

## The Mightiest Little Peasant Chapter 2067

"I've heard of this spirit Treasure Gathering before!"

When they returned to the gate of fortune, Tang Hao heard Yun qingzi talk about the event.

"This grand event is held once every hundred years. The world's big families, big sects, and some weak clans are all invited. They are not included in the Ling Bao Tian's invitation. Not only the forces, but some individuals will also be invited."

"Some famous seventh tribulation experts, alchemy experts, blacksmithing experts, and formation experts, as well as some young geniuses, are all on the list of invited."

Yun qingzi introduced.

"The gate of fortune is not qualified to be invited yet. But you are different. You are still the number one genius. Ling Bao Tian will definitely invite you!"

"It can be said that every time there is such a grand event, all the famous forces and people in Pangu world will gather in the spirit treasure heaven to participate in it."

Tang Hao was confused." "With so many people, can the treasure basin be used?"

Yun qingzi smiled and said, "you don't have to worry about that. We'll definitely be able to use it all. Actually, this treasure basin is a bit like the great void divine wheel. You have to pay a high price to activate it, but it can be used by many people."

"This treasure basin opens once every hundred years. Every time it opens, it will last for several days. During this time, anyone can use the treasure basin."

"I see!"

Tang Hao had a look of realization.

"Is this Treasure Gathering basin really as magical as the rumors say? it can attract ownerless treasures and make them fall into the basin?" Tang Hao asked again.

"That's right! It was just that magical! As long as it's an ownerless treasure, no matter where it falls, it can be sensed by the treasure Gathering basin and drawn over to fall into the basin. This is also called falling treasure. "

Yun qingzi said, stroking his beard.

Although he had never been to one, he had heard a lot about it, so he was quite familiar with it.

"Of course, not all treasures can be found. This is also the fate of the person who sees the treasure, as well as the karma he bears."

“Karma?”

Tang Hao was surprised.

Yun qingzi nodded and said, “this treasure basin contains the Dao of cause and effect!” What kind of treasure you get depends on your luck and your karma. ”

“The great Dao of karma is the most mysterious. The cycle of karma is everywhere, but it’s also illusory and hard to grasp. It’s even harder to grasp than Samsara, void, or time.”

“Since ancient times, the number of people who have cultivated this great Dao can be counted on one hand.”

“This treasure basin is so magical. It has a lot to do with the way of karma. Furthermore, it is precisely because this is a karma treasure that Ling Baotian invited all the powers in the world and all the famous people to participate in this event.”

“Everyone bears different karma, and the treasures that fall on them are different.”

“Of course, the reason why the spirit treasure heaven did this is to befriend the various clans and famous people in the world and form good relations. You must know that in the 33 heavens, Ling Bao heaven is the most practical and the best at doing business. ”

Tang Hao nodded.

He was even more shocked. This Treasure Gathering basin was the first karma treasure he had heard of.

“I can’t wait to see it!”

Tang Hao’s face was filled with anticipation.

“I’m also looking forward to it. I wonder what kind of treasure you’ll get with your luck and karma!”

Yun qingzi smiled. “However, it’s not convenient for me to go. Firstly, this invitation is for you. Secondly, I have to deal with the sect’s Affairs and can’t leave. You can take Fuyun or cloudbillow and the others to see it!”

“You don’t have to worry about your safety. In the spirit treasure heaven, no one would dare to make a move!”

“Alright!”

Tang Hao nodded.

The two of them chatted for a while longer. Tang Hao took the invitation card and went to meet Fu Yunzi, Yun Lanzi, and the others.

When they heard that they were going to the spirit treasure heaven to participate in the Grand meeting, they were all a little excited and immediately agreed.

As the news spread, the four mud Mountain Brothers could not hold back and began to beg to go.

In the end, Tang Hao took dozens of people with him and boarded the warship, heading toward thirty-three heavens.

“Let’s go to Emperor Pan City first. When we get there, there will be an emissary of spirit treasure heaven to guide us to spirit treasure heaven.”

Tang Hao maneuvered the warship toward Emperor Pan City.

When they were about to reach panhuang city, they saw many streams of light in all directions. There were also large ships, all heading towards panhuang city. Obviously, they were also here to participate in the spiritual treasure Gathering.

“So many people!”

“That’s the Lin clan, that’s the Xiao clan ... And that’s the Han clan! Hey! Look, isn’t that the Yao clan’s ship? Enemies really meet on a narrow road!”

The four mud Mountain Brothers pointed at the warships and discussed.

Tang Hao was surprised when he heard the name ‘han clan’. He looked over.

His eyes swept across the deck, but he didn’t see the familiar figure.

He was a little disappointed. He was stunned for a moment before he retracted his gaze and looked at the Yao clan.

The Yao clan’s battleship had arrived even earlier. Above them, they were about to reach Emperor Pan City.

While they were observing the battleships, the people on the battleships noticed them too. From time to time, they would cry out in alarm.

“It’s that Tang guy!”

“He’s here!”

Countless gazes were cast over from the ships, some with hatred, some with respect, all sorts of gazes.

“It’s been almost two years since the battle on heavenly Peng mountain! In the past two years, there has been no movement from this kid at all. I’m afraid he’s in closed-door cultivation to comprehend Dao. I don’t know how many Dao he has comprehended!”

“This time, all the powers in the world have gathered. The hundred races have come. The Holy Sons and young master Taixu will also come. I wonder who will have better luck and obtain better treasures.”

They were all discussing.

The young geniuses would be invited to every spirit Treasure Gathering, and their performance would be the most watched.

The ship soon arrived at Emperor Pan City.

The ships that arrived would stop in front of the city gate for a while. Someone would guide the ships to fly back to the spirit treasure heaven.

When Tang Hao’s group arrived, the Yao clan’s warship had also boarded.

“It’s that little devil!”

“Motherf \* cker! Why did the spirit treasure heaven invite him too!”

In panhuang city, many cultivators of the thirty-three heavens looked toward the ship. When they saw Tang Hao, their expressions were very interesting.

“What? The spirit treasure heaven has invited that little devil?”

“The little devil is here again?”

The news spread and shocked the entire city.

Even more xiuzhe flew out from the city and pointed in their direction.

“My ... My Lord, what are you doing? Why do they hate you so much?”

The four mud Mountain Brothers felt their scalps go numb.

The gazes of these thirty-three heavens “xiuzhe were like knives and swords, filled with killing intent.

“Nothing much! I only robbed them of some things!” Tang Hao was calm.

“Did you just steal a few things?”

The elders all smiled bitterly.

If it was just a small thing, why would the people of the 33 heavens be so resentful?

However, seeing that these xiuzhe didn’t attack, they released a breath.

After waiting for a while, an emissary from Ling Baotian came forward and guided them to fly up.
