

The Mightiest Little Peasant Chapter 2114

“According to the ruler of Emperor Xi, he is here!”

A large ship landed on the North Sea.

On the ship, many figures were standing, they were people from the great void heaven.

They turned around and looked around. There was nothing here, not even an Island, let alone a human figure.

“Could it be at the bottom of the sea?”

An elder said.

“It’s possible!” Xu Heng nodded and said, “it’s also possible that he’s still far away. The Emperor Xi ruler only calculated a rough location, so there might be some deviations. The only thing we can be sure of is that the kid is in this Sea area.”

“Search! We must find him!”

Young master Taixu shouted coldly.

“Yes! Young master!”

The group of elders responded and all rose up, sweeping in all directions and beginning to search.

There were even a few elders who dove into the sea to investigate.

“That kid ... Can’t run!”

On the ship, elder Xu Heng scanned the surroundings and sneered.

Young master Taixu also sneered. Now that he had completed the immortal blood of no beginning, he no longer took that guy seriously. As long as he found him, killing him would be a piece of cake.

After waiting on the ship for a while, he couldn’t wait any longer. He also flew up and used his spiritual eye to search.

“Young master! It’s here!”

Suddenly, a loud shout came from the distance.

An elder seemed to have discovered something and shouted.

Young master Taixu and the elders of the four directions all flew in that direction.

“Young master, look, there’s something strange about this place!”

The elder pointed at the empty sea in front of them.

“There’s something strange!”

The group of elders focused their eyes and looked carefully, and all discovered the abnormality. Although this sea surface was empty, if they sensed carefully, they could discover traces of extremely weak array aura.

If it weren’t for their profound cultivation, they wouldn’t have been able to sense this aura at all.

“It can’t be wrong! It’s here! That brat must be cultivating in seclusion inside and using a formation to hide the entire Island!” Xu Heng said decisively.

“So you were hiding here! Let’s see where you can run to this time!”

Young master Taixu stared at the sea in front of him and sneered.

Then, he took a deep breath and almost couldn’t suppress the excitement in his heart.

“Do it! Blast it open!”

He shouted out, somewhat impatient.

“Yes!”

The group of elders responded and were about to attack to break the formation and reveal the island.

However, at this moment, the void in front of them suddenly rippled, and then an Island appeared out of thin air.

“This is ...?”

Everyone from the great void heaven was stunned and somewhat dumbfounded.

They hadn’t even made a move yet, so why did the island reveal itself?

“There’s someone!”

“It’s that kid!”

Then, they looked around the island and exclaimed.

In the center of the deserted island, a figure was stepping up, rising into the sky step by step, walking towards them. It was a handsome young man, dressed in white clothes that were whiter than snow, his posture was straight and upright, like a sword.

His jet-black hair was like a waterfall, flowing with the wind. It complemented his handsome face, making him look more ethereal.

He walked over step by step, his expression calm.

That pair of warm eyes swept across everyone from the great void heaven. They were not shocked, but instead, they contained a smile.

“There’s no need to trouble you, I’ll come out myself!”

He chuckled.

Seeing this, everyone from the great void heaven was even more stunned.

What was going on?

Why wasn’t this kid afraid at all when he saw them? instead, he looked so calm?

“I think he’s bluffing! You want to scare us?”

An elder said coldly.

“That’s right!”

All the elders chimed in.

They also felt that with his cunning, he must be bluffing.

“Surnamed Tang, you’re quite bold. Not only did you not run away, but you even walked out by yourself!” Elder Xu Heng sneered.

“Why should I run?”

Tang Hao looked at him and smiled.

Elder Xu Heng snorted in anger, “Brat, don’t think that we can’t do anything to you. Let’s see where you can run to today!”

Then, he narrowed his eyes and sized Tang Hao up.

“This aura ... He’s not at the peak of the 6th tribulation. He must have condensed immortal blood. He’s half a step to the 7th tribulation. It’s been three years. With his talent, three years would be enough to condense ordinary immortal blood.”

He thought to himself.

Then, the corner of his mouth twitched and a contemptuous look appeared on his face.

Just as he had expected, this kid had refined ordinary immortal blood!

In his eyes, this ordinary blood was no different from trash. How could it be a match for the immortal blood of no beginning? The eldest young master had defeated him without any effort at all!

Ye Xi was a little troublesome. This thing was different from ordinary void armor. Even if a formation was set up to seal the void, it would be difficult to trap it.

However, with so many of them here, even if this kid had ye Xi in his hands, he still wouldn't be able to escape from their palms.

"I don't need to run!"

Tang Hao said coldly.

As he spoke, he was already high up in the sky. He stood with his hands behind his back, facing the cultivators of the great void heaven.

"Hahaha! No need to escape? What a big tone!"

Hearing this, the cultivators of the great void heaven all laughed.

Young master Taixu sneered as well, and a hint of pity could be seen in his eyes.

This guy probably didn't know that he had already refined the immortal blood of no beginning!

If he knew, he would not have had the time to run. How would he dare to be so arrogant!

"Brat, open your dog eyes wide and see what cultivation level the young master has now! He had successfully condensed blood! Do you know what kind of blood he cultivates? I'm afraid you'll be scared to death if I tell you!"

An elder shouted.

"I know!"

"I'm fine," Tang Hao said indifferently. His expression was still calm.

"Since you already know, why are you still so arrogant?"

The elder sneered.

The more he thought about it, the more he felt that the kid was bluffing. He looked calm on the outside, but in reality, he was already panicking.

"It's just the immortal blood of no beginning!"

Tang Hao chuckled and took a few steps forward. "I've always heard that the immortal blood of no beginning is the best blood in the world. Today, I'll see if the immortal blood of no beginning or my blood of chaos is more powerful!"

"Blood of chaos?"

"What's this? How come I've never heard of it?"

Everyone from the great void heaven was stunned when they heard this.

This was the first time they had heard of the blood of chaos.

"Hmph! I don't care what kind of blood you have, it can't be compared to My Immortal blood without beginning!" Young master Taixu roared in anger. His body shook, and his aura exploded. A shocking battle intent mixed with killing intent rose from his body.

Then, he raised his hand. A blood light flashed in his palm, and a drop of golden blood came out. It turned into the shape of a water drop and floated in his palm.

As soon as the drop of blood appeared, the world around them changed drastically.

Dark clouds rolled, and a strong wind suddenly rose.

In an instant, the color of the world changed, and the day turned into night.

In this vast night, only that drop of blood was emitting a dazzling golden light, illuminating the entire world.

OWW! Buzzzzzz!

Then, a deafening cry and roar spread out.

The images of ancient beasts appeared around the drop of blood, roaring and releasing a shocking divine might.
