

## The Mightiest Little Peasant Chapter 1979

Whoosh!

In the sky, a ray of light swept over.

An extraordinary young man in golden armor riding on a green three-headed Lion descended from the sky and landed on the mountain.

“It’s the Holy Son of the Ji clan!”

There was a low noise in the mountain.

The Ji clan was also an ancient clan that was not inferior to the Yao clan or the Jiang clan. Their Holy Son was also at the same level as Jiang jingchen.

“There’s quite a lot of people!”

The monster from the Ji clan landed and looked around in surprise.

Then, he kept his Mount and waited in the valley.

“The darknorth tribe has arrived!”

“That’s the Tai-Shu clan!”

One by one, the Holy Sons arrived.

“It’s brother ye and the others!”

Suddenly, the void above the valley rippled, and several figures stepped out, causing the mountain to boil.

All the evildoers stood up and looked at these people.

This gathering of geniuses was organized by these people. They had all answered the call and rushed here from all over the world for the same goal.

“Brother ye! Brother Jiang!”

They all cupped their hands and bowed.

“Brother Ji, brother Cao ... You’re all here! Brothers, it’s our honor that you’ve come. I’d like to thank you in advance. ”

Ye jixuan cupped his hands in all directions and smiled.

“What are you saying!”

“Brother ye is too polite! It is everyone’s responsibility to kill that B \* stard surnamed Tang, and we, as the heroes of Pangu, are even more responsible!”

“That’s right! This Tang bastard has killed countless people of our Pangu clan. His sin is unforgivable, and we, the men of Pangu, can’t just sit by and watch him continue to abuse his power. This time, we must enforce justice on behalf of the heaven and kill him!”

Angry yells rang out from all directions.

Many of the Saint children gritted their teeth with hatred.

There was a blood feud between their clans and this Tang.

There were also some Holy Sons who looked rather indifferent. They did not have such a huge grudge against this person surnamed Tang, but they could not stand him either. A barbarian from the lower realm was riding on top of their heads. This was something they could not tolerate.

Moreover, they were more interested in the treasures on that guy.

The reason why they came was also because of the instructions of the elders in their clans.

“That’s right! This Tang guy deserved to die! Think about it, ever since he came to the upper realm, our Pangu clan has been in chaos. So many people have died in his hands. We can’t forget this blood feud.”

“However, this dog is too strong. His luck is also good. He managed to escape from the calamity time and time again. He is getting stronger and stronger. Even the young masters of the great void heaven are no longer his match. With just one of us, or two or three of us, we will definitely not be able to kill him.”

“That’s why I’ve gathered everyone here. I want to gather everyone’s strength to deal with this dog!”

“I believe that as long as we work together, we can definitely kill this bastard!”

Ye Jiuxuan said in an impassioned manner.

The atmosphere around them was instantly ignited.

“Well said, brother ye!”

“Kill this bastard!”

The group of Saint children seemed to be on steroids as they shouted excitedly.

“Everyone, don’t worry! There are still some people who haven’t arrived yet. Let’s wait for more people to arrive and then we’ll have a good discussion. That guy isn’t easy to deal with. If we want to kill him, we must plan it well.”

Ye Jiuxuan said.

He brought the Yao clan, Jiang clan, and other geniuses down.

Everyone continued to wait.

A few moments later, more light rays swept over.

“That’s ... Miss Yuchi?”

“She’s here too?”

When Yuchi Xuan arrived, the mountain was in an uproar again.

They all knew about this monster from the Yuchi clan. Although he was from the lower realm and was brought up here during the ceremony of blood source, he had shocking talent. He had an eternal bone and was among the top monsters.

It was said that there was an irreconcilable hatred between this person and that demon surnamed Tang. She had attacked him several times.

“Miss Xuan, welcome! Welcome!”

Ye Jiuxuan hurriedly went up to welcome him, his face filled with joy.

This Yuchi Xuan was very powerful. The moment she came, they had another top-notch combat force.

