

The Mightiest Little Peasant Chapter 2080

“Hmph! I didn’t expect that guy to be so lucky!”

At the bow of the ship, young master Taixu stood with his hands behind his back, his face ashen.

In this time’s treasure falling ceremony, he had once again been outdone by that surnamed Tang. He had only obtained a Supreme martial artist ring, while that fellow had attracted a living Supreme martial artist. There was simply no way to compare.

When the news spread, the world would only talk about that guy and not him.

“This kid ... Is indeed a little demonic!”

Behind him, an elder of the great void heaven smiled bitterly.

Who would’ve thought that an ordinary string of bells would be a Supreme artifact from ancient times! Moreover, he had even attracted a living Supreme martial artist!

“I’m afraid there are thousands of karma on that kid’s body, but that treasure basin just had to pick this one. I have to say, his luck is really demonic!”

“This fall is truly unbelievable!”

All the elders sighed with emotion.

“However, young master, you don’t have to be angry. This time, your harvest is not small. It’s a Supreme Being’s remains ring. There must be many good things inside. You might not lose to that kid.”

“I know that, but I still can’t take this lying down!”

Young master Taixu said angrily.

Ever since he had met this fellow, he had never been able to gain an advantage. During the creation ceremony, his clone had been defeated and had to flee in a sorry state. During the battle at the ancient deity plateau, he had suffered a crushing defeat and was laughed at by the world.

The title of the number one genius had also been taken away by this guy.

He had also lost the king Roc divine halberd in the heavenly ROC mountain. And this time, he had also lost ...

He had never won, and what made him even more annoyed was that li gongzi favored that guy.

Why? What was so good about that guy? wasn’t he just a barbarian from the lower realm? No matter how talented he was, even if he could be compared to the eldest young masters, he was still a barbarian of the lower realm.

How could such a lowly status be mentioned in the same breath as their 33 heavenly young masters!

He was the great young master of the great void heaven, which part of him was not better than that fellow!

He clenched his fists tightly as the fire of jealousy burned in his heart. His handsome face revealed a ferocious expression.

“If I had known, I would have killed him at the entrance of the heavenly Peng mountain!”

He said hatefully, his eyes filled with killing intent.

At that time, he had just come out of the great void divine wheel. With the additional 60 years of cultivation, he was far ahead of that fellow. However, at that time, he did not bother to make a move. He felt that the group of Holy Sons were strong enough to kill him.

However, he had never expected that the group of Holy Sons would be so useless. What was even more unexpected was that this fellow had actually obtained the king Roc divine halberd on the sky ROC mountain, and his strength had soared.

It had been more than two years since the battle on Tian Peng mountain, and he was still at the same spot. However, that fellow’s strength had improved by leaps and bounds, and he was about to catch up with him.

If he were to fight again now, he did not have the confidence to win.

“It’s indeed a pity!”

“That kid has obtained countless divine herbs and a divine herb from the heavenly ROC mountain. His cultivation has long reached perfection. In the past two years, he must have comprehended several Dao laws. With the Supreme Suan ni and the king Roc divine halberd, he won’t be easy to deal with!”

All the elders had looks of regret on their faces.

At the same time, they were also a little shocked. That kid’s growth speed was too terrifying!

Their young master had entered the great void divine wheel and had an additional sixty years to grow so quickly. As for that kid, he did not have any time treasure at all and only spent two years to catch up.

“Actually, young master still has some advantages now. The Dao laws that you have comprehended are definitely one or two more than that kid’s. In terms of preparation for the blood solidification realm, you are also far ahead of him!”

“That’s right! We’ve already gathered six of the nine types of Supreme blood required. We just need to find three more. As long as we can gather all nine types of Supreme blood, we can refine the Supreme no beginning immortal blood!”

“This immortal blood of no beginning is the Supreme blood solidification method created by no beginning immortal venerable, the head of the 100 ancient Immortals. Once it’s refined, it’s extremely powerful. One blood can contain nine divine powers. It’s also because of this method that no beginning immortal venerable could be unrivaled in the world and become the head of 100 Immortals.”

The group of elders said.

Speaking of the immortal blood of no beginning, they all showed their respect.

No beginning immortal venerable was a great figure in ancient times, the head of the hundred Immortals, and the blood solidification method he created was also the best in the world.

