

## The Mightiest Little Peasant Chapter 1976

“You ... You ... What kind of blade is this?”

The old demonic Dragon pointed at the knife and said in a trembling voice.

At this moment, he doubted his eyes.

That was ice sea godly metal that was close to twenty thousand years old. Even with his methods, it would be very difficult to break it. However, this fellow was good. With a raise of his hand and a slash of his blade, a Kacha sound could be heard, and it was split open as if it was tofu.

‘How ... How is this possible?’

“It’s the pig slaughtering knife!”

Tang Hao rolled his eyes. He raised his hand and slashed a few times, easily splitting the ore vein.

He was also a little surprised. He knew that the blade was sharp, but he didn’t expect it to be this sharp.

“What a strange blade!”

Tang Hao mumbled to himself.

He had obtained this pig slaughtering knife from an auction in the ancient wilderness, along with the soul burial Scripture.

This knife was very strange. It didn’t have any aura, couldn’t be infused with immortal essence, and couldn’t be refined. However, it was very hard and sharp. Back in the elixir Palace, he had used this knife to cut open the treasure chest made by the elixir God.

He still did not know what material the saber was made of.

“Brother ... Brother Tang, you ... You’re ...”

Li gongzi also stuttered a little.

Her beautiful eyes were wide open as she stared at the knife.

Her sword was already a Supreme artifact. Could it be that this saber ... Was a treasure even more powerful than a Supreme artifact?

However, that was impossible!

Immortal Weapons were even more powerful than Supreme weapons, and there were only a few of such treasures in the entire Pangu world.

“Oh! I bought this saber for a very cheap price!”

Tang Hao turned around and said.

“You bought it?”

Li gongzi’s eyes widened even more.”How ... How cheap is it?”

“It’s only a million crystals!” Tang Hao said after some thought.

“A million ... Crystals?”

The old Demon Dragon was completely stunned.

Then, he really wanted to curse. He bought such a treasure with just one million, F \* ck! What kind of heaven-defying luck was this!

It was a huge profit! This was a crazy profit!

He couldn’t help but roar in his heart. He was so jealous that his eyes were almost red.

At this moment, he really wanted to make a move and kill this guy and snatch the saber.

However, he was also a little afraid. To be able to travel with young master Vermillion Bird Tian, this person must have an extraordinary identity and couldn’t be easily provoked.

“This broken blade is really good. One million, no loss!”

Tang Hao mumbled to himself. He picked up the knife and dug into the mine with incredible speed, heading toward the mother at the deepest part of the mine.

“It’s more than not losing out!”

Li gongzi came back to his senses and couldn’t help but smile bitterly.

Then, a look of joy appeared on her face. In just a short while, brother Tang had already gone a few hundred feet deep and was only a few hundred feet away from the mother in the center.

The old Demon Dragon was panicking.

“Stinky brat, quickly stop!”

He mumbled to himself, hoping that the fellow would stop. However, his hopes were dashed. Not only did the fellow not slow down, he was even getting faster and faster. The more he dug, the more energetic he became.

Kachaa! Kachaa!

In the blink of an eye, that fellow had already dug his way in front of the fetus 'mother. Seeing him take the fetus' mother away, his heart was about to bleed.

"Senior, many thanks!"

Tang Hao dug out the fetus 'mother and put it away. Then, he turned around and waved at the old demonic Dragon.

The old demonic Dragon's face darkened, and the veins on his forehead were throbbing.

"Damn it, this kid ... Is too detestable!" His heart was itching with hatred.

However, there was nothing he could do. He had already said it, and he could not go back on his words. He could only grit his teeth and swallow the blood.

"Senior demonic Dragon, thank you!"

Li gongzi laughed.

"It's nothing! Wasn't it just a 10000-year-old fetus mother? This Lord doesn't care for it. Since you have the ability to take it, then take it!"

The old demonic Dragon pulled a long face and waved his hand, looking very calm.

But at this moment, his heart was bleeding.

He had planned to dig out this piece of the 10000-year-old fetus mother later and refine it into a peerless heavenly weapon. But now, it had been taken away by these two little kids.

"There's still some time!"

Tang Hao calculated that there was still a little bit of time left. He picked up his knife and quickly started digging.

Kachaa! Kachaa!

He waved the pig slaughtering knife in his hand, splitting the mineral vein into pieces and quickly kept them in his bag.

His speed was unbelievably fast, like a tornado sweeping away the clouds. Wherever he went, the ores were swept away.

"F \* ck!"

The old Demon Dragon was speechless again.

This kid's speed of snatching treasures was too terrifying, and even he was a little frightened.

Li gongzi chuckled and also made a move, starting to mine.

Soon, the huge divine iron mine was almost completely dug out by the two of them.

“Fifteen minutes is up!”

Tang Hao stopped. He was satisfied.

At least 70% of the mine had been excavated by them, and the high-quality ones had all gone into their pockets. The rest were just some scraps.

“Senior, many thanks! We’re leaving, see you again!”

“Thank you,” Tang Hao cupped his hands at the old Demon Dragon and thanked him.

“Senior, farewell!”

Li gongzi also saluted, then took out the treasure boat and quickly left, leaving the old demonic Dragon standing there, his face green and white.

“Hahaha!”

When they were far away from this Sea area, on the boat, young master Li laughed out loud.

“Brother Tang, did you see that the old demonic Dragon’s expression was very interesting?” Li gongzi said happily.

Tang Hao laughed. “He shot himself in the foot!”

“I didn’t expect brother Tang to have such a treasure!”

Li gongzi said.

“Hey! This saber was very strange! It’s just sharp!” Tang Hao took out the knife and showed it to Li gongzi.

“Eh? This is really strange, I can’t refine it or pour in celestial core power!”

Li gongzi also frowned, his face puzzled.

“Brother Tang, in my opinion, this saber is definitely not an ordinary item, but I can’t say for sure what grade of treasure it is. It could be some kind of rare treasure, or it could also be an immortal treasure!”

“Immortal treasure?” Tang Hao was surprised. He shook his head. “I don’t think that’s possible!”

“I’m just guessing!”

Li gongzi laughed.

Tang Hao fiddled with the knife and mumbled, "Even if it's an immortal treasure, it can only be broken. Otherwise, how could it be so strange?"

"That's possible!" Li Gongzi nodded and said, "In Pangu world, there were many immortal treasures in ancient times."

"Let's not talk about this for now. Let's split the treasures!"

Tang Hao took out the fetal mother and split it in half with a knife. Each of them took half. Then, he took out the rest of the godly metal and split it between them.

"Brother Tang, thank you!"

Li Gongzi laughed.

"Hey! I have to thank you too. If it wasn't for you, I wouldn't have been able to successfully obtain the mother." Tang Hao cupped his hands and smiled.

Although he had a sharp treasured blade, he did not have her status and could not intimidate the old demonic Dragon. Without her, he would have returned empty-handed.