Moreover, everyone knew about the enmity between this person and that fellow, so there shouldn’t be any problems.

“Fellow Daoist ye!”

Yuchi Xuan landed and nodded in all directions, her expression somewhat indifferent.

“Miss Xuan, we’re more confident now that you’re here. After all, you’re also from the lower realm, so you know more about that guy than we do. We’ll need your advice when we make plans.”

Ye Jiuxuan said warmly.

“If we can really kill him, that would be great!” Yuchi Xuan said with a frown, her expression somewhat grave.

She wasn’t too sure if the Alliance could successfully kill that Tang fellow because he was too monstrous. She had watched him grow and she knew how difficult he was to deal with.

In her eyes, only this man with the surname Tang could be called a true monster. His life was like a monster, an unparalleled figure.

Ye Jiuxuan and Jiang Jingchen were nothing to her. They were like flowers in a greenhouse. They couldn't even withstand a single blow from that Tang guy.

If it were not for the blood feud with her clansmen, she would never want to make an enemy out of this Tang guy.

"Hey! Lady Ying, don't worry. There are so many of us here. If we work together, can't we take him down? How is that possible?" Ye Jiuxuan said with a smile.

"That's right! In the past, we failed because we weren't united enough. We fought on our own and didn't have a detailed plan, so we failed. But now it's different!"

Jiang Jingchen said arrogantly.

He held his head high and puffed out his chest, looking very confident.

The surrounding Saint children also chimed in, as if they had been injected with chicken blood, and the crowd was impassioned.

At this moment, their confidence was off the charts.

They were all Saint children of their respective races, Dragons and phoenixes among men. As long as they worked together and joined forces, nothing in the world could stop them!

"I hope so!"

Yuchi Xuan lightly sighed, her black brows tightly knitted.

A moment later, in a corner of the mountain, ripples appeared in the void, and a figure sneaked out.

"Waa! So many people! So many treasures! I really want to snatch them all!"

He sneakily looked around, and his eyes lit up with a green light.

Gulu!

He swallowed with difficulty and resisted the desire to attack.

"No! No! As long as he dies, I will be free, and this Pangu world will become my territory. At that time, who can do anything to me?"

Liu Heihu restrained himself and put on a serious face, pretending to be serious.

"This person is ...?"

"Look, why does this guy look so wretched? Who is he?"

Many Saint children noticed him and asked in confusion.

The other Saint children were either handsome or tall and strong. All of them had extraordinary bearings, but this guy was sneaky and had an unspeakable wretched temperament.

He was too eye-catching when he stood in the crowd.

“Eh? Isn’t that Liu heihu?”

“He’s the genius of the Liu family, the world-famous Black Tiger Bandit!”

Very quickly, someone recognized it.

Many gazes were like daggers and swords, piercing towards him.

“So it’s you! Little black Tiger!”

“Bastard, quickly return my clan’s treasure!”

Many Saint children shouted angrily and were about to attack.

“Al! Fellow Daoists, please calm down! Don’t forget why we’ve gathered together this time. At this critical moment, let’s forget about the small grudges we’ve had before!”

Ye Jiuxuan hurriedly stood up and tried to smooth things over.

“I invited brother Liu here. He’s not weak, and just like Miss Xuan, he knows that Tang guy very well. We can’t do without his help this time.”

“Good! I’ll let it go this time!”

The Saint children snorted angrily and stopped.

“You dare to curse at me? do you believe that I’ll knock you unconscious and strip you all naked?!” Liu heihu pouted and cursed in his heart.

However, a warm smile appeared on his face. “Brother ye, that man surnamed Tang is a cancer in the lower realm. He has been doing all sorts of evil things and causing trouble for many years. I’ve been unhappy with him for a long time. Today, I’ll give you all a hand and eliminate him.”

“Alright!”

“Brother Liu, please!”

Ye Jiuxuan and the others smiled happily. They pulled Liu heihu and walked to the middle of the crowd.
