

The Mightiest Little Peasant Chapter 2021

Tang Hao's expression changed. He instinctively tried to break free from the man's grip.

However, he soon discovered that the other party's strength was astonishingly great, and he couldn't break free for a while.

Could it be a seven tribulations old monster?

Tang Hao was shocked.

He was at the later stage of the sixth tribulation. Whether it was his celestial core power or his physical strength, he was incomparable to those at the same level. Even a complete sixth tribulation Saint would not be his match. The only thing that could stop him was the seventh tribulation!

He quickly calmed down.

The appearance of the heavenly Peng mountain had attracted many 7th tribulation experts, so it was not strange to meet one here.

And from the looks of it, he didn't seem to be hostile.

However, this person's appearance was really hard to describe in a few words.

He was a seventh tribulation expert, a man who stood at the peak of Pangu continent. How could he be so unkempt? not only were his clothes in tatters, but his hair was also unkempt, and he had a thick beard on his face. He looked like a beggar.

Also, you're a seven tribulations cultivator, why are you acting like a scammer? is it fun?

Tang Hao wanted to roll his eyes.

However, he also knew that some old monsters were like this. Their temperaments were particularly strange. In the past, the old master SAP liked to squat in the great void realm and SAP people for no reason!

"You're that liar? Let's go, go, go, go!"

Behind Tang Hao, Fu Yunzi glared at the xiuzhe and impatiently shouted.

"What liar! These are all real cultivation techniques, genuine!" The old man said indignantly.

"Tsk! It's true! Hahaha! Do you think I'm an idiot?" Fu Yunzi sneered, "earlier on, you said that you have the 'great void Heart Sutra'. Do you know what kind of cultivation technique that is? That's something from the great void heaven, how did you get it?"

Yun qingzi couldn't help but laugh. However, he didn't show a mocking expression like Fu Yunzi.

He could tell that the old man was not ordinary.

If it was an ordinary cultivator, it would be impossible to catch fellow Daoist Tang. This person might be a seven tribulation old monster.

On Pangu continent, there were quite a few old monsters of the seventh tribulation, and many of them had eccentric temperaments. The man in front of him should be one of them.

However, he also felt that this person was just playing around. Those so-called Supreme cultivation techniques must be fake.

“You don’t believe me? Then forget it, this is your own loss, you don’t have this fortune! You mortals, ah, I’ve given you a great fortune for free, but you don’t want it. You really can’t carve rotten wood!”

The old man pouted and mumbled.

“Hahaha!” Fu Yunzi laughed again, his face full of disdain.

“Those who believe will naturally believe it, and those who don’t will not believe it no matter what I say. This is fate! My cultivation technique can only be obtained by those who are fated to do so. You are not fated to be with me, so hurry up and move aside!” The old man waved his hand at Fu Yunzi.

Tang Hao looked at him and thought that it was fun.

“Then why are you pulling me? could it be ... That we are fated?” Tang Hao said with a smile.

“We are fated! Of course, it was fated! Young man, there is a great fate between us!” The old man looked deeply at Tang Hao and said.

Tang Hao frowned.

He felt that there was something strange about this old man. It was as if there was a hidden meaning behind his words. Moreover, he did not know why the old man’s eyes kept glancing at his brow.

Could it be ... Because of the great void seal?

That’s impossible!

He had already followed The Blood King’s method to hide the mark. How could it be seen through so easily?

Furthermore, this person did not seem to be from the great void heaven, so he should not know about the existence of the great void seal!

But if it wasn’t the great void seal, what could it be?

Tang Hao was bewildered.

“Young man, fate has brought us together. Today, I will give you a good fortune. Come and take a look at the cultivation techniques. If there’s anything you want, just pick one. It’s free. Look, this is the Yellow Emperor’s Scripture, the cultivation technique of the five ancient emperors!”

“This Yellow Emperor Sutra is a good treasure. It’s especially good for men in that area. After you finish cultivating it, I’m sure you’ll be as powerful as a God in bed. It won’t be a problem for you to have a thousand women at night.”

As the old man spoke, he laughed in a particularly wretched manner.

He took out a crumpled book. Not only was it old, but it was also a little worn out, making it look particularly shabby.

Tang Hao’s eyes twitched when he looked at it.

Motherf * cker! Just from its appearance, it didn’t look like a peerless cultivation technique at all!

“Eh? You don’t like it? Alright, come here and take a look at this Jade Emperor Sutra. Although it’s incomplete, it’s okay. I can still cultivate it!”

“You still don’t like it? Young man, your standards are a little high! But it’s okay, I have a lot of techniques, and there will be something you want. Come, take a look at this Nine Dragons Heavenly Fire Scripture, this Tao Te Ching, and the premier Scripture ...”

The old man kept taking out cultivation techniques.

They were all in tatters, but their names were scarier than the last. The ancient Five Emperors, the thirty-three heavens, and all kinds of techniques of mythical and legendary figures were all dug up by him.

Tang Hao was speechless when he heard those names.

“This can’t be true! If it’s true, then we’ll be in trouble!” Tang Hao mumbled.

The cultivation techniques that this fellow had taken out were simply too many, and all of them were top-notch cultivation techniques. How could all of these cultivation techniques appear in the hands of one person at the same time?

Even a seven tribulations old monster would not have so many top level cultivation techniques!

“Let me see!”

He casually picked one.

Whether it was a real cultivation technique or not, he could tell with a single look.

“Jade Emperor Sutra? The name is quite big!” He looked at the cover and smiled.

However, when he flipped to the first page and glanced at it, he could no longer laugh.

“This ...”

He exclaimed in a low voice, his face revealing a hint of shock.

“This ... How is this possible?”

He continued to flip through the pages, flipping through them page by page.

His expression became more and more shocked, and his eyes were full of disbelief.

Even with a casual glance, he could tell that the incantations in the Scripture were all real.

Although he still didn't know if this was the real Jade Emperor Sutra, it was definitely a top-notch technique. It was no less powerful than the Nirvana Sutra that he had exchanged from the great void realm.

Both of them were extremely ancient and were top-notch cultivation techniques.

“No way! Is this for real?”

Yun qingzi and Fu Yunzi, who were standing beside Tang Hao, were also surprised when they saw Tang Hao's reaction.

“Hey! Of course it's true!”

The old man smiled smugly and said, “young man, Do You Believe Me Now?” Come, pick one, only one, no more!”

Tang Hao flipped through a few more pages, then raised his head. When he looked at the old man again, his expression was unusually grave.

Who was this old man?

How could he have so many ancient top-notch cultivation techniques?

He vaguely remembered that among these cultivation techniques, there were a few that could be found in the classics exchanged in the great void realm. In addition, he had looked at the space between his eyebrows just now, intentionally or unintentionally. Could he be one of the nine Kings?

However, if he was really one of the nine Kings, these cultivation techniques should not be incomplete!

Who was this person?
