

The Mightiest Little Peasant Chapter 2085

As they laughed, the group from great void heaven landed on the island.

They sat in the restaurant for a while and then returned to the cave.

Tang Hao finally retracted his gaze.

He sat in the cave abode with a thoughtful expression.

From the conversation just now, he didn't get much information. He only knew the origin of the descendants of the gods, but he didn't know how strong they were or if they had the God's blood.

More importantly, where was this race located?

At present, he was not clear about all of this, and these people did not seem to know that it was the Fusang people who took the initiative to find them.

"That group of Fusang people seemed to have something to discuss with the people of great void heaven. They said that they would meet here on the island of the immortals. I don't know why, but I will wait for them to meet first. I will talk about it after I understand the situation."

Tang Hao quickly came up with a plan.

Very quickly, three days had passed.

He had been monitoring the group of people from the great void heaven. In these three days, they had stayed in the cave dwelling and did not come out.

At noon, they finally left the house. Young master ye led them to the largest restaurant in the market.

They entered a hidden private room and waited.

Not long after, on the side of the island of the immortals, a group of five people came. They were all wrapped in black robes and covered their faces, so that people could not see their faces clearly.

They were very cautious. After arriving on the island, they looked around, then hurried to the restaurant and entered the private room.

"Young master ye!"

The five of them took off their black robes and revealed their faces.

The person in the lead was a young man with a thin figure and a feminine face. His pair of long and narrow eyes were like those of a snake, and as he looked around, there was a bit of fierceness and viciousness.

Behind him, there were four middle-aged men. They all stood behind him with extremely respectful expressions.

It was obvious that this young man's identity was not ordinary.

"Who is this?"

Young master ye stood up and asked.

A man behind the feminine-looking young man said,""This is the divine Son of our Fusang clan, the future master of Fusang!"

"Oh?"

Young master ye was slightly surprised. He carefully sized up the feminine-looking young man.

The divine Son of the Fusang tribe was probably of the same status as the eldest young master of the great void sect. This status was not ordinary!

"So you're the Divine Child. I've been disrespectful!"

He bowed,"I am ye, one of the great void heaven true inheritances."

"We pay our respects to young master ye!"

The Fusang Divine Son nodded slightly, but his expression was filled with pride.

He was the divine Son of a race, while this person was only a core disciple. The two of them were not on the same level.

Young master ye's brows furrowed. He was slightly unhappy, but he didn't care too much about it. He sat down and said,"I wonder why the Fusang people took the initiative to find us?"

The Fusang Divine Son sat down with four men standing behind him.

"Don't you want the God's spiritual blood? My Fusang tribe does have a few drops left behind by our ancestors." The Fusang Divine Son said.

Young master ye and the others were overjoyed when they heard this.

Once they confirmed that there was God spiritual blood, their mission would be completed. When they returned to the great void heaven, they would be able to receive a generous reward.

"But ..." The Fusang Divine son's tone changed."I can't give you this blood so easily. It's the only few drops of blood essence left in my clan. Even my Fusang clan doesn't dare to use it so easily, let alone give it to you."

Young master ye merely laughed when he heard this.

Divine Child, what conditions do you have? just say it. With the foundation of the great void heaven, is there anything that can't be satisfied?

He said forthrightly.

"Hahaha!" Fusang Divine Son laughed out loud,"it seems that young master ye is also a smart person. I'll be Frank then. I've come to find you this time to cooperate with you on a big matter. "

As he said that, the Fusang Divine Son lowered his voice.

"After it's done, I'll give you the God's spiritual blood. In addition, I can also give you many treasures."

Young master ye's expression did not change as he said,"tell me about it first!"

The Son of God pondered for a moment."Actually, I'm not the only Son of God in the Fusang clan. There's another goddess who has a chance to become the master of Fusang. She also has a chance."

Hearing this, young master ye let out an "Oh" and revealed a look of realization.

He had already vaguely guessed what this Divine Child was going to do. It was no wonder that he would be so sneaky and come looking for them, a group of outsiders.

At the mention of the goddess, the Son of God's face twitched and revealed a ferocious look. His eyes were filled with hatred.

"In the history of the Fusang clan, there has always been a Divine Son and a divine lady. The previous divine lady's talent was far inferior to mine and could not threaten my position at all. However, the current divine lady is unusually powerful. She has fought with me repeatedly and is not at a disadvantage at all."

"Now, many elders in our Fusang clan have started to support her ..."

The Fusang Divine Son said hatefully.

"I understand what you mean, Son of God," Young master ye laughed profoundly,"you wish to borrow the power of the great void heaven to get rid of this goddess, right?"

"That's right!"

"No!" The Son of God said ferociously."I'm going to cripple her and imprison this B * tch. I'll make her my plaything! You will be humiliated by me for all eternity!"

As he spoke, he licked his lips and revealed a lecherous expression.

"Hahaha! It seems that this goddess is quite pretty!" Young master ye laughed.

“She’s indeed a stunner! I don’t know how many people in the clan have fallen head over heels for her. If young master ye were to see her, I’m afraid you wouldn’t be able to resist it.” The Son of God said.

“Oh? Is that so? Then I’d really like to see it for myself!” Young master ye asked in surprise.

“There’s no rush. You’ll be able to see her when the time comes. If young master ye likes her, I can lend her to you for a period of time and let you play with her as you wish!” The divine Son laughed.

“Hahaha! The Son of God is interesting!”

Young master ye laughed out loud.

“However, she’s a goddess after all. She won’t be easy to deal with!”

He was still very clear-headed. No matter how weak the Fusang clan was, they were still a clan of descendants of gods. There must be many experts in the clan. It would not be an easy task to deal with their goddess in the Fusang clan.

If they were exposed, the consequences would be quite serious.

“You don’t have to worry about that. I’ve already planned everything. Not long from now, the divine world of our Fusang clan will be opened. This divine world is the land of inheritance of our Fusang clan. Every time it opens, the clan will send divine sons and divine daughters to enter and undergo a test to determine the future inheritor.”

“This test is very dangerous. Many divine sons and daughters have fallen in it. This is the best time for me to take action. Even if she dies in there, no one will look into it.”

“Even if there are people who are suspicious, when I come out, I will be the young master of Fu sang, the future master of Fu sang. Who would still dare to question me?”

The Fusang Divine Son said in a deep voice.

As he spoke, his long and narrow eyes flashed with a sinister look.
