their eyes, how powerful could a mere fellow from the lower realm be? with the strength of their respective orthodoxies, they could easily crush him. There was nothing to worry about.

What they were worried about was who would be able to snatch this demon. Whoever could eliminate this demon first would definitely be able to show off in the heavens.

“Hurry! Call all the sixth tribulation Warriors here, I’ll pick a few of them and go to Emperor Pan City to take down that devil!”

“Hurry up! Call a few people and go to Emperor Pan City!”

Very quickly, groups of people from the various orthodoxies set off.

They were all rushing to Emperor Pan City as fast as they could.

“You guys are here too? Hahaha! Don’t even think about it. This demon belongs to The White Tiger heaven!”

“Hmph! We’ll talk after you guys get it!”

By the time they rushed out of their respective Middle Worlds and met, the smell of gunpowder was thick.

Then, they gritted their teeth and tried their best to speed up, so that they could reach Emperor Pan City as soon as possible.

Whoever arrived first would be able to take down that demon!

For a time, dozens of groups of people displayed their magical abilities and chased each other, making for a lively scene.

“Hahaha! You see, this group of idiots wants to catch up with us!”

The people from the yin-yang sky had been in the lead since the beginning. They were the first to set off. At this moment, they looked at the group of people chasing behind them and sneered, their faces full of pride.

They were leading by too much, so they would definitely be the first to arrive. They would definitely get that demon!

“Where did this idiot come from? how dare he cause trouble in Emperor Pan City? he’s asking for death!”

When they looked down, their gazes were filled with disdain and contempt.

“Who knows! It’s said that he’s a devil and quite fierce. He probably cultivated some evil art and damaged his own brain!”

Someone said.

“Hahaha! I think so too, if their brains are not damaged, who would dare to be so presumptuous in the city?”

In the next moment, a burst of laughter rang out.

The yin-yang sky Saints all laughed, looking very relaxed.

In their minds, as long as they arrived, it would be a piece of cake to get rid of that demon!

They were so fast that it didn’t take long for them to land on the city.

“Fellow Daoists, don’t panic. We have arrived at the Yin Yang sky!”

“That devil, come out and die!”

As soon as they landed, they roared a few times in an imposing manner. Then, they looked around and checked the situation.

It didn't matter if he didn't look, but the moment he did, he was shocked.

"What ... What's that?"

When they saw the small mountain in the city, which was even higher than the pavilion next to it, they were all stunned. Their eyes slowly widened, gradually revealing extreme disbelief.

"Oh my God ..."

Someone exclaimed.

There were also people who kept rubbing their eyes, not daring to believe their eyes.

That small mountain was clearly a mountain of people piled up by the cultivators of the thirty-three heavens. What was even more insane was that these people had all been stripped and piled together naked.

There was a figure standing on the human mountain, looking at them.

"Preposterous! Preposterous!"

They were so angry that they were trembling, and smoke was coming out of their seven orifices.

Such behavior could not even be described as insane.

"Devil! Accept your death!"

They roared and pounced toward the mountain.

"The reinforcements are finally here!"

"Hurry up! Kill this demon!"

Seeing this group of reinforcements, the xiuzhe all around cheered and cried tears of joy.

They had finally received help!

These people are more powerful than those 6th tribulation experts, this demon is finally going to be executed!

"Hmph!"

At this moment, a cold snort exploded.

The white-robed figure didn't Dodge or retreat. Instead, he leaped up and took the initiative to meet the attack. Two rays of light flashed behind him, and two figures rushed out. One of them was completely golden and exuded a vast heavenly might.

The other one exuded a strong aura of vegetation.

The three figures were one, and they attacked one person at the same time.

“Ah!”

A tragic cry!

The yin-yang sky Saint at the front cried out in pain as he was sent flying.

The remaining few people were stunned and shocked.

They had originally thought that this fellow’s strength would not be very high, and that this trip would be a sure win. But now that they had seen him, this fellow was unbelievably fierce.

While they were in a daze, their opponents had already arrived and sent them flying.

“Yin Yang sky? It’s so fat!”

After knocking them out, Tang Hao landed on the ground and stripped them naked. He then dragged them to the human mountain and piled them up.

“Heavens!”

“Even the reinforcements have fallen!”

The cheers from the surroundings had long disappeared, replaced by wails.

Everyone was in despair. The experts had fallen one by one, and they couldn’t do anything to this demon. They thought that the reinforcements would be able to kill this demon and save them. However, they didn’t expect that even the reinforcements had fallen and couldn’t escape from this demon’s claws.