This technique had been in the hands of the great void heaven for many years, but because it was too difficult to cultivate, no one had ever cultivated it. Only the young master of this generation, who was extremely talented, dared to try it.

“As long as I refine this blood, crushing that brat will be as easy as flipping my hand!”

“Hahaha! That’s for sure. It’s the immortal blood of no beginning. That kid seems to be preparing to refine some special immortal blood that needs Buddha blood and God blood. But no matter what kind of blood he’s refining, it can’t be compared with the immortal blood of no beginning.”

“I think that kid won’t be able to refine it. There’s no more Buddha blood in this world, but there might still be God spirit blood.”

The group of great void heaven elders laughed.

Young master Taixu’s expression softened a little when he heard this, and he revealed a proud look.

His immortal blood of no beginning was definitely the best in the world. As long as he could successfully cultivate it, it would be easy to defeat that guy.

In the past two years, he had already gathered six kinds of blood. He only needed to find three more to refine it. He would definitely be faster than that guy. When he successfully refined this blood and advanced to the seventh tribulation, it would be the time of death for that guy.

“Tang kid! Just you wait!”

He snorted coldly.

“Young master, let’s take a look at this ring!” An elder warned.

“Alright!”

Young master Taixu replied. He took out the ring and began to refine it. Soon after, he opened the ring.

In an instant, endless treasure light burst out from the ring.

“So many treasures!”

Young master Taixu peeked inside and was stunned.

“They’re all top-grade immortal crystals, and there’s also a lot of divine herbs and materials ...”

Even with his experience, he was a little speechless at this moment.

There was a boundless space in the ring, and he couldn’t see the end at all. In this space, there were countless treasures, and the treasure light was everywhere, dazzling his eyes.

There were countless immortal crystals, divine medicines, divine materials, tribulation weapons, and so on.

“Eh? There’s even blood essence inside, hahaha! That’s great! This was the Supreme blood of a Supreme Being, the blood essence of the ancient spiritual ape! With this blood, I have seven types of blood, two left!”

Young master Taixu laughed out loud.

When the group of elders heard this, they were also overjoyed and laughed out loud.

“The heavens are really helping me!”

After a long time, young master Taixu’s spiritual mind finally left the ring.

He was so excited that his entire body was trembling.

There were too many treasures in the ring, so many that it was hard to imagine. The blood essence of the ancient spiritual ape was the most useful to him. Next, there was a supreme weapon, an armor, which could be used by his divine demon vital embryo.

There were also many divine materials that could be used to forge an immortal estate.

He could not use the other treasures for the time being, but he still had many disciples in the great void heaven who could use them.

“This should be immortal execution king’s ring. I’ve once obtained a treasure left behind by immortal execution King when he was young. We’ve tied karma, and this time, I’ve obtained his treasure.”

Young master Taixu said.

“It’s the immortal execution king ring! He was also an ancient expert! One of the hundred Immortals!”

The elders exclaimed.

They were also extremely excited. There were so many treasures in this ring. To their great void heaven, it was a huge fortune. It could make their Foundation even stronger.

“Hahaha! I really didn’t expect this! There are so many treasures in this ring, and coincidentally, we also found a type of Supreme blood. In comparison, that kid’s gains are nothing. It’s just a few drops of blood essence and a pair of spiritual eyes!”

“It is! I don’t think that pair of heavenly eyes is of much use. How can they compare to our young master’s gains?”

They laughed out loud, and when they talked about that kid, their faces were full of mockery.

Young master Taixu’s expression changed as he recalled the pair of heavenly eyes. Back then, the pair of heavenly eyes had given him a very uneasy feeling.

However, after thinking about it carefully, it didn’t seem to be a big deal. It was just a pair of spiritual eyes. How powerful could it be? as long as he could find the nine kinds of blood and refine the immortal blood of no beginning, he naturally wouldn’t be afraid.

“Hmph! What’s there to be afraid of? it’s just a pair of broken spirit eyes!”

He snorted lightly and revealed a disdainful expression.

As he spoke, the ship carried them into the gate of the great void heaven and into the ripples in the void.

Meanwhile, on the warship of fortune ten thousand miles away, Tang Hao retracted his gaze. He smiled and mumbled, “This pair of heavenly eyes is really magical!”
