

The Mightiest Little Peasant Chapter 2026

“How could he be at the later stage of the sixth tribulation?”

“What’s going on?”

There was a commotion all around.

All the cultivators were bewildered. In less than a year, he had advanced from the peak of the 5th tribulation to the late stage of the 6th tribulation. This was an entire realm. Even if he had taken some immortal pills or magical medicine, it was impossible to achieve this!

“What’s there to be surprised about? It’s not just the darknorth Saint. All of our Saint children are at the late-stage of the sixth tribulation and have comprehended many Dao laws!”

The night race elder stood out and shouted.

He pointed at the group of Holy Sons with a smug expression.

“That’s right! My clan’s Holy Son is already in the late-stage and has comprehended four Dao laws. His strength is no longer what it was before!”

“My clan’s Holy Son is even more powerful. He’s already at the peak of the sixth tribulation!”

The elders of the various clans laughed.

Hearing this, all the cultivators were even more shocked.

Just the darknorth Saint alone was already shocking enough, but who would’ve thought that all the Saint children of the hundred races would be like this? what kind of heaven-shaking encounter did they encounter to have such a huge improvement?

“It can’t be the void divine wheel!”

Very quickly, someone thought of the most precious treasure of the great void heaven, the great void divine wheel.

In this world, there were no other treasures besides the void divine wheel that could allow so many monstrous talents to improve their strength so greatly in such a short time.

“Void divine wheel? The legendary time treasure?”

“Look at young master Taixu. He has at least six to seven Dao laws. I’ve been wondering how he could comprehend so many Dao laws in such a short time. If it’s the great void divine wheel, everything can be explained.”

Everyone quickly came to a realization.

They had all figured it out. The hundred races must have cooperated with the great void heaven and activated the divine wheel, allowing young master Taixu and this group of geniuses to cultivate in it.

This spirit wheel could control time. A hundred years inside would only be a few months outside.

“The hundred races sure are ruthless! Even if these Saints were to attack him together, they wouldn’t be able to defeat that Tang guy. But now, they’ve all cultivated for a few decades or even a hundred years and have surpassed him in a short time. ”

“Hey! I’m afraid you don’t know the price to pay to activate that spirit wheel. The hundred races have paid a huge price this time. If it weren’t for that brat forcing them into a corner, they definitely wouldn’t have done this. ”

Everyone was discussing.

“I really didn’t expect the hundred races to make such a move. That Tang fellow is in danger this time.”

“After today, the title of the number one genius will change hands again!”

Many people looked at the white-robed figure with a look of pity.

This kid was indeed powerful, but he didn’t have any background. In the end, he still couldn’t win against the hundred races with deep foundations.

“Tang Hao, come up and face your death!”

The darknorth Saint stood in the air and shouted.

On the warship, Tang Hao’s expression remained indifferent.

He rose into the air and glared coldly at the darknorth Saint. “You’ve been cultivating in there for so many years, and this is all you’ve improved?”

His tone was cold and had a hint of sarcasm.

“You ...” The darknorth Sage was enraged. “That’s all you’ve improved? You sure have big words! You still dare to be so arrogant now? With my current strength, I can easily defeat you. ”

He was so angry that he laughed. The hand that was holding the spear turned heavily, and a shocking divine light burst out from the spear.

OWW!

A deafening dragon roar!

An ice-blue Divine Dragon soared into the sky from the spear.

A bone-chilling cold spread out, as if it was going to freeze the entire void.

“This spear is called dark night. It’s a sacred weapon of the North deep!”

“Die!” He shouted as he charged forward with his divine spear.

Whoosh!

The spearlight broke through the air and let out a sharp whistling sound.

Wherever it went, the void would twist and tiny cracks would appear.

All the cultivators were shocked.

The power of this spear was too great. The darknorth Sage was a late-stage 6th tribulation expert and had comprehended three to four types of Dao laws. The divine spear in his hand was a 9th tribulation supreme weapon!

Such powerful strength and a top-notch divine weapon were enough to crush Tang Hao.

“That kid, what can he use to fight against him?”

Everyone could already predict the outcome of this battle.

“Hmph! This kid is going to lose!”

On the hundred clan warship, the clan elders were all overjoyed.

They looked at the kid, hoping to see his panic and shocked expression. However, to their surprise, the kid did not panic at all. He still had an indifferent expression.

There was even a trace of disdain in his expression.

“Woof! This kid is acting pretty calm!”

They sneered.

However, they felt that this kid was only pretending to be calm.

Tang Hao moved when the bullet was right in front of him.

His body trembled and suddenly, a shocking Buddha’s light burst out and shot into the sky. This Buddha’s light didn’t come from the cassock but from his skin. His skin turned white and crystal clear like jade. Within it, there were the sun and moon alternating and circulating.

Then, he draped the Kasaya over his body and the Buddhist light on his body grew again.

The dazzling light of Buddha was hundreds of thousands of feet high and covered the entire heaven and earth.

“Argh! It’s so eye-piercing!”

“This ... This is ...”

The cultivators all covered their eyes and cried out in shock.

This Buddha light was simply too dazzling. They had never seen such a powerful Buddha light before.

“That’s ...”

They could not see anything under the light of Buddha. They could only use their spiritual pupils and Dharma eyes to see through the light of Buddha and vaguely see the figure.

When they saw it clearly, they were shocked as if they were struck by lightning.

In the endless light of Buddha, there was a figure. He was wearing a Kasaya and his body was like jade. Divine light flowed around him and his precious appearance was solemn. It was as if the ancient Buddha was really in the world.

The majestic and dignified aura he exuded made their hearts tremble.

“This ... This ... How is this possible?”

The hundred clan warships burst out in exclamations, and the clan elders all paled in shock.

This grade was clearly the legendary Moonlight Treasure King body!

The ancient Supreme Buddha body!

However, how did he have this Buddha body? Shouldn’t that moon treasure light King Sutra be in the 33rd heaven?

“Heavens! It’s the moonlight Treasure King body!”

In the camp of the 33 heavens, there was also an uproar.

“So that’s how it is! The phenomenon that was triggered back then was for the sake of cultivating this Buddha body!”

They were even more enlightened.

Tang Hao clenched his right fist and punched out.

“Six paths to one!”

The most powerful move of the six divine fists was unleashed directly at the dark night divine spear.

In an instant, endless Buddhist light burst out again, causing everyone to exclaim again.

Bang! Bang!

A deafening explosion.

The fist force and the spear radiance collided with a loud bang and exploded into a boundless brilliance.

The power of Tang Hao's fist was unparalleled. It crushed his opponent's spear radiance and advanced layer by layer. In the end, his fist landed on the tip of the spear, and a loud clang was heard.

He used his physical body to fight against the Supreme weapon, but he did not lose at all.

The divine spear trembled and was sent flying. The darknorth saint's body trembled and he spat out a mouthful of blood.

His pale face was filled with shock and confusion.

He couldn't believe that he still lost!

He had cultivated for another sixty years, yet he still couldn't defeat this guy?

At this moment, all of his faith and determination collapsed.
