

## The Mightiest Little Peasant Chapter 2049

"I'm going to go into seclusion and start the blood solidification realm. I'm very familiar with the blood solidification realm and have studied it countless times. I think it should be successful. However, the blood solidification realm will take a long time. I'll hand over the sect's Affairs to Yun Qing. He's more mature."

Said Zao Huazi.

Then, he turned to look at Tang Hao and smiled. "I was going to give it to you, but I don't think you have the time to care about these mundane things."

Tang Hao smiled and nodded. "I'll be here for a few more days. I'll be leaving soon."

"Oh? So fast?"

Zao Huazi was a little surprised.

He had thought that after this trip to Tian Peng mountain, Master Tang would not be out for a long time.

This time, Master Tang's harvest was the greatest in the heavenly Peng mountain. He had obtained countless divine herbs and that immortal herb. It wouldn't be a problem for him to raise his cultivation level. He was afraid that it would be complete in a few days.

After reaching perfection, he would comprehend a few more Dao laws before attempting to condense.

And all of this could be done at the gate of fortune. There was no need to go out at all.

"I'm going back to the lower realm," Tang Hao said. "There's something I need to clarify."

"I see! Alright!" Creation master didn't ask any further.

Although he was the sect leader, he had an equal relationship with Master Tang. There were some things that he could not ask too much.

Besides, Master Tang had too many secrets. He couldn't get all of them.

"But you have to be careful!"

Then, as if he had thought of something, his expression changed slightly and turned grave.

"You mean ... Those seven tribulations?"

Tang Hao said.

"Right! When we came back, they followed us all the way, so it's obvious that they're coveting the treasures on you. I'm afraid they can't help but attack you!" Said Zao Huazi.

Tang Hao furrowed his brows.

He had been worried about this for a long time.

Then, he nodded. "I understand. I'll try my best to be careful and avoid the detection of those seven tribulations."

"You must be careful!"

Son of fortune warned.

After chatting with Zao huaizi for a while, Tang Hao took his leave and returned to his cave abode.

He opened the mobile immortal's cave and walked in.

"Eleven godly medicines!"

This was the number of godly medicines that had been produced in the medicine garden in just a few days.

"It's only been four days since I came back from Mount Tian Peng. 11 stalks in four days, that's pretty efficient!"

Tang Hao was very satisfied.

He had only used a portion of his celestial water to accelerate the growth of the divine medicine. The rest was used to accelerate the ripening of the divine fruit of creation.

As for the materials for the great supplement pill, he was not going to plant them. With the divine medicine, what was the point of working so hard to refine pills? besides, it was impossible to refine the great supplement pill with only spiritual medicine. He also had to catch a 6th tribulation fierce beast, which was quite troublesome.

Now, he didn't even have to worry about catching fierce beasts. He could just be a hands-off manager. Every day, he just had to send the celestial water he produced to that girl and let her work.

"Why do I feel like I'm oppressing child labor?"

Qin Xiangyi whispered to him. She couldn't bear to see him like this.

"What child labor? I've lived for tens of thousands of years. I'm clearly an old monster!" "Besides, she asked for it. I didn't force her," Tang Hao said seriously.

"Look at her. She's so fresh and cute. She's also a celestial medicine that everyone drools over. If she goes out, she'll be caught by seven tribulations old monsters and used to make elixirs. How pitiful!"

"We're doing a good deed by taking her in!"

“This ... Sounds like it!”

Qin Xiangyi thought about it and agreed with him.

Tang Hao sat down cross-legged after he left the cave abode. He took out all the divine herbs he had and began to consume them.

A day later, his cultivation had increased as he wished and reached the realm of perfection.

“There’s still quite a bit of divine medicine left. Give it to the second clone!”

Tang Hao summoned his second clone and gave him the rest of the divine medicine.

After absorbing these godly medicines, his second clone also had a breakthrough in its cultivation and advanced to the middle stage of the 6th tribulation.

“This clone ... Is still too weak. It can’t keep up with me and my first clone.”

Tang Hao’s brows furrowed when he saw the clone.

In reality, this avatar was not weak. As the Lotus body that was specially refined by the Yao clan, it was a rather famous body type among the avatars. However, it was indeed a little shabby when compared to his main body and his first avatar.

Not to mention the speed of his cultivation, his combat strength would be weakened by several times.

Back in the sea of blood, if it weren’t for the fact that this clone was so weak, he wouldn’t have given away that drop of Paragon’s blood to Liu heihu.

“However, it doesn’t seem like I’m losing out. I’ve given away a drop of blood for a divine halberd, and I’ve also sowed discord between the Liu Clan and the hundred clans. This is a good deal!”

Tang Hao mumbled as he rubbed his chin.

He didn’t think much about it when he gave Liu heihu his blood. He just thought Liu heihu was more pleasing to the eye. He didn’t expect that Liu heihu would indirectly give him a great fortune.

“Brother Liu is indeed My Lucky Star!”

Tang Hao took out the divine halberd, touched it, and grinned.

After carefully appreciating the divine halberd, he reluctantly put it away and once again considered the matter of his second clone.

“Forget it, let’s just leave it at that! I can’t get that Divine Lotus body, and I can’t make a better clone for the time being. I can only use it for now, and when I have a better one in the future, I’ll replace this Lotus body. ”

Tang Hao was helpless.

After all, a divine item like the heaven and earth origin embryo was something that could only be encountered by luck.

After a while, he got up and went out of the cave to see Zao Huazi. Then, he went to see the elders of the later stage of the seventh tribulation.

The first person he met was Daoist yinfeng.

Daoist yinfeng had already reached the great circle of the blood solidification realm. He would probably be able to attempt the blood solidification realm soon. Therefore, he had to give him a few drops of Emperor blood first.

Ji hai, fairy yunrong, Taoist qianqiu, and the others would probably have a breakthrough soon. He had to give them a few drops of Emperor blood so that they could try blood solidification as soon as possible to pave the way for breaking through to the seventh tribulation.

After obtaining the sovereign bloodline, all the elders were extremely grateful.

“It doesn’t matter. It’s just a few drops of Emperor blood. As long as you cultivate peacefully and contribute to the gate of fortune, there will be more treasures in the future!” “I’m going to be away for a while,” Tang Hao said. “You must cultivate and guide your disciples.”

“Yes! My Lord!”

The group of elders responded respectfully.

“Let’s go!”

Tang Hao’s body turned into a beam of divine light and shot into the sky.

As soon as he left the mountain Gate, he rushed directly into the sky, towards Emperor Pan City.

In order to avoid those seven tribulations, he had to borrow li gongzi’s power.

When he arrived at Emperor Pan City, Master Li was already waiting for him. He took out the boat and sped away after Tang Hao boarded.

During this time, they traveled through the void and circled around Pangu’s wastelands before finally arriving at the ancient wilderness.

“This ... Is where the passage to the lower realm is located.”

Tang Hao did not avoid her and brought her to the passageway.
