

The Mightiest Little Peasant Chapter 1972

“What?”

“Dao-companions!”

Young master Li looked at Tang Hao with a mischievous look in his eyes.

“Why are you asking this?” Tang Hao asked in surprise.

“I’m curious! I think that with brother Tang’s aptitude and achievements, you’ll definitely be surrounded by many beautiful women!” Li gongzi laughed.

Tang Hao laughed bitterly when he heard that. “That was in the past!”

“I don’t think so! I heard that brother Tang abducted the Qin clan’s Holy maiden in the spiritual wilderness and has yet to return her!” Young master Li replied, “but it’s no wonder. I heard that the Qin clan’s Holy maiden is a famous beauty.”

“Brother Li also knows about this?”

“Of course. Don’t think that I don’t know what’s going on on Pangu continent just because I’m from the thirty-three heavens. I have many clones on the continent, and I’m quite well-informed.” Li gongzi said.

“That’s true!” Tang Hao said.

Li gongzi took a sip of tea and chuckled, “Brother Tang, I was just asking out of curiosity. Don’t take it to heart. It’s human nature for heroes to love beauties. It’s nothing.”

“But ...”

Then, she changed the topic and looked at Tang Hao with her beautiful eyes.

“Speaking of the Qin clan’s Holy maiden, I have to mention the Grand ceremony of blood source. During that grand ceremony, a wonder that has never been seen before appeared. On the long-abandoned ancestral star, many geniuses with divine bodies appeared, causing a huge commotion. Even our 33 heavens were shocked.”

Tang Hao was slightly shocked when he heard that, but he did not show it on his face.

“Oh, really? I seem to have heard of this before! It is indeed a little strange!” He said without revealing anything.

“It’s more than just strange!” Li gongzi shook his head and said, “this has never appeared in the past 10000 years. What’s more strange is that these people seem to have the same divine body, the creation divine body!”

“What a coincidence!” “Do you know what’s going on in thirty-three heavens?” Tang Hao asked.

Young master Li stared at Tang Hao as if he was trying to find out something.

However, she quickly shook her head and looked away.

“No. After the Grand ceremony of blood source, many orthodoxies in the 33 heavens stood up and wanted to accept these geniuses into the sect. However, they were all unwilling to agree. In the end, the matter was left unsettled.”

No one can tell why this is happening, but it is the ancestral star, the origin of everything!”

As she spoke, she played with the teacup in her hand and her brows furrowed slightly.

In fact, she had another guess in her heart that pointed to the monster in front of her.

It was definitely abnormal for so many creation divine bodies to appear at once. It was unlikely that they were inborn. Only creation divine pills could create so many divine bodies.

The recipe for the creation divine pill had long been lost. It was only at the creation ceremony that this person brought it out again.

This also aroused her suspicion. This person had the recipe of the creation divine pill. Coincidentally, he was related to the Holy maiden of the Qin clan. When he was surrounded and killed by the various clans in the world, an old ancestor of the Ling clan even intervened to protect him.

The reason behind it was really thought-provoking.

However, there were many parts of this guess that didn't make sense. For example, the creation divine pill was a divine level pill. Not to mention the difficulty of refining it, just the ingredients were very difficult to gather.

Back then, when he had obtained the pill formula from the creation sect, all the heavens had tried it. However, not a single orthodoxy had been able to gather the pill formula, much less refine it.

How could he refine so many creation divine pills?

And these divine pills could not have been obtained together with the pill formula. One must know that there were only a few of such precious divine pills even in the ancient path of creation.

More importantly, these geniuses were all found in the ancestral star while this one came from the lower realm.

From what she knew, the lower world and the ancestral star were separated, they were two completely different worlds. No one in the lower world knew where the ancestral star was.

Therefore, this guess was not accurate.

In fact, after the creation ceremony, many people had the same thought as her. However, there were too many illogical points and they could not be sure.

“Yup! That is the ancestral star after all, anything is possible!”

Tang Hao agreed.

In his heart, however, he was a little alert.

His mind was sharp, and he could naturally guess what she was thinking from her words.

In reality, he had always been worried that his relationship with assistant han and the others would be discovered by the world. This was also why he had not gone to see them. He was afraid that he would implicate them.

He wasn't strong enough to guarantee that he would be able to get her back from the Han clan, mu clan, and other clans.

Judging from the reactions of the Han clan and the other clans, they didn't want to reveal their relationship. It was obvious that they didn't want to be implicated by him, so they kept it a secret.

After all, he was now The Public Enemy of all the races in the world. He had too many enemies.

“Brother li, let's not talk about this. Come, have some tea!”

Tang Hao smiled. He picked up the teapot and poured her a cup of tea. “By the way,” he said, “since you've asked me, I'd like to ask you something. Do you have a cultivation partner?”

“No, I didn 't!”

She shook her head.

“That's true! A figure like brother li must have very high standards!” Tang Hao said with a smile.

“Maybe!” She smiled. “With my status and realm, there are indeed very few people in this world who can catch my eye. There is no one in the 33 heavens either.”

“Oh? That young master Taixu, or that young master jinx?”

Tang Hao said.

“They?” Li gongzi was stunned. “It's strange. I don't have any feelings for them. But you, brother Tang, are very different.”

“What's different?” Tang Hao said.

“Brother Tang, you're the first person I've ever been interested in. Otherwise, I wouldn't be sitting here and chatting with you!” She said.

Tang Hao was surprised again.

Master Li smiled. "Okay, let's not talk about this anymore. Brother Tang, do you know that you are in a very dangerous situation now?"

"You're talking about those clans! Of course I know! This isn't the first time they've attacked me!" Tang Hao said.

Young master Li said, "In the past, those clans were afraid of the reputation of demon Xue. In addition, brother Tang's realm was still low, so they would not take too many risks. However, as brother Tang's strength became stronger and stronger, they became anxious. Last time, when you went through the Tribulation, they took some risks out of desperation."

"In the future, their methods will become more and more risky. Brother Tang, you must not be careless. There are thousands of clans in the world, and none of them can be underestimated. Every clan has tens of thousands of years of Foundation."

"I naturally understand this!"

Tang Hao nodded, but he did not show any fear.

Along the way, he had made enemies everywhere, even the whole world, but he had still managed to break through time and time again.

"It's not just the clans. You also need to pay attention to the geniuses from the various clans." Li gongzi said.

"A genius?"

"That's right! The night clan, Jiang clan, Yao clan ... They are all not convinced by you and have been getting closer recently. They even came to me and asked me to deal with you together. However, I have no interest in them, so I rejected them."

"By the way, they were the ones who opened the passage to the heavenly Devil World when you were going through the Tribulation."

Li gongzi said.

"It's them?" Tang Hao was surprised. "Then I'll have to thank them properly!" He laughed.

Li gongzi also laughed. "They didn't expect you to be a freak. You're not afraid of the sky demon at all. Instead, you've used it to cultivate a pair of Supreme divine eyes!"

"There's also the great void heaven, you have to be careful ..." She added after a pause.

As the two conversed, the treasured boat descended rapidly and soon reached a depth of 30000 meters.
