

The Mightiest Little Peasant Chapter 2079

After the figure disappeared, the square was in an uproar.

All of them had excited expressions on their faces. They had just seen a living Supreme martial artist with their own eyes!

“I really didn’t expect that there would be a living Supreme martial artist in this world!”

“This is unbelievable!”

Everyone couldn’t help but exclaim.

“The celestial Prime who died in the reincarnation Lake has a great background. She was very famous in the ancient times. Since this person is related to her, we can definitely find out her identity!”

Some people also began to discuss the identity of this Supreme martial artist.

Of course, the people of the hundred races did not look too good. Just because of a few jeers, they had lost over twenty elders at the 6th tribulation, including a few at the peak of the 6th tribulation.

In every clan, 6th tribulation is the absolute mainstay, especially those who have completed 6th tribulation. There are not many of them in each clan. This time, they have suffered a huge loss!

They didn’t dare to hate that Supreme martial artist, so they naturally shifted their hatred onto Tang Hao. They looked at Tang Hao with eyes that were about to spit fire.

It was all this kid’s fault that they lost so many elders.

Moreover, they were even more jealous of this kid’s luck. Not to mention the pair of heaven’s eyes, just the four drops of Supreme blood essence were priceless treasures.

The crowd discussed for a while and speculated about the Supreme martial artist’s identity. Then, they turned their attention to Tang Hao.

“Tsk tsk! Four drops of Supreme blood essence! This kid’s luck is too good!”

“And that pair of heavenly eyes. I don’t know what kind of magical abilities they have, but since they were taken out by a Supreme martial artist, I think they must be very extraordinary!”

They were all extremely envious, and even more so, they developed an intense curiosity towards that pair of heavenly eyes.

That Supreme martial artist had said that this eye was profound and mysterious, so it was definitely a valuable treasure. Its value was not inferior to a Supreme martial artist weapon.

“Damn it, this bastard, why is his luck better than mine again!”

In the crowd, Liu heihu looked depressed.

Looking at his own broken crystal, and then looking at the other person, he felt a little unbalanced in his heart. Why could the other person attract a living Supreme martial artist who could pick treasures at will, while he could only pick a broken crystal, and who knew what was lying inside!

If it was an old devil, he would have to pay with his life.

“I’m so angry!”

He mumbled angrily.

“This pair of heavenly eyes ... I don’t know what function they have.”

Young master Taixu frowned, and his expression turned grave.

Although he had obtained a Supreme Being ring, he had not refined it yet. He did not know what treasures were inside, but he guessed that it would not be better than this guy ‘s, especially the pair of mysterious heavenly eyes, which made him a little worried.

His intuition told him that this eye was no small matter and would pose a great threat to him.

The people of the hundred races were also worried.

This brat already had a pair of heavenly demon eyes, which were extremely demonic, and they would need to spend a lot of energy to restrain him. Now that he had another pair of Supreme level heavenly eyes, they could not help but worry.

Tang Hao was still trying to get used to the heavenly eyes. He glanced around from time to time. After a while, he retracted his gaze and smiled with satisfaction.

“Little friend Tang! Congratulations!”

Numinous treasure path master laughed heartily.

“I still have to thank you, Dao master, and the 33 heavens!” Tang Hao returned the greeting and smiled.

“What are you saying! It’s also your own good fortune to have this kind of encounter!” Numinous treasure Dao master laughed.

He kept looking at Tang Hao’s eyes. He was curious, but he did not ask.

Tang Hao bowed and thanked him again, then turned around and returned to his seat.

“Congratulations, fellow Daoist Tang, for obtaining such a pair of precious eyes!”

“Congratulations!”

Yu Shimin and Li Gongzi both congratulated him.

They didn't ask much, and Tang Hao didn't disclose anything. The function of the heavenly eyes was his biggest secret. He couldn't disclose it no matter how good his relationship with Master Li was.

The square was in an uproar for a while, and the ceremony continued.

The cultivators took turns to approach, and from time to time, treasures of all kinds appeared. Occasionally, there would be an Emperor artifact or ancient pill, causing a small commotion.

The ceremony lasted for four days before it ended.

The crowd began to disperse. Those who were lucky were all in a jubilant mood, while those who didn't get any good treasures all had dark faces and walked especially fast.

The Hundred Clan Alliance had left as soon as the meeting was over.

"Brother Tang, congratulations!"

After Tang Hao stood up, many young masters of the thirty-three heavens came up to him to congratulate him and chat with him. They seemed to have the intention of roping him in.

In their eyes, this person had a bright future. Not only was he talented, but he also had an extraordinary background. Previously, he had the blood Emperor's support. Now, he had a relationship with a living Supreme. It was worth it for them to take the initiative to make friends with him and win him over.

As for the enmity between him and the hundred tribes and even the great void heaven, they did not care at all. As part of the 33 heavens, they did not fear the great void heaven, much less the hundred Tribe Alliance.

Tang Hao did not reject their kindness. He had too many enemies now and needed to be on good terms with these orthodoxies.

In the end, Tang Hao bade farewell to the spirit treasure sect's master and left the spirit treasure heaven with a group of elders.

"Take care, Daoist Tang! I hope that the next time we meet, we will be of the same generation!"

Yu Shixuan bade his farewells and left with his clansmen.

"I have to go too. I think I'll be condensing my blood soon and will be in seclusion for a long time. When I come out, I'll come to find you! Take care!"

Li Gongzi smiled at Tang Hao, said goodbye, and left.

"I'm afraid this farewell will be a long time!"

Tang Hao sighed. He was a little disappointed.

“Let’s go!”

He called out to Fu Yunzi.

Fu Yunzi immediately responded and operated the great ship, flying down.

Tang Hao stood at the bow of the ship and blinked. His eyes glowed with a dazzling golden light. When he looked ahead, he could see through endless space and see the situation hundreds of millions of miles away.

As the golden light brightened, his vision continued to increase and he could see further.

The situation hundreds of millions of miles away could be seen clearly.

“What a good pair of heavenly eyes!”

“Amazing!” Tang Hao exclaimed after he looked around.

In the past, he had cultivated clairvoyance and clairauidence, which allowed him to see far into the distance. There were many eye techniques in the world that had this function, which could increase one’s vision by many times. Most cultivators could do it.

However, this pair of heavenly eyes was different. It could increase one’s vision by a thousand times or even ten thousand times, which was completely incomparable to those eye techniques.

Apart from improving his eyesight, this pair of heavenly eyes could also see through illusions and the void.

However, these were not its most powerful functions. These were all small supplementary functions.

He took a light breath and blinked his eyes again. A golden light appeared in his eyes again.

Following that, he scanned the void in all directions. After a while, he stopped and looked at a certain spot in the sky. In that direction, he saw a huge flying ship with the mark of the great void heaven.

His gaze was fixed on the figure at the bow of the ship.

This figure was young master Taixu!
