

The Mightiest Little Peasant Chapter 2018

In just a few days, the news of the birth of the heavenly Peng mountain had caused a great stir in Pangu.

This news also reached the gate of fortune at once.

“The inheritance of the ancient vicious ten ... This is a rare opportunity!” Said Zao Huazi with a sigh.

“Yup!” Yun qingzi nodded.

Then, he shook his head and looked regretful. “It’s a pity that he hasn’t come out of his closed-door cultivation. It seems like I’ll miss this opportunity! Al! This Tian Peng mountain has been born at the wrong time!”

Fellow Daoist Tang has only been in closed-door cultivation for two and a half months.

How could he have comprehended a Dao law in such a short time?

“It’s a bit of a pity! There will definitely be some good treasures and great opportunities this time. If he can grab them, it will be of great help to his strength. ” Zao huaizi also sighed.

“Moreover, those Holy Sons and young master Taixu will probably go as well. If they obtain an opportunity, the situation will be even worse for him!”

“Al!”

Hearing this, elder Yun Qing and elder Yun LAN both sighed and frowned.

“But this is good too. With the appearance of the heavenly Peng mountain, all the cultivators in the world will gather. The seventh tribulation might also take action. Those Saints will also be watching Master Tang. If he goes, it’s hard to say whether he’ll be lucky or not.”

“Besides, the situation this time is very special. It’s the inheritance of the ancestor of the untainted clan. How could they give the treasure to us? In such a chaotic situation, it’s better not to go. It’s better to comprehend the Dao. ”

Said Zao huaizi.

“That’s true!”

The two elders nodded.

However, they also knew that this was just a helpless choice.

He would naturally go to a treasure land like this if he could. If he could gain something, it would be much better than burying his head in cultivation.

“Then ... Should we go?”

Yun qingzi asked.

“This ...” Creation master muttered to himself, “let’s see!” I’ve heard that heavenly Peng mountain has just appeared and hasn’t truly opened yet, so we won’t be able to enter for a while. Let’s wait and see first and then inquire about some news!”

“When the time comes, I’ll go there personally with a group of late-stage and mid-stage elders to explore and find some opportunities.”

“Alright!”

The two elders nodded.

As they prepared, they continued to gather information.

In the next few days, there was a constant stream of news from the ancient wilderness.

Most of the time, it was because a fight had broken out somewhere, and some clan’s cultivator was unlucky enough to be swallowed by a giant prehistoric beast, or an expert had taken action and killed the giant prehistoric beast. Every time such news spread, it would cause a stir among the cultivators.

“The heavenly Peng mountain is protected by a golden divine light. That is not an ordinary divine light. It is the Natal divine light of the Golden-winged ROC Race. It is extremely powerful. Even if you are a seventh tribulation expert, you will be turned into ashes by this divine light.”

“Right now, many clansmen have already arrived, but they can’t enter. They’re still trying to figure out how to break the divine light.”

“This divine light seems to be dissipating on its own, but the speed is very slow. If we wait for it to dissipate by itself, it will take at least ten days.”

The situation of the heavenly Peng mountain had also been reported.

“There’s still a dozen days. That’s still plenty of time. ”

Zao Huazi and the others were no longer in a hurry.

If Tian Peng mountain wasn’t open, then they could only wait there. Besides, it was chaotic and extremely dangerous there, so it wouldn’t be too late to wait a few days.

“He ... Hasn’t come out of seclusion yet!”

Over the past few days, Zao Huazi had been looking deep into the ground from time to time.

After staring at it for a long time, he would sigh.

It had been almost three months, but there was still no movement there.

Even though he knew that Dao enlightenment was not that simple, he still had a trace of hope in his heart.

As the days went by, news from the ancient wilderness kept coming in. He couldn't sit still.

"More than half of the divine light protecting the heavenly Peng mountain has already retreated. In a few days, it might completely open up. We'll move out in three days. That way, we'll still be able to make it."

After hesitating for a long time, Zao huaizi finally made up his mind.

"It seems that he really can't make it!"

On the night before they set off, Zao Huazi once again ascended the peak of creation peak and looked at the depths of the earth vein.

"What a pity!"

Yun qingzi sighed with a look of regret.

"A!"

The child-making elder sighed and stood there for a long time. Then, he turned around and walked toward the main hall."Go back and prepare. I'll gather the elders and set off for the ancient wilderness at dawn."

"This time, we don't need to find any opportunities. We just need to do our best to obstruct the hundred races and prevent them from finding any opportunities. That way, when he comes out of seclusion, the pressure will be much less,"

"Yes!"

Elder Yun Qing and elder Yun LAN responded and were about to return to their cave abodes.

At this moment, the mountain peak under their feet suddenly trembled.

"Eh? What's going on?"

They were shocked.

After a few seconds, the mountain trembled again.

"This is ..."

Zao Huazi narrowed his eyes and stared at the underground.

It wasn't just the mountain peak beneath their feet, but the entire mountain range was shaking. The source of the shaking came from the depths of the mountain range.

Could it be ... Him?

At this moment, a shocking thought appeared in his mind.

But how was that possible?

It had only been three months and he had already comprehended a Dao law?

He was a little excited and in disbelief. His eyes were wide open as he stared in the direction of the vein of Earth Fire.

"It can't be!"

The two Grand elders seemed to have realized it as well, and they exclaimed.

Boom! Boom! Boom!

Immediately after, the trembling became more and more intense.

"What's wrong?"

"What's going on?"

Countless figures rushed out of the palaces and caves in the four directions of the mountain range. There were disciples and elders.

They couldn't help but exclaim in shock and confusion.

"F * ck! The hundred races are attacking?"

"F * ck! I knew it, I'm on a pirate ship! A F * cking broken boat? I'm finished! I'm finished!"

Quite a few elders who had just entered scuttled up with panicked expressions.

At this moment, they had already thought about how to escape when the mountain Gate was broken.

However, when they rushed out of the cave abode to take a look, there was nothing around them.

"That's weird! What about the hundred tribe Army? Why is it gone?"

They looked left and right, feeling a little puzzled.

"It's underground!"

When they found the source of the shaking, they were shocked.

“No... No way! Could it be him?”

“Didn’t you say that he was only in there for three months? You’re coming out of seclusion?”

They were in disbelief.

Just as they were exclaiming, the trembling became more and more intense. Suddenly, with another boom, the ground exploded, and earth Fire surged out, turning into a giant pillar of fire that shot into the sky.

And in this Earth Fire, a figure could be vaguely seen.

He was surrounded by a blood-colored flame. Above his head, the flame condensed and gradually turned into a huge blood-colored Lotus that slowly bloomed.

The moment the blood lotus bloomed, golden runes began to spread out from the center of the blood lotus, covering the entire void.

That was the Dao law!

It was a perfected Dao law that represented the mastery stage!
